Baseball Star Given Farewell Surprise Party

"Jimmy" Murphy To Leave
Soon for Villanova

At the home of Miss Margaret L. Murphy, 213 Pearl street, Newton, on last Sunday evening a farewell surprise party was tendered to James "Jimmy" Murphy, former all Catholic League pitcher and captain and star twirler for the past two seasons of the championship Our Lady's High nine to wish him bon voyage on his departure for Villanova College. Murphy was an honor student at Our Lady's and ended a brilliant high school baseball career upon his graduation last June.

About sixty guests were present and former Our Lady's athletes and classmates were in the gathering. He was presented by the hostess, Miss Murphy, on behalf of the guests with a morocco traveling bag and a purse of gold.

The home of Miss Murphy was beautifully decorated with burnt orange streamers and banners and with tall-man roses.

A well arranged entertainment was provided by the Our Lady's High School Glee Club quartet, Jim McLaughlin, Leo Cannon, Jim Conroy and John Joyce who rendered several vocal selections accompanied by the string trio, Anthony Lombardi, Russell Lane and Leonard Cummings. Novelties and dancing followed and a buffet luncheon was served by the hostess assisted by her sister Miss Alice Murphy.

Murphy will leave by boat on Sept. 9th for Villanova and received the best of wishes and good luck in his new career from his host of admirers at the reception.

Police Get Five Auto Thieves in Four Hour Chase

Newton, Brighton and Brookline Police Kept Busy

On Sunday morning the police of Newton in cooperation with the police of Brighton and Brookline captured four young men who had kept them busy from midnight to four a. m. The fifth member of the gang was brought in on Monday.

Their escapade started with stealing a car in Waltham and driving it to Newton Centre, where they abandoned it in front of the residence of Carl Ziegler of Bussey street. When attempting to drive off with Ziegler's car, two were nabbed by Mr. Ziegler and a friend. An officer was called and the two were locked up in the Newton Police Station. While attention was being given these two, the remaining three drove off with Ziegler's car, abandoned it in Brookline, and then stole the car belonging to William Ryan of Commonwealth avenue. Two more were captured by the police of Brookline, and the fifth young man was brought in by the Newton police on Monday morning.

The prisoners were charged with drunkenness and misappropriation of automobiles and were held for appearance in the Newton District Court. They gave their names as follows: Jeremiah J. Sullivan of Brighton, Paul Scott of Lowell avenue, Newtonville, Eugene T. Sullivan of Brighton, Thomas J. McHugh of Brighton and one other.

Jobless To Be Given Work On New Playground

Sullivan & Sons Get Cold
Spring Swamp Contract

Sixty jobless men who have been working on the City Farm are to be used in the development of the Cold Spring Swamp playground project which is to be undertaken by the city immediately. The plot of land to be developed is situated west of the aqueduct on Fisher avenue in Newton Highlands.

The work has been awarded by Mayor Weeks on a cost-plus basis to T. D. Sullivan and Sons of Newton Highlands. The contract provides \$50 a week for the foreman and five percent of the cost for the supervision of the job. The work will be done under specifications of the Playground Department.

The city is also keeping 65 men at work cutting up 25,000 ties into firewood for the needy, taken from the Boylston street tracks.

PET DOG BITES CHILD

Martha McHugh, five years old of Cherry street, West Newton, was bitten by her pet dog three months old while playing with it. The dog is supposed to be healthy, but on the advice of Dr. George L. Tully, the attending physician, the animal was placed under the observation of Dr. C. Arthur Boutelle, Inspector of Animals, for observation.

Norumbega Boy Scout Council Camp at Douglas on Shore of Badloch Pond Closes Season

Many Scouts Pass Various Tests at Camp Barker—Over Fifty Newton And Wellesley Boys Attend

The camp of Norumbega Council, Inc., Boy Scouts of America, the Newton organization handling the Boy Scout program, this month closed a most successful season at Camp Barker, located on the beautiful shores of Badloch Pond, in Douglas, Mass. Douglas is a small village about 20 miles south-west of Worcester and the Camp is nearly two miles from the village. The pond itself is about 1 1/2 miles long and about 1 mile wide, and is in wild country.

The site is right on the shore of the pond, and is covered with a splendid growth of big deciduous and conifer trees and with wild mountain laurel, from which the lake gets the name sometimes used for it—Laurel Lake.

There was a large mess hall, about 80 feet long by forty feet wide, with

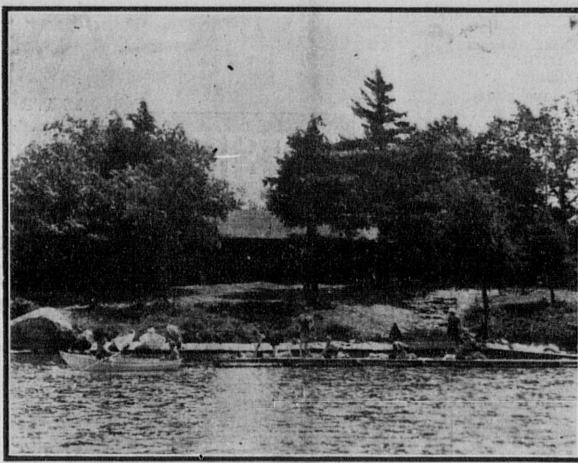

Class Nature; Phil Shute, 2nd Class signalling; Robert Hill, 2nd Class signalling; Harold Jenkins, 2nd Class knife and hatchet; Clifford Craig, 1st Class hike, cooking, mapping and nature; Corbin Clark, 1st Class first aid; George Greathead, 1st Class knife and hatchet; A. Thompson, and B. Thompson, 2nd Class signalling.

Following Merit Badges were passed: Canoeing, Edward Albee, Joe Ferlazzo, William Osborne, Roland Jones, Roy Merchant, Edwin Peters, Walter Hatfield, Robert Brown, Gerald Bennett, Everett Kruger, George Collins; Athletics, Walter Hatfield, Stanton Amesbury; Forestry, George Collins; Life Saving, Roland Jones, Everett Kruger and Stanton Amesbury; Swimming, Roland Jones, Everett Kruger and Stanton Amesbury.

mapping instructor and assistant in Nature Work; Eagle Scout Charles Frary, in charge of Nature Work; Eagle Scout Phil Trowbridge, in charge of athletics and craft; Eagle Scout Clay Lewis, First Aid officer; Star Scout Walter Amesbury, Jr., Boatmaster, in charge of all boats and sailing instruction.

This is the second season the staff has worked together, with the exception of Mr. Dodge, of Wellesley. However, he served on the Staff of Barker before it was operated by this Council.

The cook was Mr. Sandus Jones, and the Scouts will testify to the excellence of his cooking. The average gain in weight per Scout during the camp season was 2.2 pounds! The "cooklet" was Eagle Scout George Collins of Troop 4A.

Waterfront Activities at Camp Barker—Life Saving Drill

a 40 by 40 kitchen attached to it; the mess hall is rustic in style, being finished with split chestnut logs. The two small log cabins were used as the office and first aid station; the six small cabins were used for crafts and one for the nature museum. The recreation hall, finished in the same rustic style as the mess hall, but with a large field-stone fireplace was used for campfires and stunt nights in case of inclement weather.

The Scouts all lived in tents and were grouped by Patrols, with their own Patrol Leaders, chosen from among their own number. Experience has shown to the local Council organization that this is the best method of developing a strong sense of responsibility, as well as potential leadership and the just as essential fellowship.

Each Patrol was named and there were the following groups in camp: Whip-Poor-Will, Raccoon, Chipmunk, Blazing Arrow, Hawk, Nipmuc and Cedar Wax-Wing.

Patrol Leaders were as follows: Joe Ferlazzo, William Osborne, Roland Jones, Ed Albee, John Pfeil, Fred Came, Oliver Marcy, Walter Hatfield, James Blier, Gerald Bennett, Leland Johnson, Robert Austin.

Many Scout Tests Passed

The following Scouts passed tests as listed: Harold Bronsden, 1st Class signalling and mapping; John Wells, 1st Class signalling; First Aid signalling, first aid, mapping, nature; Oliver Marcy, 1st Class swimming, first aid and mapping; Raymond Hurley, 1st Class nature; John Pfeil, 1st Class signalling; William Wrigley, 2nd Class knife and hatchet, signalling, 1st Aid and tracking; Thomas Land, 2nd Class signalling; Richard Palmer, 2nd Class signalling; Donald Burns, 2nd Class signalling; Edward Blackburn, 1st Class mapping; Fred Came, 1st Class 1st aid, mapping; Ernest Gould, 1st Class Nature; Fred Soule, 2nd Class tracking and knife and hatchet; Albert Root, 3rd, 1st

Following Scouts became Junior Red Cross Life Saver: John Barry, Edward Blackburn, William Ewing, William Wrigley, Roland Jones, John Rourke, Everett Kruger, Oliver Marcy, Wallace Shephardson, Al Martin, Richard Palmer, Don Burns, Charles Kellaway, Hugh Cheyne, John Lindley, Ed Rice and Robert Austin.

The following Scouts attended Camp this year:

Troop 1—Thomas Land, Donald Burns, William Wrigley; Troop 2, Clifford Craig; Troop 4A, John Wells, Rogers Cox, Bradford and Allison Thompson, Oliver Marcy, Joseph Ferlazzo; Troop 4B, Wallace Shephardson; Troop 7A, Richard Hamant, Alfred Martin, Raymond Hurley, Roland Jones; Troop 7C, Edwin Peters, Roy Merchant; Troop 9, Fred Soule, Albert Root, Fred Came, Lewis Upham; Troop 10, Ed Blackburn, Ernest Gould, Robert Brown, Richard Madden, James Blier, Charles Kellaway, William Ewing, Gerald Sullivan, Robert Barber, Edward Morse; Troop 11, Harold Jenkins, Corbin Clark, John Barry, Everett Kruger; Troop 14, William Osborne; Troop 15, Stanton Amesbury, Gerald Bennett, Robert Hill, Philip Shute, Lyman Hutchins; Troop 5, John Rourke; Troop 16, George Greathead; Troop 18, John Pfeil, Richard Palmer; Troop 19, Hugh Cheyne, Harold Bronsden; Troop 20, Earl Vaughn, Phil Jeffrey; Troop 21, Edward Albee and Paul Foley.

The following Scouts from Wellesley attended the Camp, Leland Johnson, John Lindley, Edmund Rice, Gordon Holroyd, Alden Tedford, James Guernsey and Robert Fairburn.

Camp Barker Staff

The staff was composed of the following members: Camp Director, L. A. Bruce, Jr., Scout Executive of Norumbega Council; Russell Noyes, Ph.D., Assistant Camp Director, in charge of the waterfront and all its activities; Assistant Scoutmaster John Dodge, Dean of Instruction; Eagle Scout Robert Ohler, Camp Quartermaster.

The local Council has constantly operated its summer camp on the basis of having it self-supporting. This year with a reduced fee (from \$30.00 per period of two weeks last year to \$25.00 per period of two weeks this year) Camp Barker broke even financially and had a very small surplus.

Varied Program

The program at Camp this year was much varied; the daily schedule called for usual camp routine, such as cleaning up and instruction in the morning; instruction including Canoeing, Life Saving, and all phases of the Scout advancement. The afternoon program included hikes through the country, athletics, instruction in canoeing and sailing and general swimming; The evening included games, campfires, sings and so on.

Dr. Noyes developed the waterfront, both as to lay-out, equipment and program, according to the latest ideas of the American Red Cross, the recognized authority in that line and for which he is a Life Saving Examiner and Instructor. The staff tore down an old building at camp and used the material to construct a dock which stretched out into the lake one hundred feet. About the center, an arm was placed, about fifty feet long. Eventually, the plan is to complete an H-shaped dock, with a boat dock at one side. Construction was also begun on the canoe dock. With the five row-boats, six canoes and two sailboats, there was a great deal of water-activity during free time.

A Nature museum was started with samples of all woods, trees and flowers indigenous to that section and each patrol received instruction in that phase of camp life. Medals were awarded to the following Scouts for their excellence in Nature work; 1st, Clifford Craig; 2nd, Joseph Ferlazzo and 3rd, Roy Merchant.

The other members of the staff were each as competent and capable in their respective lines, which served to make the Camp the best yet, so the Scouts say.

The local Council has constantly operated its summer camp on the basis of having it self-supporting. This year with a reduced fee (from \$30.00 per period of two weeks last year to \$25.00 per period of two weeks this year) Camp Barker broke even financially and had a very small surplus.

School Make-up And Entrance Exam Schedule

School To Open On Monday
September 12th

That Newton Public Schools will open Monday, September 12 has been announced by the School Department. The following schedule of entrance and make-up examinations is published at the request of the Department:

High School Entrance and Junior High School Make-up Tests

The following schedules are published for the convenience of those who are to try their high school entrance examinations and those who wish to make-up subjects in the junior high schools:

High School Entrance Examinations, Friday, September 9:
8:30 English.
10:00 French, Foods, German, Spanish.
11:30 Latin, Clothing, Science, Business Subjects, Drawing.
2:00 History, Dietetics.
3:30 Mathematics.

Junior High School Make-up Examinations. All students absent from the June examinations, and those who received conditional marks should report for these tests. The principals will be present during the hours of these examinations and will be glad to meet parents who wish to consult with them.

9:00 English.
10:10 Mathematics.
11:20 Social Studies.
1:30 Latin, French, Junior Business, General Language.
2:40 Science.

Frank A. Day School, September 9 and 10:

Friday:
9:00 Social Studies.
10:15 Latin.
10:30 French and General Language.
Saturday:
9:00 Mathematics.
10:15 English.
11:30 Science.

The office of the school will be open mornings 10:00 to 12:00, Sept. 7 and 8, to parents new in the community who wish to enroll their children for the fall semester. This does not apply to those whose children have already attended any of the Newton schools.

Weeks School, September 9 and 10:

Friday:
9:00 English.
10:15 Mathematics.
11:30 Science.
Saturday:
9:00 Latin, French, and General Language.
10:15 Social Studies.
11:30 Business Training.

TO PREACH IN NEWTON CENTRE

Rev. Dwight Bradley will be the preacher at the last of the union services in Newton Centre, Sunday morning in the First Church.

New Trunk Line Sewer Will Be Started in Fall

Tunnel Under Mount Ida Is
Included in Project

The city of Newton in conjunction with the city of Boston and the state of Massachusetts will build a giant trunk line sewer from the Charles river at Faneuil to the junction of Washington Park and Walnut streets, Newtonville. The state will build to the Newton line and the city of Newton will finance the rest of the work.

The engineering feat of tunnelling under Mount Ida is included in the project.

Borings will soon be made and as soon as this preliminary work is completed, the city will advertise for bids. The sum of \$1,500 has been appropriated this preliminary survey. The work is to be done under the supervision of City Engineer, William P. Morse.

The present sewer in that section of the city was built half a century ago and has become inadequate. The construction of the new sewer line authorized by the state legislature.

Ask For Local Broadcasting Radio Station

Take Place of Service
Secured Thru Framingham

A request for the construction of a local police radio station, will be placed before the Board of Aldermen at their meeting on Monday evening. This short wave station for which permit has been obtained from the Federal Radio Commission will take the place of the service now secured through the Framingham broadcasting station of the State Police. It is expected that the station will be located in the southwest room of the Police Station in West Newton. Patrolman Walter Hartford who has applied for an operator's license will be assigned to the job. He has been in charge of the receiving apparatus in the police cruising cars.

THE WEEK IN NEWTON SPORTS

SILVER LAKE AND NEWTON CUBS TIE IN CITY SERIES

The Silver Lake A. C. and the Newton Cubs are still deadlocked in their battle for the amateur baseball championship of the city of Newton with a game each in the play-off series of the Twilight league schedule which was concluded a week ago. Silver Lake won the league championship after a hectic race in which the Cubs were tied for first during part of the season. The Silver Lake outfit defeated the Cubs in the single game which was necessary to dissolve the tie at the end of the season and forced the Cubs into a play-off series with the Newton Y. M. C. A., which had taken the measure of Newton Highlands in another play-off game for third place. The Cubs captured the series with the Y by winning two of the three games and thus earned the right to meet Silver Lake in the championship series of the best three in five games.

Last Saturday the Cubs and the Newton "Y" played the deciding game of that series which was deadlocked when the Y took the first game 4 to 3 and the Cubs the second game 8 to 2. Brad Dyer, former Newton high twirler, turned in the 8 to 2 verdict over the Y on Thursday night and came back Saturday to annex another 11 to 3 victory and win the series. As the score indicates the game was rather one sided with Dyer holding off the heavy hitting Y players while the Cubs pounded three Y hurlers. George Hokanson started for the Y and retired at the end of the third inning with the score 4 to 0 against him. Wendell Gallagher took up the burden and held the fort for three innings but in the seventh the Cubs went on a spree to tally another bunch of runs and lead 8 to 2. Charlie Gallagher, Y third baseman, tried his hand at pitching and finished the game. The championship series opened Sunday afternoon at Cabot Park with a great game in which the Silver Lake nine nipped the Cubs 4 to 3 in 12 innings. Clifford Choquette, high school star southpaw, twirled 11 innings for the Cubs and then gave way to Hickey who became the losing pitcher when the Silver Lake team tallied the deciding run. Lupo was on the mound for Silver Lake until the Cubs threatened in the 4th when D'Angelo came to the rescue to finish the game. It was an excellent game with clean fielding and little hitting. The runs were picked up here and there by both teams with the Cubs leading 2 to 0 going into the sixth. The Cubs were without the services of four of their leading players and the substitutes gave a good account of themselves. The quartet who were away included shortstop Warren Huston, third baseman Norman Appleyard and outfielders Johnny Mullen and John Lane.

Wednesday night the Cubs were at full strength and put over a 4 to 3 win in seven innings to even the series. Brad Dyer was the winning pitcher with Bob Dalton, another former high school twirler, on the mound for Silver Lake. Dyer, who incidentally when with the high school, had much the better of the duel and went into the final inning with a 4 to 0 lead. As darkness was rapidly falling the Silver Lake team rallied to score three runs and throw a scare into the Cubs camp.

Tomorrow afternoon at 3 o'clock the two teams will go to it again at Cabot Park where all the series games are being played and with a lead at stake each will be doing its utmost to grab off the game. The fourth game of the series will be staged Sunday at the same time and the losing team tomorrow will have its last chance to even the series again. Provided that happens the deciding game will be played Labor Day but it has not yet been announced whether the game will be called in the morning or the afternoon. It is probable that Dyer will go back on the mound for the Cubs tomorrow with Choquette being held in reserve in hopes of annexing the title on Sunday or, if necessary, give Dyer a chance to rest up in order to come back again Monday. The Silver Lake outfit will counter with Lupo or D'Angelo.

SPORT NOTES

Wins Archery Prize

Nathaniel T. Bartholomae of Waban won second prize in the final archery tournament at a Y. M. C. A. camp at Lake Coosbosseconte, Maine, this summer.

May Play Centre

Arthur Chamberlain, substitute centre, on the Boston University football team for the past two years, is considered a likely prospect to fill the regular pivot berth on this year's Terrier eleven. The Terrier squad will be practicing under Coach Myles Lane shortly with Chamberlain and Dan Harrington, star line men the past two seasons, a Newtonville youth, and one of the outstanding athletes at the school.

Enters Alabama Univ.

Jim Colligen, former Newton high athlete who attended Tilton School last year, left this week for the University of Alabama. On Monday night between forty and fifty of his friends tendered him a surprise party at his home on Highland street, Newtonville, and presented him with a number of useful gifts.

Makes Hole-in-One

Edward J. Frost of Auburndale made a hole in one last week at the Bald Peak Country Club on Lake Winnebago, N. H. Mr. Frost drove from the 5th hole tee, 157 yards, and found his ball in the cup.

Read "Will Rogers" in the Boston Globe—Order the Boston Sunday Globe today.—Advt.

NEWTON HIGH GRID CANDIDATES TO BE GIVEN SUITS

Candidates for the 1932 Newton High School football team have been ordered out for practice next week by Coach Ralph M. Sanborn who begins his second year in charge of the orange and black varsity. Present plans call for suits to be issued to a group of nearly sixty-five boys on Wednesday, Sept. 7th and practice for this group to begin Thursday at 9.30 o'clock. The boys in this group are those who were members of the varsity, intermediate varsity and varsity squads last year who are eligible this season.

Suits for all other candidates will be issued on Thursday, Sept. 8th, with the first practice session scheduled for Monday, Sept. 12th, the opening day of school when the remainder of the coaching staff will be on hand to assist Coach Sanborn. As in former years it is expected that a number of candidates will not report until school opens so that it will be necessary to continue the issuing of suits until the squad is out in full strength.

With but two veterans available from the 1931 squad Coach Sanborn apparently has his work out to develop a smooth-working unit with the opening game against Arlington on Sept. 24th at the Newton High field. These two veterans, Warren Huston, and Alexander Kevorkian, are all that is left of last year's varsity squad. Huston is captain of this year's outfit and after a fine summer during which he has played considerable twilight league ball he is ready to go. Kevorkian, whose play last year when but 15 years of age was outstanding in the line, has added considerable weight this summer so that he tips the scales at 196. He should make a great tackle this fall with the experience he gained in that position a year ago.

Coach Sanborn would have a number of other members of last year's varsity squad available had the State High School Athletic Association voted to put into effect a change in eligibility rule in September instead of the latter part of December. Last winter the association adopted the rule that no athlete who has reached his junior year may continue in athletics after his regular senior year but that any athlete who changes to a five-year course prior to reaching his junior year may participate in the extra year provided he is under the age limit. This rule, which will become effective December 15th, aimed at the practice of some athletes of failing to pass at the end of their senior year in order to return for athletics the following year. Among the athletes who are barred by the so-called "three-year" rule now in effect who will become eligible for athletes on Dec. 15th is Douglas Sloane, who came along fast at the close of the football season last year and would clinch one of the guard positions from the start if he were available.

In the group of players coming up from the squads that were handled last year by assistant coaches Jones and Steinhope are some likely looking prospects. Foremost among these are Palmer York, Francis Flagg, Feola and Whitely as backfield players and Thompson, a centre, and Johnson an end. Two other players who showed promise last year are Charlie Houghton, hockey captain-elect and first baseman, who transferred from Huntington and was not eligible to play football and Horace Wood, a centre, who was in an automobile accident and injured so that he could not play. Houghton has a good head for tackle and should team up in great style with Kevorkian. Wood and Thompson will have a lively battle for the centre position, it would seem.

The Newton schedule is similar to that of last year, with the exception of the late October berth with Melrose taking the place of Woburn. This game, on Oct. 29th, should be one of the big mid-season contests as Melrose is one of the towns in Greater Boston which is enthusiastic over its athletic teams, and the football eleven in particular.

The opening game with Arlington at Newton will usher in the season as already stated and on the following Saturday, Oct. 1, Newton will play its first away from home game and incidentally open the Twilight league season against Cambridge Latin at Russell Field, North Cambridge. This away from home affair should put the orange and black in the right frame of mind for another visit to foreign fields the following Saturday. The usual early season battle with Everett is scheduled for Oct. 8th at the Everett field when these two close rivals get together. Then will come the mid-season let-up with Quincy visiting the Dickinson Stadium on Oct. 15th to begin a home stay of four weeks' duration. Newton's second league contest follows the Quincy game when Somerville comes here on Oct. 22nd. Melrose is the next opponent with Rindge the Nov. 5 visitor in another league game. Newton journeys to Waltham on Nov. 12th in one of its major games of the year to bring the season up to the closing game with Brookline on Thanksgiving Day. The Brookline game this year will be staged at the Dickinson stadium with Newton already planning deep revenge for the stinging 13 to 7 defeat administered two years ago when Brookline last appeared on the new gridiron to dedicate it in 1930.

With six of the nine games on the 1932 schedule slated for Dickinson field interest in local football should be high as two of the three away from home games, Everett and Waltham, should attract a large following also.

Not Hard to Learn

A University of Alabama freshman taking a military science test gave the following definition: "Drowning is the science of being able to get enough water into the lungs to keep from living."—Indianapolis News.

"MY CHILDREN DESERVE THE SAFEST MILK... SO I GIVE THEM HOOD'S GRADE A"

"WELCOME HOME"

"WE hope you had a grand vacation. We missed you, and we're glad to see you back. Your Hood's Grade A Milk is waiting for you. See that each of your children gets a quart a day. It's the purest, safest milk for the children, and they will need all the health and strength and resistance that this fine milk will provide." • Hood's Grade A is zealously protected at the farm, pasteurized to make it safest, and delivered to you in sparkling, sterilized bottles with a double cap and seal. Every child deserves a quart a day of Hood's Grade A. Send a postal card, call on the telephone, or order direct from the Hood salesman on your street. Then your service will begin at once.

Police News

Charles A. Prendergast of Washington street, Newton, was charged in the Waltham District Court on Saturday morning with operating an automobile while under the influence of liquor and with driving a car without a license. He was held under \$3000 bail for appearance in court Sept. 1.

Paul Potter, a lawyer, of Warren street, Needham, was arraigned in the Newton District Court on Monday on a charge of larceny for passing a worthless check for \$100. The complaint was made by a Newton store which had cashed the check in return for a \$2 purchase. In asking Judge Bacon to dismiss the case, Potter's attorney said that the complainant was using the court merely as a collection agency. "That's customary these days," replied the Judge.

Richard Leonard of Watertown is in the Newton Hospital suffering from the effect of being clubbed into submission when he resisted arrest for attempting to force an entrance to the Newton Lower Falls railroad station. Patrolman Cronin who made the arrest was also taken to the hospital after the terrific struggle with the prisoner who is six feet four inches tall. Cronin is a member of the Wesley police force. Leonard was arraigned in the Dedham court.

Two men were fined \$10 each on charges of drunkenness following an automobile crash early Wednesday morning on Beacon street and Hammondswood road, Chestnut Hill. Ruth McAskill of Maple park, Newton Centre, the driver of the car, was charged with driving after her license had expired. Miss Dillon, the driver of the other car, and Anne Murray, both of Natick, were injured in the crash.

Fines of \$10 each were imposed by Judge Charles J. Brown in the Newton District Court on Wednesday upon Robert D. Fairbanks of Bowdoin street, Newton Highlands, and Hannah C. Train of Chestnut street, Waban. Fairbanks was charged with driving at the rate of 46 miles an hour and Mrs. Train with driving at 65 miles an hour.

Harold O. Davis of Cambridge, a professional mover, was arraigned in Newton District Court on Tuesday charged with the larceny of goods valued at \$475. The goods belong to W. L. Ratcliffe of Franklin street, Newton, who engaged Davis to move his goods to Leon, Iowa. No trace of the goods has been found. Davis is also facing charges of having stolen a valuable truck-load of goods from Professor Plaskett of Harvard and is also facing charges of concealing leased property. On Tuesday Judge Bacon found Da-

vid Chapman, a Newton High School student, not guilty of a misdemeanor for driving his automobile on the sidewalk. His defense was that he was blocked from getting out by the driveway and simply drove along the sidewalk until he reached the next driveway. Bernard J. Rothwell of Keefe-avenue, Upper Falls, was sentenced to serve three months in the house of correction for assault on his wife, Sophie.

Following a period of observation in the Westboro State Hospital, William Fay of Crescent street, Auburndale, has been declared sane and must stand trial with John Buchanan of West Newton for breaking and entering and driving with an unlighted automobile. The case is to be heard in the Newton District Court Sept. 8. On Thursday morning James J. McLaughlin of Spring street, Boston, was arrested and held under bail of \$300 for appearance in the Newton District Court. He was charged with driving while under the influence of liquor.

Joseph Damsak of Worcester secured leniency from the Newton District Court in answer to a charge of speeding on Aug. 15, on a plea that he was going to see a sick wife. Thomas P. Donovan of Gordon terrace, Newton, was arrested Thursday morning for speeding and driving without a license. He was fined \$15. He was given time to pay the fines.

BAND CONCERT AT RIVERSIDE SUNDAY

With Conductor Frank L. Warren again directing after recovery from a brief illness, the 101st Engineers' Band will present the third in its series of popular concerts tomorrow afternoon at the Riverside Recreational Ground in Auburndale. The program:

Clarinet Solo, Showers of Gold—
Played by First Class Private
Michael Tremonte Bouillon
Characteristic—Bolero Lake
Waltz—Espana Waldteufel
Selection—Lohengrin Wagner
Suite—La Source Delibes
Operatic Selection—Maytime Romberg
March—King of the Highway—Burt

BURGLARY ON PEARL STREET

Newton police are still looking for the burglars who entered the store of Patrick A. Murphy of Pearl street, Newton, Tuesday morning and stole goods and some money from the cash drawer. Suspicion rests upon three men who had their car parked near the store shortly before the robbery was discovered.

ANNOUNCING Newton Hudson-Essex Co.

24 BROOK STREET, NEWTON
Tel. Newton North 1990-7180

as dealers for the new

ESSEX TERRAPLANE

AND THE COMPLETE LINE OF HUDSON AND ESSEX

PACEMAKERS

We honestly believe the new Essex Terraplane to be the most sensational motor car ever built. It is emphatically not "just another low-priced car," but a new-type automobile.

To a public fed up with small-car bobbling and big-car expense it offers the first combination of light-car nimbleness and thrift and heavy-car stability and comfort ever achieved in a motor car.

It is power set free—a thrilling new physical sensation—a smooth, skimming, dashing motion comparable only to planing in the air or on the water.

The lowest-priced Six in America—selling down among and UNDER the former lowest-priced THREE—it out-

performs the costliest cars in impartial scientific tests!

Because we believe large numbers of people have been awaiting just such a "post-depression" car—because we believe the 1932 Hudson and Essex Pacemakers to be outstanding values in the low-to-medium price fields—we are happy to announce our appointment as Hudson and Essex Dealer for Newton and vicinity.

We invite you to visit our showrooms at your earliest convenience and inspect these three great lines of cars, as well as the thoroughly modern service facilities at your disposal.

MYRTON F. EVANS.

TO THE PEOPLE OF NEWTON

The appointment of Newton Hudson-Essex Co. was undertaken with the utmost care and consideration. Both executives and personnel are men in whose integrity and ability we have every confidence.

We are certain that their dealings with the motoring public will add to the nation-wide Hudson reputation for courtesy and square-dealing in every transaction.

Rotary Club

Robert V. Spencer, Jr., of Havana, Cuba, was the guest speaker at a joint meeting of the Newton Rotary Club on Monday at the Woodland Golf Club. He was introduced by Warren K. Brimblecom, as a Newton H. S. '23 boy and graduate of Yale, who now, as produce manager for Swift and Company for the Island of Cuba, is the man who sets the price of eggs each morning for the Island. Mr. Spencer gave a general entertaining as well as instructive talk on the Island as regards its social customs, its government, its industries and its commercial relations with this country based on his three years' residence there.

Most people do not clearly visualize either the geographical position or the size of the Island of Cuba, said the speaker. Havana is not directly south of New York City, but has exactly the same longitude as Toledo, Ohio. Because Cuba is usually studied only on a map of the entire North American Continent, most people fail to realize the size of the Island. It is 730 miles long and 60 miles wide, which makes a territory equal in size to the state of Pennsylvania. Of its three and half million population about 30 per cent are Negroes and a large number are Chinese. The latter are the merchants and truck gardeners as well as laundries of the Island.

He pictured Havana as a delightful city in which to live with moderate torrid zone temperatures, cool refreshing breezes at night and no flies or mosquitoes. Yellow fever disappeared from the Island 30 years ago, due to American influence, and typhoid and malaria are well under control around Havana. Food regulations are very rigid in the city. Periodic health examinations of all food handlers are required, as well as inoculation for typhoid and smallpox. Crimes of violence are rare throughout the Island, in spite of the rather volatile temperament of the people. This satisfactory condition is due in the main to the constabulary which is a regular of the United States.

One of the main sources of revenue of the government is the lottery. Every week about 15,000 lottery tickets are sold for which the people pay about \$200,000 and from which the government receives \$150,000. The lottery tickets are distributed through members of the Cuban Congress, who also realize a profit.

At the present time in the Island is at a very low ebb due to the world depression and the American tariff which has compelled the exportation of Cuban sugar to this country at a severe loss, upset the balance of trade between the two countries, and has raised the compensating Cuban tariffs to well high prohibitive levels. Whereas one company alone used to import from the United States 180 carloads of eggs or 3 million dozen a year, none are being imported this year. Figures for automobiles and other lines which formerly carried on a lively trade with Cuba have shrunk to near the vanishing point. Imagine, said the speaker, what the effect that taking three million dozen eggs off the American market would have on the business of the United States.

Mr. Spencer closed his remarks by saying that the business atmosphere in Havana is really very enjoyable and a relief from the high tension of which American business is conducted. The business man of Havana seems to accomplish as much as the business man of Boston, but he does it with less nervous wear. Cuba, said he, is a most interesting country either to live in or to visit.

Commodore Wilbert E. Longfellow of the Life Saving Service also spoke briefly. He said that the fact that most swimming accidents nowadays are rescues instead of drownings is due to "waterproofing" of young Americans being done by the American Red Cross and other organizations. He described very briefly the mechanics of resuscitation and said that hope should never be abandoned for saving a person suffocated by drowning until the rigidity of death sets in.

Remarkable Spruce

A gigantic spruce from which five logs were obtained, measuring in length from 25 to 30 feet, was cut in the forest of Vilhelmina, near Baksele, Sweden.

Kiwanis Club

Rev. Wynne C. Fairfield, D.D., was the speaker at a joint meeting of the Brookline and Newton Kiwanis Clubs held at the Charles River Country Club on Tuesday. Dr. Fairfield was introduced by A. C. Bellinger as one who had spent many years in the Orient and was thoroughly conversant with his subject, "The Background of the Lytton Report." He spoke in part as follows:

"The peace of the Far East and of the world as affected by the Far East, for decades and perhaps centuries, seems to hinge on what happens in the next three months."

"The present situation seems charged with dynamite," continued Dr. Fairfield, who served under the American Board of Commissioners for Foreign Missions in China for nearly twenty years. "The League and America are committed to the Hoover Doctrine. The Lytton Report will show that the situation in Manchuria was brought about by means contrary to the Pact of Paris. The recent public statements of Uchida and Mori and the appointment of Matsuoka as Japan's representative to the League all show that Japan is determined not to yield her position in Manchuria, although she would be glad to find a formula that would save the face of the League."

"Whoever was responsible for the explosion on the railway that took place September 18 last year, it proved to be the straw that broke the camel's back of the old status quo in Manchuria, and exactly that status will probably never be restored," said Dr. Fairfield. "The action of the Japanese army in the military occupation of Manchuria came out of a background of gradually increasing strain in Japan. With a high degree of literacy, a fair public health system and well developed Western tastes, Japan's population and its standard of living have far outgrown the resources of the island empire itself."

"Korea has proved a losing investment. Emigration has failed to solve the problem and probably never can. With the export trade to both the United States and China, its two chief markets, greatly diminished; with growing poverty in both city and country; with its economic control of Manchuria threatened by the development of Chinese business, railways and new seaports, its army struck the blow which the younger military leaders believed was necessary for the salvation of the country. Today the army dominates the situation in Japan as well as in Manchuria."

"The action of the army in Manchuria, as the Lytton Report is practically certain to bring out, was in undoubted violation of Japan's commitments under the Covenant of the League of Nations and the Pact of Paris," said Dr. Fairfield. "China immediately appealed to the League of Nations and the Lytton Commission is about the only tangible result. America, after joining in an ineffective mobilization of world public opinion promulgated the Hoover Doctrine by which she refused to recognize any situation brought about by means contrary to the Pact of Paris. Later the Assembly of the League committed the League to the same principles."

"What will happen before Christmas? Will the smaller nations in the League Assembly create a situation that will force Japan to withdraw from the League? Will the League be content with nothing stronger than the Hoover Doctrine? How much time is required to test that doctrine? Will China lose faith in our peace machinery and prepare for a war of defense? The world's problem seems to be to find means to stop bending backs before the straw is added that breaks them."

NEW DIRECTOR OF CHRISTIAN SCIENCE CHURCH

William B. McKenzie, C. S. B. of Cambridge has been appointed a member of the board of five directors of the Mother Church, First Church of Christ, Scientist, Boston. He succeeds Edward A. Merritt, C. S. B., who has recently resigned after fifteen years' service.

Mr. McKenzie, the son of a Scotch clergyman, was educated at Upper Canada College, Toronto University, Knox College, Toronto, and Auburn Theological Seminary. After a brief pastorate, he taught English literature and rhetoric at Rochester (N. Y.) University, during which time he became interested in Christian Science. Since then he has held many important positions with the Christian Science organization.

In 1894 Mr. McKenzie became a "First Member" of The Mother Church and in 1896, upon the invitation of Mary Baker Eddy, he came to Boston to become a member of the committee which prepares the Bible Lessons for Christian Science services. In 1898, he became one of the original Trustees of The Christian Science Publishing Society, serving until July, 1917, when he was appointed editor of the Christian Science religious periodicals, in which position he served until March, 1920. Mr. McKenzie was again appointed a Trustee of The Christian Science Publishing Society in January, 1922, and he now retires from that position to take up his new duties as a Director of The Mother Church. He has twice served as President of The Mother Church.

CHILD INJURED FALLING FROM ICE TRUCK

Robert Carroll, five years old, of Linwood avenue, climbed on the rear of an ice truck belonging to the Metropolitan Ice Company of Somerville and fell suffering minor injuries of an arm and ankle. The child was removed to his nearby home for treatment.

BUILD REPAIR

at 1932 costs

Everything is in the homebuilder's favor this year. Not for 15 years have construction figures, cost of materials been so low.

• We are equipped to help those who have been conjuring building dreams to make those dreams come true . . . to create a gabled English Manor; a home with Colonial charms or a "wee house" for a restricted budget.

• We are taking all the annoying little details off your mind . . . from the plan to the completed house . . . carrying out any ideas you may have or using our years of experience in guiding your choice. We will help you to avoid those errors in construction that become magnified many times when you come in contact with them daily.

• If it is remodeling or repairing you have in mind, we specialize in painting and general repair work, "fixing" a roof, a foundation, a door or a floor, even building an additional room.

ESTIMATES UPON REQUEST

BRODRICK BROS

West Newton 1989

REEVES-PHELPS

Miss Alice Louise Phelps, daughter of Mr. Wm. B. Phelps of 480 Walnut street, Newtonville, was married to John Knight Reeves of Beaver Falls, Pennsylvania at the home of her father on Wednesday, August thirty-first. Mr. Phelps gave his daughter in marriage and Rev. John Van Schaick, D.D. performed the ceremony assisted by Rev. Boynton Merrill.

Miss Elsetta Gilchrist of Cleveland, Ohio, was the maid of honor and Charles H. Phelps of Buffalo, New York, brother of the bride, was the best man. Wm. B. Phelps, Jr., another brother of the bride, of Charlotte, N.C. and Howard P. Pitts of Newton served as ushers.

Mr. and Mrs. Reeves will reside in Pittsburgh, Pennsylvania. The bride is a graduate of Smith College, class of 1927 and the groom of Williams College, class of 1929. He took his master's degree at Harvard in 1931, and this year received the degree of bachelor of literature at Oxford.

ANNOUNCE ENGAGEMENT

Announcement has been made by Mr. and Mrs. Wayne M. Richmond of Pittsfield of the engagement of their daughter, Miss Vera Louise Richmond, to Mr. Earl Crawford Anderson, son of Mr. and Mrs. Herbert C. Anderson of 983 Washington street, Newtonville. Miss Richmond was a member of the class of 1929 at the Chandler Secretarial School and is studying law in the night school of Northeastern. Mr. Anderson graduated from the Newton High School in 1924 and from the Boston University College of Liberal Arts in 1929. He took his master's degree in the graduate school of his alma mater in 1931. He has a position in the offices of the M. Frank Lucas Co. of West Newton. No date has been selected for the marriage.

NEWTONVILLE GIRL GIVEN SHOWER

Miss Margaret Flynn of Carter St., Newtonville, was the recipient of a novelty shower this week at the home of Mrs. John Roche of Auburn street. The home was prettily decorated in pink and green and the evening was enlivened by a mock marriage staged by the guests. Miss Gertrude Wile and Miss Frances Flynn were hostesses and served refreshments to 35 guests. Miss Flynn will become the bride of Mrs. Roche's son on Sept. 6.

LOWER RATES

Newton automobile owners, like many of those throughout the state, will enjoy a reduction in compulsory insurance rates for the year 1933. On the cars of the heavy type the reduction in this city is \$1 and on medium cars \$2 while the rate for the light cars remains the same. Some other cities have enjoyed larger reductions but in these cases the previous rate was considerably higher than that which prevailed here. In contrast to a year ago when the rates were advanced materially in many places, with a resultant flood of protests, this year the maintenance of the old rate or the reductions in some cases have hardly caused a ripple. The public apparently feels that a just schedule has finally been determined or that any effort to reduce the rates even further at this time would only end in another "expensive" extra session of the legislature to no purpose.

THE ECLIPSE

Among the millions who witnessed the eclipse on Wednesday were many thousands who were unfortunate in having their view of this natural phenomenon more or less obscured. We chose a point on the coast of Maine, near the central path of totality, from which to see the spectacle and were what would probably be termed "in luck." While there were a number of fleecy white clouds, which at times threatened to cut off our view, they became sufficiently scattered so that for the period of totality we could not have been in a more advantageous location. There were Baily's beads, the corona, the planet Jupiter, and a peculiar blue darkness akin to bright moonlight for a brief period of ninety odd seconds. It was a sight, difficult to describe, yet most beautiful and never to be forgotten.

A THORN AMONG ROSES

Many thousands of dollars have been spent upon the new City Hall and its surroundings. It is one of the most beautiful scenes in the Garden City. Driving westerly on Commonwealth avenue at the intersection of Walnut street one is struck with the incongruity of the scenes on each side of Newton's boulevard. On the left is the new City Hall and Memorial Building in its magnificent setting. On the right is a string of four billboards which mars the entire setting. We understand that the matter has been taken into consideration and no solution found due to the fact that the State has authority over these particular billboards and not the city. Surely public opinion should demand their removal. It is virtually a "thorn among roses."

A PRIZE PLAN

Of all the plans for curing unemployment proposed to the Massachusetts Commission on Stabilization that which would put all unemployed extracting gold from sea water is probably the "prize." The gist of the proposal, presented to Director Harvey A. Wooster, is that since there is about a nickel's worth of gold in every cubic yard of sea water and since there are many millions of cubic miles in the various oceans all the unemployed in the world could tackle the job and enough gold would be extracted to make millionaires of them all. Of all the "crank" plans offered to cure unemployment permanently this is the "wildest." The gold is there, but it would cost more than the value of the gold to get it out and in addition it would plunge the whole world into financial chaos. Dr. Wooster points out the fact that there is no single measure that alone can stabilize employment, it is not possible through the use of "trick" methods. It can only be accomplished through measures that are sound, practical and are carried through to the end.

ANOTHER LANDMARK

With this issue we begin our sixty-first year of serving the Newtons as a weekly newspaper. Since 1900 the Graphic has been under the present ownership. During this latter period many changes have taken place and Newton has become one of the leading cities for its size in the Commonwealth. Our aim has always been to promote the interests of the city as a whole and each community in particular. As we look forward into the future we believe that Newton will continue on the road of progress and we shall continually strive for that end.

Recent Deaths

EDWARD R. BENTON

Edward Raymond Benton, 80, an architect identified with the construction of the Boston Public Library and the Johnson Gate at Harvard and formerly a member of the United States Geological Survey, died on Tuesday at his home on Glen avenue, Newton Centre.

Mr. Benton was born in Malden, a son of Austin W. and Caroline A. (Raymond) Benton. He prepared at Brookline High School and entered Brown University. In his sophomore year he transferred to Harvard. Later he received degrees of Ph.D. and A.M. in natural history.

In 1875 and 1876 he was assistant in the Harvard Geological Laboratory and later he studied in Europe. He returned to Agassiz Museum, Cambridge, late in 1879, but in 1880 joined the division of mining geology in the United States Geological Survey, serving until 1888. For the next two years Mr. Benton was assistant professor of natural history at Rochester University. In June, 1885, he received the degree of B.S. in architecture at M. I. T.

For almost two years Mr. Benton was in the office of H. H. Richardson, architect, but he later joined the firm of McKim, Mead & White, and took part in the construction of the Boston Public Library and the Johnson Gate at Harvard. He had been active as an architect until his last illness.

Mr. Benton leaves his wife, Annie C. Benton, and four children, Mrs. Herbert J. Miles of Putnam, Conn.; Austin C. Benton, Chestnut Hill; Corning Benton, Dexter, N. H.; and Joseph S. Benton.

The funeral was held Wednesday at 2:30 in the family home. Burial was in Newton Cemetery.

HORACE SCUDDER BASSET

Horace Scudder Basset, for many years a resident of the Newtons, died on Tuesday at his home, 173 Morton street, Newton Centre, following a long illness.

Mr. Basset was born at Sandwich eighty-five years ago and came of an old Cape Cod family. His father was Theodore Basset and his mother Lucy (Ellis) Basset. Both his father and grandfather had been well-known lawyers. For many years Mr. Basset had been identified with the American Soda Fountain Company, but for the past twenty-five years had been in business for himself with offices at 78 Milk street, Boston.

Surviving members of the family are two daughters, Mrs. Endon Brown, living at Audubon, N. J., and Miss Edith I. Basset, living at home; and a son, Dr. Gardner Basset of Gettysburg, Pa. Mrs. Basset died seven years ago. Mr. Basset was a member of Dalhousie Lodge of Masons, and he also was a Knight Templar.

Funeral services were held at his late residence on Thursday afternoon with the following clergymen who were close friends of the deceased officiating: Dr. Heath of the Mass. Baptist Convention, Dr. Sullivan of the Episcopal Church and Dr. Arbuckle of the Baptist Church. Interment was in the Newton Cemetery.

JAMES W. FEELEY

James W. Feeley, for many years prominent in the labor movement of the state, died suddenly on Friday evening following an attack of acute indigestion. He had been treasurer and business agent of Carpenters' Union, No. 51, for 19 years. He was also treasurer and director of the Massachusetts Credit Union, a delegate to the Carpenters' District Council of Boston, and had represented his local union at several conventions of the United Brotherhood of Carpenters and Joiners of America. Mr. Feeley lived at 14 School street, Newton. He is survived by a widow, seven children, two sisters and two brothers. Funeral services were held in the Church of Our Lady on Tuesday morning. Interment was in Calvary Cemetery, Waltham.

JOHN H. KELSEY

John Hargrave Kelsey died at his home on Linwood Ave., Newtonville, on Tuesday, August 23. He was born in Brighton in 1847. For 30 years he was a member of the North Cambridge Baptist Church and in recent years he was a member of the Newtonville Methodist Church. He was also a member of the I. O. O. F. for 60 years. He was an upholsterer by trade and had retired in 1924. In 1925 he was married to Mrs. Mary Aylooth of Cambridge.

He is survived by his widow and by a daughter, Mrs. Charles Richardson of Cambridge, and by two sons, Bert Kelsey of Cambridge and Clarence Kelsey of Binghamton, N. Y., by three step-sons, Howard and Dean Aylooth of Newtonville and Robert Aylooth of Weymouth and by two sisters, Lizzie Kelsey and Mrs. Frank Ward both of Cambridge.

Burial services were held in Long's Memorial Chapel, Rev. F. W. Lockwood of Watertown, an old time friend and former pastor, officiating.

Deaths

GREGONE: on August 25 at 135 Rowe street, Joseph Addison Gregone, aged 80 yrs.

LINDBERG: on August 27 at the Newton Hospital, Mrs. Emily Lindberg of Waltham street, aged 78 yrs.

FARLEY: on August 26 at 14 School street James W. Farley, aged 46 yrs.

MARSHALL: on August 28 on Lexington road Andrew Marshall, aged 59 yrs.

BASSETT: on August 30 at 173 Morton street Horace Scudder Basset, aged 85 yrs.

BENTON: on August 29 at 18 Glen road Edward Raymond Benton, aged 80 yrs.

NALLY: August 26 in Boston, Lucy E. Nally formerly of Newton.

The Future Travel Lane.
We Lose a Customer.
The Little Brown Church.

Professor Piccard, a learned man, who does things, not content to dream, says "travelers will be crossing from Paris to New York in six hours in the near future."

He found the stratosphere very beautiful, while he was up there, studying cosmic rays, by which the earth and all of us are constantly bombarded.

The universe in which we live, hugging the earth at the bottom of our ocean of air, is complicated, and we know as little about it as the deep sea fish a mile down at the bottom of the ocean know about this world.

One of those fish brought from the bottom of the sea would be surprised by conditions above the surface if he could think. We shall all be surprised when we rise from the bottom of our air-ocean to explore the upper regions.

Professor Sweeney, of Iowa State College, tells chemists assembled in Denver that science may turn out to be a Frankenstein monster. "Nations fall when populations become too crowded in a small area," says the professor. And, says he, feeding and clothing congested populations is a problem.

Modern production could feed ten times as many people as there are on earth. The State of Texas, intensively cultivated, would feed the earth's population, clothe and house them, and that entire population, by the way, could stand at one time on Staten Island, in New York Harbor. The flying machine taking men from their work to the distant hilltop residences, will soon settle the crowding problem.

Once men hunted only gigantic animals—bison, bear, wolf. Now science hunts creatures, too small to be seen, that cause our diseases.

Hitherto industry has occupied itself with gigantic machinery—locomotives, dynamos, turbines.

As the release of power in the atom approaches, we may change to studying the infra-microscopic machinery of the molecule and atom.

Thirty years ago Nikola Tesla, sitting in the old Delmonico restaurant at 26th street and Fifth avenue, New York, held a wine glass in his hand, saying: "If I could release the power locked up in the atoms in this glass I would have energy enough to run a locomotive many times around the earth."

A few words concerning Zabala, amazing nineteen-year-old Argentine, winner of the Marathon.

When he finished his run of more than 26 miles, beating the world's picked runners, reporters described him "staggering across the line, exhausted."

Exhaustion had nothing to do with it. When the race was over Zabala said to W. G. Clark, of Los Angeles: "When I saw that I was winning that race such a wave of emotion swept over me that I could hardly run, and actually staggered." Emotion is more powerful than fatigue.

When Newton had nearly finished calculations that were to verify and establish for all time his formula of the law of gravitation, and perceived that the calculations were coming out as he hoped, he was too much agitated to continue, and called an assistant to finish the calculations for him.

Japan went into Manchuria, spent money, and her finance minister confesses that she is now in a very bad financial crisis. Let us not criticize Japan. We went into Europe's war, head over heels, pocketbook and all. We spent billions and sent billions, and when it was over, like a parcel of brilliant idiots, we lent dozens of other billions. That is costing us more than Manchuria will ever cost Japan.

Britain's trade conference at Ottawa ends, and tens of millions' worth of goods that Canada used to buy from us every year she will buy no more for the present. We cannot criticize the British and their dominions for endeavoring to establish free trade among themselves, as we have it among our forty-eight States.

On the other hand, we buy every year from Canada more than the whole British Empire buys from her. We may be able to transfer that buying to home producers. If we do Canada will congratulate us. In any case, our total exports amount to only ten per cent of our total production, even in boom times. If all our people had all they want of everything the ten per cent exports would soon be absorbed.

The old-fashioned woman, with old-fashioned good taste, is not extinct. The Omaha Bee-News says that when 1,886 women of Nebraska were asked to name their favorite song, their first choice was "The Little Brown Church in the Vale." Second choice was "When You and I Were Young, Maggie." Third choice, "Carry Me Back to Old Virginia."

Reno would be surprised to know how many husbands and wives with white hair sing "When You and I Were Young, Maggie," with no thought of changing partners.

About Town

By Edw. H. Powers

We have been informed, and we hope correctly, that the State Department of Public Works recently awarded a contract for the construction of a State Highway in a nearby location, with the proviso that the contractor must pay the laborers he employs at the rate of 40c per hour. Because of the great number of unemployed there has been a trend the past two years to reduce wages until a level has been reached in all too many instances which precludes those receiving such wages from living up to anything resembling the much vaunted American standard. Decent contractors, manufacturers and other employers of labor have ceased operating rather than ask men or women to work for wages such as paid today by the type of manufacturers and contractors who have taken advantage of economic conditions and a glutted labor market to pay their employees the lowest possible wages. Workingmen with families to support can't make both ends meet when paid 25c of 30c per hour when they succeed in obtaining work. Nor can women or girls decently exist on a weekly income of \$6 a week, or less. It might surprise residents of Newton to learn that in factories in this city men are being paid less than \$2 per day, and girls less than \$6 per week.

It took many years of bitter struggle to obtain better wages and working conditions for American working men and women. Success in the accomplishment of these efforts caused the United States to forge rapidly ahead of the countries in the Old World where lower wages and living conditions prevailed. Those who prate about the advantages of lower wages and recall that men successfully raised families and acquired homes on a wage of \$12 a week, don't stop to consider that the standard of living had increased appreciably the last 40 years. They don't consider that the homes which workingmen had purchased during the past 15 years were bought at prices which meant mortgages that cannot be paid off on \$12 weekly wages; not to mention the ability to meet modern tax rates. Possibly some of the smug advocates of low wages and a reduced standard of living for the masses don't reason that if mortgages on homes were foreclosed by the wholesale, banks and insurance companies would be seriously affected. And this would not be so good for the smug reactionaries who have deposited heavily in banks and insurance companies.

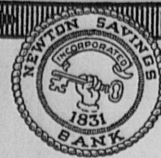

A man who was a street railway executive for many years, and who has been a resident of this city for some time, complained to us recently of the quite inferior service given by the Boston Elevated to its patrons who use the line from Newton through Brighton to Boston as contrasted with the service on the lines which run via Beacon street through Brookline to the Reservoir, and along Commonwealth avenue to Lake street. This condition has been all too apparent to residents of Newton Corner, Newtonville and West Newton for many years. This veteran railroad man also mentioned the hazardous speed at which the rickety cars on the New line are operated in the subway between Massachusetts avenue and Copley Square stations. He said that "if a king bolt ever gives while one of the cars is rolling along at this high speed, fatalities will probably occur."

On Wednesday we journeyed to Nauset Beach at East Orleans to witness the much advertised total eclipse of the sun. This spot was within the zone of totality. We had a hunch that it would be wisdom not to proceed farther down the Cape than Orleans because of the fact that there is but one main road between Orleans and Provincetown, and this road would become so jammed with automobiles that it would take hours to return after the eclipse was over. This hunch of ours proved to be correct. Anyhow, we went to Nauset Beach. There were not 5000 persons at this beach, as one Boston paper stated. There were not over 1000 persons there.

It was an excellent place to witness the big event. We saw all phases of the eclipse, including "Baily's Beads." But we didn't see the greatly over-ballyhooed corona. A big cloud, that floated between the sun and us folks in that area, a few minutes before the total eclipse, prevented the observance of the corona. Following the suggestions to observe the conduct of birds, animals and fishes during the eclipse, we noticed a large sea gull winging along, as if going home for the night. We saw a horse on a nearby hill continuing to work, because the Cape Codder driving him kept on harvesting his hay from the beginning of the eclipse to the end of that phenomena. And we can testify that the sand fleas at Nauset Beach kept on biting through all phases of the eclipse.

Automobile owners in Newton will enjoy slight reductions in the compulsory liability insurance rates published this week. Reckless driving of cars and trucks in this city was undoubtedly lessened in past years because of the number of motorcycle officers patrolling the principal streets of this city, and the enforcement of the law by the judges of the Newton District Court in properly penalizing offenders. If the reduction of the number of motorcycle officers in this city results in an increased number of accidents, and thereby increases the rates of insurance here next year, it would be economy to restore the number of its former quota. It will be interesting to see what happens.

Owners of taxi cabs in this city are concerned because of the report that one member of the Board of Aldermen is endeavoring to have a rule passed which would compel taxi cabs in Newton to be painted in lurid colors, as are taxi cabs in some other cities. The taxi owners of this city state that Newton residents are fastidious folks and will not ride in taxis which are painted in vivid hues.

CHRISTIAN SCIENCE

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 4.

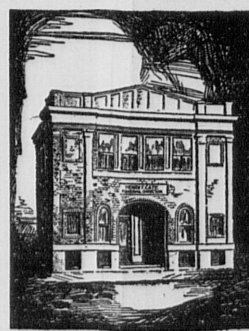

The Golden Text is: "Now, O Lord, thou art our father; we are the clay, and thou our potter; and we all are the work of thy hand" (Isaiah 64:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But now thus saith the Lord that created thee, O Jacob, and he that formed thee, O Israel, Fear not: for I have redeemed thee, I have called thee by thy name; thou art mine. . . . Even every one that is called by my name: for I have created him for my glory, I have formed him; yea, I have made him" (Isaiah 43:1, 7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is the expression of God's being. If there ever was a moment when man did not express the divine perfection, then there was a moment when man did not express God, and consequently a time when Deity was unexpressed—that is, without entity. . . . The relations of God and man, divine Principle and idea, are indestructible in Science; and Science knows no lapse from return to harmony, but holds the divine order or spiritual law, in which God and all that He creates are perfect and eternal, to have remained unchanged in its eternal history" (p. 470).

CENTRAL CHURCH NEWTONVILLE

Rev. Randolph Seaman Merrill
Minister

SEPTEMBER 4

10:30 A.M.—Morning Worship.
Rev. Mr. Merrill will preach.

Soloist—Alfred Gruhn, Tenor.

CENTRAL CHURCH SERVICES

Next Sunday at Central Congregational Church, Newtonville marks the beginning of the second year of the ministry of Rev. Randolph Seaman Merrill. In a letter sent out to members of the parish Mr. Merrill announces that he will preach on Sunday morning. The hour of the service will be 10:30 and until the Church School starts its sessions on September 18 this will remain the time of meeting.

Mr. Alfred Griffin, tenor, will be the soloist.

Several interesting activities are being planned for the immediate future. For young people a retreat like that held last fall will take place at Camp Massapoag, Dunstable on September 16 and 17. This will be in charge of Ernest W. Kuebler the newly appointed Director of Religious Education.

Newtonville

—Roderick Bates of 75 Walker St. is spending the week end in Salem, N. H.

—Jane and Mary Thayer of 355 Walnut street are guests of their aunt at Jaffrey, N. H.

—Mr. Edward A. Richardson of 983 Washington street has concluded a vacation at Nantucket.

—Robert Beebe of Clyde street will enter the senior class of Tilton Academy at Tilton, N. H., this year.

—Mrs. George A. Goodenough of 30 Thaxter road went up to Round Pond, Me., yesterday for a short vacation.

—Mrs. Susan Flagg and her daughter, Miss Isabelle L. Flagg, of 614 Watertown street are moving to Allston.

—Mr. and Mrs. W. T. Talor and Mrs. Carrie Norton of 20 Berkshire road are motoring in Maine and New Hampshire.

—Mrs. Katherine Hurd and her son, Mr. Walter Hurd, of Walker street are on a vacation in Maine.

—Mrs. Frank Rosello of Walker St. has as guests her father and sister, Mr. Frank Hastings and Mrs. Harvey Saylor, of Porto Rico.

—Mr. and Mrs. Allan J. MacQuarrie and their son, Allan Jr., of Brookside avenue, left yesterday for a short vacation at Round Pond, Maine.

—Miss Lydia A. Richardson of 983 Washington street went down to North Truro where she saw the eclipse from the bluff by Highland Light.

—Dr. and Mrs. H. T. O'Halloran and family of 107 Central avenue, recently returned from a few weeks' stay at the Hotel Belmont, W. Harwich.

—Rev. Edgar H. Chandler and Mrs. Chandler and their young son, Hugh, of Candia, N. H., were guests of Mrs. Chandler's mother, Mrs. G. H. Doggett of California street this week.

—Mr. George Eyleshymer of Central avenue left today for Middle Grove, N. Y., to visit his wife, the former Dorothy Bellamy, who is recovering from an appendix operation in a hospital in Saratoga Springs, N. Y.

—Friends of Rev. John Daboll of Brookline, who was injured in an automobile accident on Sunday, will be glad to know that he was able to return home from the hospital on Monday and that his condition is satisfactory.

—Mr. and Mrs. William E. Brigham of Walnut street are spending the first three weeks in September at the Kittypole, Hyannis Park. Wednesday they viewed the eclipse from aboard the yacht Caroline in Chatham Harbor.

—Dr. W. J. Lowstuter and his son, Robert, have returned from an extended motor trip to the Pacific coast. Accompanied by Mrs. Lowstuter who has been spending the summer with her sister in Dawson, Pa., they are at Norfolk for a short stay.

—Mr. and Mrs. Herbert C. Anderson of 983 Washington street entertained at bridge Sunday evening for their son, Earl Crawford Anderson and his fiancée, Miss Vera Louise Richmond, whose engagement was announced recently by the latter's parents, Mr. and Mrs. Wayne M. Richmond of Pittsfield.

—Miss Mina Fenno Keppler and Miss Pauline Keppler of 270 Mill street have gone to Limerick, Me., for a few days to witness the eclipse of the sun. They will be with their father Commander Chester H. J. Keppler, U. S. N., who is in charge of the Eclipse Expedition from the Naval Observatory at Washington, D. C.

Waban

—Mr. and Mrs. Stuart Stone are spending the week end at Deer Isle, Maine, the guest of Mrs. Stone's aunt, Mrs. Cole, formerly Kathie Kimball.

—Sergeant S. J. Simmons, Mrs. Florence McAuliffe are with Mrs. W. F. Lamont for an extended visit. Sargent Simmons is Mrs. Lamont's father.

—Jack Forte of Windsor road has been a guest of his young friend, Jimmie Munro, who is with his parents, the Hugh Munros, at Duxbury.

—Bobby Lucas, small son of Mark R. Lucas of Holly road, who spent the summer at Camp Wild Croft, North Windham, Me., returned home Saturday.

—Mrs. Stanley Bloomfield and daughter, Louise, have returned to their Metacomb road home after a delightful four weeks spent at Boothbay Harbor, Me.

—Mrs. Homer I. Prouty and daughter, Thelma, have returned from a several days' visit at the summer home of Mr. and Mrs. Lowell A. Mayberry at Falmouth.

Wit
and
Humor

NOTICE TO MOP SALESMAN

They were visiting friends one evening. Presently their three-year-old son became restless. The hostess, noticing this, gave him a soft rubber ball to play with. During the course of his play the ball rolled under the davenport, and the little fellow crawled in after it. Presently the hostess asked him if he saw the ball.

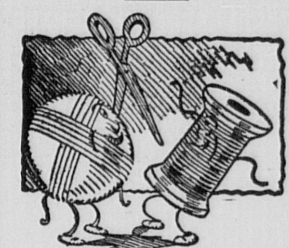

He replied, "No."
"Then why don't you come out?"
"I'm drawing pictures on the floor."
—Boston Transcript.

His Purpose

One Sunday we took my little cousin, Armin, age four, to a restaurant to dinner. After the waitress brought the order, his mother asked him why he did not eat. Armin replied in a meek voice, "Mother, isn't this a restaurant?"

His mother answered, "Why, yes, of course."
"Well, then," said Armin, "I came here to rest."—Chicago Tribune.

CUTTING REMARKS

Spool—"Did Mr. Scissors make any remarks?" Darning Cotton—"Yes, and very cutting ones."

But He Knows the Numbers

"I should think I have a good memory. I know all the telephone numbers in the town by heart."
"Impossible."
"Yes, they start at one and go to 9857, but I haven't the faintest idea to whom they belong."

In Doubt

"Mrs. Bilgins says his youngest is the image of his father," remarked Miss Cayenne.
"What did you say?"
"Nothing. I didn't know whether to congratulate Mr. Bilgins or sympathize with the baby."

But It Isn't

Summer Boarder—"Oh, I'd just love to be a farmer, to live with the blue sky overhead!"
Farmer Jones—"Yes, that would be all right if the blue sky was the farmer's only overhead."

Logical

"Mummy, why do men shoot lions and tigers?"
"Because they eat sheep and kill the lambs. They should not do that."
"Mummy, why don't men shoot butchers?"

Had "Graduated"

George—"Last night I met a girl who had never been kissed."
Bill—"Impossible! I should like to meet her."
George—"But she doesn't exist—now."

LACKS FINISH

Man at Right—I'm a self-made man.
Man at Left—Don't brag, the job ain't completed yet.

All There Was to It

"I think this scenery is just heavenly."
"Um, I don't know. Take away the mountains and the lake and it's just like anywhere else."

Waban

—Mr. Herbert S. Kimball went to Portsmouth, N. H., to view the eclipse.

—Mr. John Preston True, the author, has returned to his home at 101 Windsor road from a trip to Lake Umbagog, Maine, conveying home his grandson Nathaniel True Bartholomae from Y. M. C. A. Camp.

Mr. True says he "is as well as can be expected." They motored across to Bethel, Maine, for a week as guests of the noted physician Dr. John George Gehring, his brother-in-law, and his wife, who are recovering from a severe illness at the home of her sister Mrs. Warren H. Hoey of Oak street.

West Newton

—Hemstitching done while you wait. Call Emma M. Menge, N. N. 4610-W.

—Mr. and Mrs. William Cahill of 20 Wimbledon circle have been spending the past few weeks at Bermuda.

—Miss Mary Driscoll of 17 Warren avenue has returned from a two weeks' vacation spent at Derry, N. H.

—Mr. and Mrs. Joseph Smith and family of 215 Derby street are spending this week at Brant Rock at the Lowe Cottage.

—Mr. and Mrs. Charles C. Farrell and son, Charles, Jr., are spending the week-end with friends at Birch Island, Webster.

—Dr. and Mrs. Charles Swain Thomas of Highland avenue have returned from a visit with the George L. Stanwoods of Freeport, Maine.

—Rev. Boynton Merrill of Winthrop street has been spending a week at the summer home of Mr. and Mrs. Carl Pickhardt in Lebanon, N. H.

—Cards are out for a tea to be given on Saturday, Sept. 3rd, by Mr. and Mrs. Wm. P. Glidden, Jr., to introduce their daughter Barbara, at their summer home in Duxbury.

—Services in the Lincoln Park Baptist Church will be conducted by the pastor, the Rev. John Shade Franklin, for the first time since his return from his vacation. At the Union Service at 10:45 his theme will be "A New Memorial." The ordinance of the Lord's Supper will be observed. At the Community Evening Service at 8 o'clock he will speak on "The Greatest Eclipse."

—Mrs. Bilgins says his youngest is the image of his father," remarked Miss Cayenne.

"What did you say?"
"Nothing. I didn't know whether to congratulate Mr. Bilgins or sympathize with the baby."

—But It Isn't
Summer Boarder—"Oh, I'd just love to be a farmer, to live with the blue sky overhead!"
Farmer Jones—"Yes, that would be all right if the blue sky was the farmer's only overhead."

—Logical
"Mummy, why do men shoot lions and tigers?"
"Because they eat sheep and kill the lambs. They should not do that."
"Mummy, why don't men shoot butchers?"

—Had "Graduated"
George—"Last night I met a girl who had never been kissed."
Bill—"Impossible! I should like to meet her."
George—"But she doesn't exist—now."

—LACKS FINISH
Man at Right—I'm a self-made man.
Man at Left—Don't brag, the job ain't completed yet.

—All There Was to It
"I think this scenery is just heavenly."
"Um, I don't know. Take away the mountains and the lake and it's just like anywhere else."

—Waban
Mr. Herbert S. Kimball went to Portsmouth, N. H., to view the eclipse.

Mr. John Preston True, the author, has returned to his home at 101 Windsor road from a trip to Lake Umbagog, Maine, conveying home his grandson Nathaniel True Bartholomae from Y. M. C. A. Camp.

Mr. True says he "is as well as can be expected." They motored across to Bethel, Maine, for a week as guests of the noted physician Dr. John George Gehring, his brother-in-law, and his wife, who are recovering from a severe illness at the home of her sister Mrs. Warren H. Hoey of Oak street.

Legal Notice

CITY OF NEWTON

City Clerk's Office NOTICE OF BOARD OF ALDERMEN HEARINGS September 12th, 1932

Notice is hereby given that the Board of Aldermen will hold public hearings at City Hall, West Newton, Mass., on Monday, September 12th, 1932, at 7:45 o'clock P. M., upon the following petitions under the provisions of the General Laws and Revised Ordinances of the City, viz:

No. 68253 Estate of Carmela Vincenzo, for permit to keep, store, use, and sell 4,000 gallons of gasoline, in 4 underground tanks with four pumps, at 1105 Washington Street, Ward 3, corner Cross Street, also to sell oil and other accessories incidental to Gasoline Selling Station. No. 68254 Salvatore De Filippo, for permit to alter building and to conduct and maintain a dry cleaning establishment at 151 Adams Street, Ward 2; to install one underground tank, capacity 250 gallons, and to keep, store and use 250 gallons of gasoline in connection therewith. No. 68255 Estate of William Mague, Owner: Crane Puller Company, Lessee, for permit to keep, store, use and sell 1,000 gallons of gasoline at 44 Chestnut Street, Ward 3, and to install underground tank with pump. No. 68319 Fiorangelo Gasbarri, for permit to keep, store and sell gasoline at Boylston Street, corner Gasbarri Avenue, Ward 6, and to install four underground tanks with pumps, 1,000 gallons capacity each, and 4 underground tanks, 500 gallons capacity each; air, oil, and water to be kept at same location. No. 68320 Girardo Gentile, for permit to erect one 1-car frame garage and one 2-car steel garage, at 46 Lincoln Road, Ward 2.

FRANK M. GRANT, City Clerk, Advertisement.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue of the power of sale contained in a certain mortgage given by David A. Yull, to the Cambridge Trust Company, dated December 23, 1926, recorded with Middlesex South District Deeds, Book 5052, Page 207, for breach of the condition therein contained and for the purpose of foreclosing said mortgage, will be sold at public auction on the premises hereinafter described on Tuesday, September 27, 1932, at eleven o'clock in the forenoon, all and singular the premises conveyed by said mortgage deed and thereon substantially as follows:

The land in said Newton with the buildings thereon, being shown as Lot 13 on a plan entitled "Subdivision of Land in Newton Owned and Developed by David A. Yull, by Rowland H. Barnes and Henry F. Beal, Civil Engineers, dated Sept. 1926, recorded with Middlesex South District Deeds, as Filed Plan No. 422, being bounded and described as follows: Southerly by Northgate Park,

About Town

By Edward H. Powers

"The female of the species is the more dangerous." This used to be said of certain carnivorous animals. It now can be said of the human species in Massachusetts as regards the operation of automobiles. Until the last few years one rarely or never encountered a reckless female autoist. But, how things have changed. While it is true that youthful males are apt to operate light trucks and cars without due regard for the safety of others, the great majority of men of mature years drive with reasonable care. In proportion to their number, one observes many more reckless women drivers. And they are not confined to those of flapper years. Many of them are ladies who were born before the World War started in Chicago. They pull stuff on the highways that if done by a man would mean a fight, or at least cuss words on the part of those who are near victims, or real victims. And when they drive this way and think it smart, they are mistaken if they believe that they are showing cleverness. Automobile accidents and fatalities have so increased, that reckless female drivers won't be excused because of their sex.

The job of building the super-traffic highway along Boylston street is proceeding rapidly. A huge hole was dug between Chestnut street and the Charles River for the abutments of the viaduct which will carry the turnpike over that street. A big fill has been made at Centre and Winchester streets where the overpass will carry the heavy traffic. Boylston street surely is torn up and down.

Residents of the Newtons must not wrap garbage in paper before placing it in the garbage containers, because the garbage of Newton is fed to pigs. That is—the pigs each such of it as is eatable. And pigs, not having the digestive ability of goats, cannot eat paper. Residents of Springfield have been ordered this week to wrap garbage in paper; also drain off liquid contents before wrapping. Springfield has a new incinerator where its garbage is going to be burned. This seems an economic waste, and there is apt to be some odor in the vicinity of the incinerator.

When the new City Hall and War Memorial are dedicated next Armistice Day, a big military parade will be held. Military organizations and Legion Posts from various parts of the State will participate. And, according to reports, there will be a large turn out of Veterans of Foreign Wars. This is as it should be, because the War Memorial to be dedicated is one of the most imposing in this Commonwealth.

But, it seems that it would be eminently fitting to have civic and fraternal organizations also actively participate in the dedication of our new City Hall. The men and women who compose such organizations have paid, and will pay \$1,500,000 or so for the new buildings and the site there on. It wouldn't be a bad idea to have as many of Newton's citizens as possible take an active part in the dedication of their costly and beautiful new civic centre. It would be a practical way to bring them to the new municipal capitol, impress them with the attractiveness of the structures and surrounding grounds and introduce them to this public property under auspicious conditions. Otherwise they may only come to the new City Hall when they have a grievance, and they may view the structure in a critical, rather than a favorable mood.

Driving over the bridge on Needham street yesterday afternoon we observed that the Charles River near the pumping station was in the muddiest condition we ever saw it. Let's hope that Newton's water supply will not be affected adversely.

In last week's GRAPHIC was a table printed from information issued by the Mayor's office. This table showed that three-eighths of the money raised by taxes in Newton last year was spent on the public schools of this city. The amount was \$1,844,807. This was some change from the conditions in the early days of this community. In May 1899 the citizens of Newton voted to build a public school; this building to be 16 by 14 feet. It was to be erected by the last of the following November. The school house was not built by that time. On January 1, 1900, the Selectmen and inhabitants voted to hire John Staples to teach in the proposed school and to pay him 2 shillings each day for teaching. He was to teach four days a week. But the oldtimers could not decide on the location of the school, and no schoolhouse was erected until 1901. It was voted on May 14th of that year to build two schools. One was to be erected next to the meeting house, and was to be 17 feet square, besides chimney room. The meeting house was located on Centre street in the old burying ground. The other school was built on Dedham street, Oak Hill, near the site of the little Oak Hill school of recent years. For in those early days, Oak Hill was one of the most settled parts of the community.

John Staples, the first school teacher of Newton, was a weaver by trade, and came here in 1688. He also served as deacon of the church, was Selectman from 1701 to 1709, and Town Clerk from 1714 to 1734. Education in the town made little progress until 1717 when the citizens voted—to give ten pounds this present year to the northwesterly, west, and southwesterly inhabitants for the promoting of Learning among them, in such places as a Committee hereafter chosen shall appoint; and to be paid to such schoolmaster or schoolmasters, as shall teach." The inhabitants could not decide where these schools were to be located, and it was a number of years before they were erected. Scant opportunities were afforded the children of those days to obtain even little education. Their help was needed to clear the forests and develop the farms.

Republican City Committee Comes Out For Luce

Endorses Re-Election of President Congressman

Congressman Robert Luce of Waltham, candidate for the Republican nomination in the new Ninth District, today was notified by the Republican City Committee of Newton that his candidacy has been endorsed by the unanimous vote of the Newton Committee. Such action is announced as unusual, because it has not been the custom of the Newton Committee to take sides in primary contests. In the vote of the Committee, Mr. Luce, who stands solidly behind President Hoover for a change in the prohibition amendment, was congratulated on the stand he has taken. The Committee's action was communicated to Congressman Luce by Margaret L. Spear, Secretary, and reads as follows:

"At the last meeting of the Republican City Committee of Newton it was unanimously voted to endorse your candidacy in the coming Primaries—and I was requested to notify you of this unusual endorsement by our committee and also to congratulate you on the brave stand you have taken on the much discussed Amendment."

Fined For Driving With Poor Brakes

Arthur L. Gates, Jr., of 40 Oakland avenue, Auburndale, was found guilty in the Newton court on Wednesday of operating an automobile with defective brakes. He was fined \$10. On August 24th, a car operated by Gates on Lexington street, Auburndale, hit Mary Maloney, 66, of 28 Orris street. The woman received a bad gash on the head and was taken to the Newton Hospital. In his report of the accident Gates stated that he was driving at a speed of about 25 miles an hour. Serg. Cullen, mechanic of the Police Department, testified that he had examined the brakes on Gates' car after the accident and had found them to be defective.

Carl Woldinger of 100 Dudley road, Newton Centre, was arrested Tuesday night by Reserve Patrolman McKenna charged with driving while under the influence of liquor. He will be tried on September 15. McKenna is doing special duty on Boylston street while the turnpike construction is in progress.

In the Newton court on Wednesday Clara Schroeder of Autumn street, Boston, was fined \$5 for not stopping before entering a through way. Clarence Heath of Dedham was fined \$5 for driving on the wrong side of a highway. Fred Hoover of Park square, Boston, was fined \$10 for passing another car on a curve.

Gunmen Hold Up Gas Station At Newton Highlands

Attendant Gagged, Bound and Kidnapped

Monday morning about 5:45 two men drove into the gasoline filling station operated by the Shell Company at the corner of Beacon and Walnut streets, Newton Highlands. As Gordon Kelly of 199 Bussey street, East Dedham, the attendant at the station, was gauging the oil in the car, its two occupants alighted and each pressed a pistol against Kelly's ribs. They bound and gagged him, and threw him into the rear of the car. When a newsboy approached about 6 o'clock, he called for aid; but the boy became scared and ran away. Shortly afterwards, Wallace White of Edinboro terrace, Newtonville, and Henry Richards of Hazelhurst road, West Newton, driving in a milk wagon, observed Kelly and freed him from bounds. They carried him to police headquarters at West Newton, where he reported the story of the robbery.

Sewer Tunnel May Start At Hollis Street

City Engineer Morse and Street Commissioner Stuart of Newton, with Consulting Engineers Metcalfe and Eddy, of Boston, have been studying this week tentative plans for the route of the proposed trunk line sewer which is to be constructed in the near future in this city. The existing trunk line sewers of this city, built over 40 years ago, are now inadequate and it is imperative that the new sewer be constructed. It will connect with the Metropolitan sewer at the Brighton line on Tremont street, Newton. It will be laid along Tremont street, via Park, Vernon and Eldridge streets, thence through private land to Hollis street. From this point the route of the sewer has not been definitely decided upon. Borings have been, and are being made, which will determine the route. The sewer will be tunnelled under Mount Ida, either starting from Hollis street, or from the corner of Mount Ida street and Newtonville avenue. The westerly end of this tunnel, which will be 5 feet in diameter, will be near the corner of Surrey and Winchester roads, Newton. The sewer will then be laid under Cabot street, Park lane and Washington park to Walnut street. At one point it will be 150 feet under the slope of Mount Ida.

NEWTON MAN AGAIN HEADS STATE AND CITY EMPLOYEES

A. Leslie Moriarty of River street, West Newton, was re-elected President of the Federation of State, City and Town Employees at the annual convention of this organization held at Lowell on September 3rd. He had no opposition in his re-election for a fourth term. The convention was attended by 250 delegates; those from the Newton Local including President Moriarty, Peter Butler, Thomas F. Delaney, Alfred V. Zuzzi, Jeremiah Herlihy, Daniel E. Roche and John D. Russo. Mr. Roche was elected one of the Auditors.

Resolutions adopted by the convention opposed the further suspension of Civil Service rules in conjunction with the employment of men on public works in conjunction with emergency appropriations; the limiting of town and city employees to 30 hours employment a week at starvation wages; the use of machinery on State road projects intended for relief of unemployed. The convention went on record as favoring the immediate payment of the soldier's bonus and condemning the National Economy League. Mr. Moriarty presided as Toastmaster at a banquet held Saturday night which was addressed by a number of city and State officials.

Upper Falls Boy Wins Playground Essay Contest

Edward Panella Wins Prize In Safety Essay

The following essay by Edward Panella of the Upper Falls Playground group shows something of the practical nature of the ideas assimilated by the children as a result of the work of the Playground Department this summer. The second prize went to Joseph Allen of the Stearns School Playground and the third prize was awarded Catherine Calahan of the Cabot School Playground.

How many accidents that have happened could have been avoided? Certainly most accidents are avoidable if people would only think before they act. Safety on the streets is mostly a matter of acting thoughtfully and cautiously.

During the playground safety trips this summer many street dangers were pointed out to the children. We were taught to cross the street only at a cross-walk and to look first to the left and then to the right before leaving the curb. Loitering and fooling on the streets was pointed out as very unsafe.

Children should learn to take care of themselves on the streets and not leave their safety to the drivers of automobiles who are often thoughtless. Many lives are lost when children hook rides, run out from behind parked cars, and walk in front of buses after getting off.

Bicycle riding is fun, but it is also very dangerous. Many boys and girls ride either in the middle of the street or on the sidewalk, both of which are wrong. The one riding in the middle of the street is liable to be struck by an automobile, while the one riding on the sidewalk is endangering the lives of others as well as his own. A boy should always ride his bicycle on the right side of the road.

Our city has provided safe places for children to play, yet how often we see children playing on the streets. Here children become so interested in their games that they forget about automobiles. Why not use the playground where you know you are safe?

There are a number of ways in which safety can be bettered in Newton Upper Falls. I have made a list of them—

1. Stop and enter signs and cross-walks at Hagerty's corner.
2. Stop and enter sign at corner of Winter and Chestnut streets.
3. Stop and enter signs at Needham and Oak streets.
4. Cross-walks at the entrance to the Playground.

If more people would remember the golden rule of safety—"It is better to be safe than sorry," fewer lives would be lost on the streets.

Outing of Newton K. of C. On Sunday

Members and friends of Newton Council K. of C. will gather at the Indian Hill Lodge in Wayland on next Sunday to participate in the Second Annual Outing of the Council. An autocade comprising more than one hundred automobiles will leave at 10:45 a. m. headed by a police motorcycle escort.

A program of sports has been arranged with a baseball game in the afternoon as a feature card. Richard "Dick" Burke, former hurler in the Eastern League will act as captain of one team and Joseph "Speed" Nolan will bring his fast Newton aggregation to fight for the Council championship. Many Newton merchants have donated prizes for the winners in the various events. Running and swimming races will be held in the morning. Several novelty contests have been arranged.

The Indian Hill Lodge, located on Oxbow road, Wayland is one of the most prominent sites for outings in the east. A large roller skating rink and splendid athletic field add to the general ideal site. The banquet hall is so equipped that regardless of the weather the outing will be held.

Mr. A. Leslie Moriarty is Chairman of the Outing and is assisted by Peter W. Butler, Austin M. Morgan, and Mr. Thomas Waters as sub-committee chairman. All details have been completed and only a few reservations remain. Dinner is to be served at 1:00 p. m. in order to accommodate those who will be unable to arrive earlier. The grounds will be opened at 11:00 a. m. and the Outing will close at 7 p. m.

The affair is not confined to members of the Council and any who care to join the party may speak to one of the council members.

AUGUST BUILDING REPORT

The report of the Newton Public Buildings Department for the month of August shows that 54 permits were issued during the month. Of these 7 were for private garages valued at \$2800; 12 for single dwellings valued at \$115,150; 1 for a store valued at \$10,000. The total estimated valuation of the work to be done under the 54 permits is \$148,635. So far this year 333 permits have been issued by the department with a valuation estimated at \$847,415. During the corresponding period in 1931, 630 permits were issued, with a valuation of \$4,056,421; in 1930 the number of permits was 722 and the valuation \$3,891,998.

Y. M. C. A. Camp At Brookfield Ends Gala Season

Camp Frank A. Day Had 160 Boys In 16th Year

Completing its sixteenth season, Camp Frank A. Day had 160 different boys from Newton and vicinity. 24 different colleges and preparatory schools were represented in the camp council. The Counselors were men trained in the art of camping and many teachers who have specialized in boy behavior. Problem cases were treated singularly and checks of participation and advancement were made throughout the boys stay at camp. The Camp Staff consisted of:

Clyde G. Hess, Director—Director of Boys' Work, Newton Y. M. C. A.
C. Evan Johnson, Associate Director—Teacher Walpole High School.
Edwin D. Richards, M.D., Camp Physician—Graduate Yale University and Harvard Medical School.
Morton H. Wiggins, Director of Nature Work—Graduate Bates College and Harvard Graduate School.
George H. Conaty, Director of Craft Work—Graduate State College and Teacher at Walpole High School.
Robert H. Murphy, Director of Music and Dramatics—Graduate Knox College and Student Harvard Law School.
Winston S. Brown, Director of Life-Saving and Swimming—Graduate Annapolis and Student Harvard School of Business Administration.
Harold H. Brown, Instructor of Basketball—Graduate Georgia Tech.
William C. Brooks, Director of Tournaments and Campcraft—Graduate University of Pennsylvania.

Arthur H. Healy, Instructor of Track and Mass Games—Graduate Harvard University.
James J. Stalker, Associate Instructor in Craft Work—Graduate C. P. A.

Stanton Gould, Director of Tennis and Counselor of Scholarship Boys—Graduate Bowdoin College.
Harry S. Kyle, Director of Indian Lore—Springfield College '33.
William B. Clarke, Instructor of Baseball—Dartmouth College.
Allan Hubbell, Director of Boats and Canoes—Bowdoin College.
Kennedy Crane Jr., Instructor of Volleyball—Bowdoin College.
Frederick Kyle, Hiking and in charge of Trips—Colby College.
Vincent Wentworth, Camp Paper and Publications—Graduate Newton High School.

Edward Campbell, Camp Pianist & Director of Orchestra—Graduate Newton High School.

The Workers' Group consisted of George Singler, Duncan Cotting, Melvin Lane, Euan Davis, Gilbert Wallace, Richard Kelley, Paul Hayes, Richard Warren, Leslie Lentest, Warren Cushman, Donald Newey, and Robert Adams.

A study of the personal records and the camp reports will show that the program was wide and diversified. Opportunity is afforded for all types of boys to find work for which they are adapted.

The athletic program is wide and has expanded to some degree in the past season over other seasons. Great improvement can be noted in that phase of camp activity because of the amount of time given over to instruction rather than playing of games. Instruction in the morning, devoted to morning and scheduled games were played in the afternoon.

The educational program is becoming more and more an important factor in camp life. Many new features were added to the camp program namely hammered pewter, rope weaving, ply-wood sculpture, soap carving, woodworking in small articles, and natural knot carving.

The religious program always plays an important part in the life and spirit of Camp Frank A. Day. Sunday services are held in the Chapel "Deep in the Grand Old Pines". Each morning just before breakfast the boys gather for the morning devotion. Devotions which are made real and not the mystical or mysterious type. This particular spot in camp seems to be the first place the boys show their parents and friends.

Dramatics under the splendid coaching of Mr. Murphy has brought the art to a very high plane. The masterpiece of the season was an Indian Pageant held on the beach. The pageantry of the entire affair showed that the boys can and will do things as they have been done in the past.

The evening programs were planned and carried out by the boys themselves. Their choice has been wide and well selected.

The beach and water is always an interesting spot to the boys. Crew work formed a large part of the program and the Life-Saving Classes and Tests were well attended. 31 boys earned Life-Saving Awards. The Camp water equipment consisted of 17 canoes, 8 rowboats, 2 war canoes, and 1 sailboat. The beach is a long stretch of beautiful white sand which makes it an ideal and safe place for bathing and sunbaths.

The health of the camp was exceptionally good—a gain in weight was apparent in most of the boys. The largest gain in any one case was 15 pounds. Special care is given to the boys who are underweight and also for posture correction. During the summer 35 of the campers received and passed their work in First Aid.

In the complete program all activities are optional with the boys. It is the plan that the boys select their own activities and work out their special projects. In this form of work (Continued on Page 2)

New Director Of Religious Education

Central Church Elects E. W. Kuebler of Bridgeport

The Standing Committee of the Central Congregational Church of Newtonville through its Committee on Religious Education announces the election of Ernest W. Kuebler of Bridgeport, Connecticut, to the position of Director of Religious Education. Mr. Kuebler began his work on September 1st, after a summer at Camp Pinnacle in Lyme, New Hampshire, where he has served as counselor and special advisor in individual guidance for several years. He is a young man with rare enthusiasm for his work and already has made a distinct impression in his profession. He comes to Newtonville with the very substantial approval of all those with whom he has worked in Religious Education, both during his student days and since graduation.

E. W. KUEBLER

At Boston University School of Religious Education he was a classmate of Everett Johnson, Director of Religious Education in the Newtonville Methodist Church and of Frank Grebe who holds a similar position in the Second Church at West Newton. Mr. Kuebler's coming to Newtonville brings together these three young leaders who are already accepted as outstanding men in their work with young people. They were all in the Class of 1927 at Boston University. The following year, Mr. Kuebler received his Master's degree and this spring he completed his academic requirements at Yale for the degree of Doctor of Philosophy.

These scholastic achievements have been carried on simultaneously with much practical field work. Mr. Kuebler has served a local church as Director of Religious Education and has been in the field of administration as Executive Secretary for the Dauphin County Sunday School Association of Pennsylvania. In this capacity he supervised the educational program of the organization which united two hundred and thirty-four schools in that county. While studying at Yale, he has been the Director of the Bridgeport weekday church school system through which a weekday program of religious education was carried on by forty Protestant churches of the city each day in the week in co-operation with the public school system. He has also been a teacher in the Student Leadership Training School for Church School Teachers in Pennsylvania, New York, and Connecticut. One of Mr. Kuebler's chief interests is the study of Religious Art to which study he recently gave an entire summer travelling through Europe.

Mr. Kuebler is twenty-nine and married. Mrs. Kuebler has also been engaged in camp work with girls this summer. She is deeply interested and particularly gifted in dramatic work with young people and will be of great help to those who have been carrying these interests in Central Church with the boys and girls of the Church School and its various clubs. Mr. and Mrs. Kuebler will make their official bow to the young people at their annual retreat to be held at the Tech Cabin, Camp Massapoag in Dunstable on September 16 and 17.

The Kueblers will live at 427 Lowell avenue, Newtonville.

Candidates Speak Before Newton Citizens Club

The Newton Citizens Club opened their fall activities last Wednesday evening at Columbus Hall. Although this was their first meeting a very talented array of speakers made an appearance. The first speaker was Mr. Dalton candidate for the Democratic nomination for Congress. Dr. Santasuosso candidate for Democratic nomination for Secretary of State and the second speaker in line Mr. MacElroy represented Sheriff Fairbairn for the candidacy of Sheriff for Middlesex County on the Republican ticket. He gave a short but very interesting talk about the Grand Old Man of Middlesex County. Mr. Mark Sullivan candidate for the Republican nomination as Governor was the next speaker followed by the Speaker of the Senate Gaspar Bacon who is a candidate for Lieut. Governor of Massachusetts.

The club will hold some very interesting meetings between now and election day and the organization gladly extends an invitation to the citizens of Newton.

List Of Changes Of Teachers In Newton Schools

Twenty-Three Resign; Many Are Transferred

The Newton School Department has announced the following changes in teachers in the Newton Public Schools:

Resignations
Hazel L. Broad, Newton High School.
Elizabeth W. Linnahan, Newton H. S.
Avard C. Garland, Warren Jr. H. S.
Ada Leavitt, Warren Jr. High School.
Anna M. Dean, Weeks Junior High S.
Ivan H. Poole, Weeks Jr. High School.
Frances P. Carney, Bigelow Jr. H. S.
Elizabeth L. Facey, Cabot School.
Marion Shaughnessy, Adams School.
Ruth A. Sullivan, Claffin School.
Marion S. Bailey, Davis School.
Margaret Bascom, Davis School.
Beatrice R. Walker, Burr School.
Blanche B. Stone, Williams School.
Glady's Ratzburg, Angier School.
Annie F. Darling, Underwood School.
Gertrude A. Ferguson, Hyde School.
Rosamond Cleaves Emery, Hyde Sch.
Esther M. Larrabee, Emerson School.
Anna B. Shue, Bowen School.
Thomas E. Rush, Day Junior H. S.
Helen R. Wilson, Day Junior H. S.
Margaret L. Richard, Grade Sewing and Cooking.

Deceased
Frederick R. Hodge, Emerson School.

Retirements
Ulysses G. Wheeler, Superintendent of Schools.
Irving O. Palmer, Principal, Newton High School.
Ida M. Wallace, Teacher, Newton High School.

Elections
Helen M. Rohrbough, Newton H. S.
Paul E. Ellicker, Principal, N. H. S.
Ralph H. Morse, Day Junior H. S.
Mary C. O'Brien, Weeks Junior H. S.
Radcliffe Morrill, Weeks Junior H. S.
Delos Chapman, Weeks Junior H. S.
Hayden S. Pearson, Weeks Jr. H. S.
Allan Acomb, Peirce School.
Alice M. Smith, Hamilton School.
Annie C. Pottle, Principal, Underwood and Lincoln.
Alvah O. Ring, Bigelow Junior H. S.

Transfers
Roxana Holden, Bigelow Jr. H. S. to Newton High School.
Jessica Meserve, Newton High School to Grades and Junior High School Sewing and Cooking.
Myra McLean, Grade Physical Education to Warren Junior High School.
Marion Wheeler, Weeks Junior High School to Warren Junior High School.
Clarence Churchill, Weeks Junior High School to Principalship at Emerson School.

Mannell Gulesian, Weeks Junior High School to Bigelow Junior High School.
Ella M. Dixon, Bigelow Junior High School to Underwood School.
Marjorie Anderson, Underwood School to Barnard School.
Miriam Rix, Cabot School to Bigelow Junior High School.
Elizabeth Hall, Cabot School to Angier School.
Katherine Tucker, Hyde School to Cabot School.
Rosamond Tenney, Rice School to Emerson School.
Dorothy Bruce, H. Mann School to Emerson School.
Ruth Holley, Emerson School to H. Mann School.
Grace Strum, Underwood School to Adams School.
Florence Hildreth, Claffin School to Stearns School.
Hazel Ripley, Stearns School to Angier School.
Anna P. James, Stearns School to Underwood School.
Anna M. Carey, Bowen School to Stearns School.
Eunice Auger, Peirce School to Bigelow Junior High School.
Anne C. Schiavone, Peirce School to Davis School.
Dorothea J. Duane, Davis School to Burr School.
Sophie Gonzalez, Davis School to Grades as special teacher.
Dorothy R. Foster, Angier School to Weeks Junior High School.
Margaret V. Flint, Emerson School to Mason School.
Lillian C. Kenna, Bowen School to Mason School.
Marion Bassett, to special class in Emerson School.
Helen L. Smith, Emerson School to Bowen School.

Rally For Luce At High School Next Thursday

Congressman Will Address Republicans of Newton

Congressman Robert Luce, candidate for the Republican nomination in the new Ninth District, will be the principal speaker at a rally to be held next Thursday evening, September 15th, in the Auditorium of the Newton High School in Newtonville. Mayor Sinclair Weeks of Newton will preside and will introduce the speaker.

It is expected that this rally, to which all voters of the district are invited, will be the principal public appearance of Congressman Luce before the primary contest on Tuesday, September 20th.

Congressman Luce will explain in detail his stand on prohibition and will recite the accomplishments of the Hoover administration in its war against depression, as well as its drive for economy in government.

It is expected, moreover, that he will explain the methods under which the Home Loan banks will operate. This legislation which is aimed to assist small home owners was "fathered" by Congressman Luce, acting for President Hoover.

Washington Street To Cost City About \$100,000

An agreement has been reached between the City of Newton, the County of Middlesex and the Commonwealth of Massachusetts whereby the city will pay about two-thirds of the cost of resurfacing Washington street between Newton Corner and West Newton. The State and the county will each pay \$25,493.75. Some months ago the Legislature passed an act authorizing the payment by the State of a sum not to exceed \$35,000, or one-fourth the cost of the work. The officials of Middlesex County also agreed to pay a sum not to exceed \$30,000 towards the cost of the project. It was supposed at that time that the job would cost about \$185,000. The actual cost was under \$150,000 so the State and County agreed with the city that their contributions would be lower than the maximum agreed upon. Their contributions will be approximately one-half of the cost of the building of the four concrete lanes which compose the main part of the roadway. The city will pay the other half of the cost and also the cost of the bituminous macadam lanes at the sides of the street.

ELECTRICAL DEALER

WE'RE NOT THE ONLY

Pebble on the Beach

We have talked so much about ourselves in these columns—about the elegant appliances we sell, and the many services we render—somebody might get the idea we think we are nothing less than a Gift-from-Heaven. Whereas, we well know there are plenty of other electrical dealers, including those right here in this neighborhood, who are just as much of a Gift as we could ever hope to be. They too sell dependable, quality appliances at fair prices. They have nice pleasant shops, and they are both eager and able to render you intelligent, agreeable service. In short, if you want to put yourselves in their hands, electrically speaking, you couldn't be better off.

• There—that's what we think of our neighbors.

THE WEEK IN NEWTON SPORTS

FOOTBALL SEASON AHEAD—FIRST GAME ONLY TWO WEEKS OFF

The 1932 football season is rapidly approaching. Candidates for the Newton high school varsity began practice yesterday morning in preparation for the coming season which opens two weeks from tomorrow on the Dickinson Stadium gridiron. Coach Ralph Sanborn and his assistant, Charles Considine, worked the squad at two sessions yesterday with another two scheduled for today after which a week-end rest will be given with the real campaign of preparation getting under way with the opening of school on Monday.

An advance group of candidates were on hand Wednesday morning to obtain equipment while others were on hand yesterday and today for the first time. By Thursday noon Faculty Manager Dr. Oscar Martin had equipped one hundred and two candidates. This number is expected to approach a record total of nearly 150 early next week when the opening of school always brings out many candidates who could not report previously.

With almost every position on the first team left open by graduation last June there is an opportunity for almost any candidate with playing ability to make the grade. This fact adds to the incentive and enthusiasm of the many candidates and should develop some interesting battles for positions. Captain Warren Huston and Alexander Kevorkian, the only two lettermen remaining from the 1931 varsity, reported in excellent shape and both are looking forward to a good year.

While it will take two weeks of the hardest kind of work on the part of the coaches to determine just what material is available, the outlook is far from discouraging. Coach Sanborn contemplates some changes in formation and style of play to which the new crop of candidates is expected to adapt themselves to greater advantage. With prospects of a better balanced eleven than a year ago, despite a dearth of veteran material, a spirit of enthusiasm and optimism prevails which cannot help but lift the morale of the coming outfit to a high plane.

With two weeks to prepare for the invasion of Arlington it will be close to the end of next week before the Newton coach will make much of a cut in the squad, retaining those whose experience is known or whose ability is promising. A number of players on the intermediate and junior varsity of last fall should naturally be among the leading contenders for varsity berths this season but there are many rough edges to be polished off to which task the Newton coaches are directing their efforts.

The candidates who received their equipment on Wednesday morning include the following: W. Bailey, John Balkus, Joseph Balkus, C. Bedient, J. Bevan, E. Bonadio, A. Ceylan, H. Cardarelli, W. Conway, W. Cobb, W. Cusamano, A. Cuttills, E. Davis, F. Feola, B. Frisberg, A. Fisher, C. Plager, R. Forbes, R. Francis, W. Fullerton, E. Grethe, K. Halliday, W. Hart, A. Hebert, J. Herveau, W. Huston, J. Hoyle, C. Houghton, T. Johnson, A. Kevorkian, T. Kinraide, J. Kulesza, S. MacNutt, C. Marcia, F. McCarthy, J. McGrath, R. McGrath, L. Miller, J. A. Murphy, R. Myrick, J. O'Neill, J. R. Orlis, G. Reynolds, W. Rich, J. S. R. Sheraton, C. Thatcher, C. Thompson, J. Uline, J. Upham, J. Waters, J. Weldon, R. Whitney, P. York, Delorenzo, H. Smith, King, W. Miller, Frazier.

CAMP FRANK A. DAY CLOSES ITS SIXTEENTH SEASON

(Continued from Page 1)

the boy has an opportunity to expand and grow in the ways he likes. There is the added help which gives the boys a sense of independence. They are given a wide scope of activities and from them they make their own choices.

Emblems and awards are the visible signs of progress that have been made by the boys during their stay at camp. The awards were many. The Camp Cup, which is the highest honor any one boy may receive for the season, this year was given to Marvin B. Perry, Jr., of 70 Hunnewell avenue, Newton. Marvin also won the All-Round Athletic Cup. In the Senior Camp, Gilbert Mason was awarded the Camp Cup while the Best Athletic Cup was awarded to William Oesting. The Tennis Cups were awarded to Joseph Kirby in the Senior Division and David Ordway in the Junior. The Runner-Up in the Tournaments were William Oesting, Senior, and George McIntyre, Junior.

At the final Banquet the following received awards: Gilbert Mason, Robert Harlow, Atherton Fuller, Robert Snow, Fred Spaulding, Theodore Patten, Clovis Crummett, Malcolme Hersome, Maxwell Stone, Roger Cotting, Allan Smith, Norman Haas, Joseph Kirby, Grayson Lathrop, Glenn Davis, George Steers, Jack Reitz, Prescott Coan, Edward Perkins, Robert Rich, Jason Brown, Norman and Thomas McCutcheon, Irving Frankelton, Allan MacQuarrie, Paul Root,

The Short Line

SILVER LAKE WINS CITY BASEBALL CHAMPIONSHIP

The Silver Lake A. C. won the annual City of Newton amateur baseball championship last Sunday afternoon by defeating the Newton Cubs in the final of the city series and Cabot Park, 11 to 2. The game was a rather mild wind-up to a series which has kept local fans on edge a greater part of the summer. Through out the twilight league series, the preliminary play-offs and the final championship these two teams engaged in some exciting games with little to choose between them.

Going into the championship series ten days ago the Cubs maintained an even pace with their opponents until last Saturday when the Silver Lake team took the lead by two games to one. On Sunday the new champions had little difficulty in turning back the Cubs, whose line-up was sprinkled with a number of substitutes, to another title. A number of the Cubs' players whose playing have enabled that team to stay in the running much of the season failed to show up for the game Sunday, disappointing one of the largest crowds in local amateur baseball. Their substitutes battled gamely but in vain to even up the series with the Silver Lake team.

SPORT NOTES

Terrier Squad Out

The Boston University varsity football squad started practice this week under Coach Myles Lane at Nickerson field, Riverside. The Terriers will be without the services of Dan Harrington, veteran guard this year, as he has given up the sport. Arthur Chamberlain, another B. U. senior, and an Auburndale youth, is among the centre candidates. Chamberlain has been a reserve pivot man on the B. U. team the past two years. Russell Taylor of Newton is one of the tackle aspirants among the 40 candidates invited out for the early practice sessions.

Blaney Playing Well

Bill Blaney, Brae Burn golfer who was among the qualifiers for the national amateur championship at Baltimore beginning tomorrow, is expected to do well in that event if his playing over the past week-end is any criterion. On the Brae Burn course on Sunday Blaney turned in a 70 and on Labor Day he had another good round of 71.

Enters Taft School

Bob Patterson, Newton high school three-sport athlete of the past few years and winner of the 1932 Dickinson Cup, will enter Taft School, Conn., this month. Patterson graduated from Newton High last June and plans to enter Yale in the fall of 1933.

Martin Loses

Donald Martin of West Newton, 1931 champion of the N. E. public parks tennis singles tournament, was dislodged from that throne last Sunday at Springfield over the holiday week-end. Martin reached the final round without much difficulty where he was defeated by Sam Hayes, Jr., of South Hadley. Hayes won in straight sets, 6-2, 6-1, 6-0.

Sherwin Kibbe, Walter Phoenix, Richard Benzaquin, and William Levy.

In the Junior Camp the following awards were given: David Ordway, Thomas Cox, Norman Lowell, Robert Benzaquin, George Moore, Melvin Eaton, Robert Foster, Harold Hill, William Dunn, Cefalo, Richard Patten, Robert Brown, William Cowell, Raymond Linnell, Eber Crummett, Richard Hazard, William Gardiner, Quentin Gulliver, Robert Patten, Robert Fettes, Warren VanTassel, John Belocas, Alan Drew, William Hopkins, Ralph Bisbee, Warren Kelley, Marvin Perry, Ralph Washburn, Jack Drake, Dale Reitz, Edward Pettes, Robert Ashury, John Camp, Kenneth Kimball, Philip Wyle, and Jack Perry.

The coaches for the teams were Messrs. Campbell, Brooks, Healy, and Wentworth.

Parents are always welcome to the camp with their friends on visiting days. While the camp is closed it is still being used for parties and week-end conferences. This week-end the Elliot Church Young Peoples Council will hold their Annual Planning Conference. Plans are being considered for a winter camping season during the holidays.

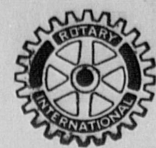

The Camp Committee and Directors feel that another season of successful character education has been accomplished and are looking forward to the building of a greater camp to benefit the boys of Newton and immediate vicinity.

The following men compose the Camp Committee: Charles D. Kepner, Chairman, Frederic D. Fuller, H. W. Bascom, Marvin B. Perry, Leon E. Smith, F. Ashley Day, Harold G. Giddings M. D., Lewis E. Moore, Fred A. Hawkins, L. Chase Kepner, Clyde G. Hess, Camp Director.

LOCAL ARTIST-POET RECEIVES RECOGNITION

The August number of Sonnet Sequences, the poetry magazine published in Landover, Maryland, contains a poem by Miss Grace Evelyn Brown, of Hollis street, Newton, accompanying a reproduction of her painting "Woodland Paths" which serves as frontispiece to this number and painted in Cabot Park, Newtonville. This was used to illustrate an article about Miss Brown and her art appearing in the Parisian art magazine "Revue du Vrai et du Beau." Miss Brown has written another poem upon this subject which took first prize in poetry, a silver loving-cup, at the annual prize contest of the Manuscript Club of Boston, held at Hotel Westminster.

Rotary Club

Hon. Edwin O. Childs was the speaker at the regular meeting of the Rotary Club on Monday at the Woodland Golf Club. Mr. Childs, who is a member of the Newton Rotary was presented to his fellow members by Frank L. Richardson, chairman of the committee on Rotary Education which was in charge of the meeting.

Mr. Childs gave a most interesting talk upon Rotary and its ideals. Rotary has a goal and we must know what it is all about if we are to progress toward that end. Membership in Rotary is not a compliment it is a challenge to live up to Rotary ideals to make for a better life. He suggested a Rotary catechism of four points. What is Rotary, how does it work, what are its ideals, and will it last? He amplified each of these four points showing a deep insight into the principle of Rotary which was intensely interesting to the Rotarians.

Mr. John Lund, the new Superintendent of Newton Schools, was officially welcomed as a new member of the local organization. Mr. Lund took up his new duties on Sept. 1st when Supt. U. G. Wheeler was retired.

Police News

The four youths who were arrested last week after they had stolen four automobiles and kept the police of Newton, Brookline and Brighton busy chasing them, appeared in the Newton court last Friday. The cases of three of them were continued until September 9. The fourth, Eugene Sullivan, 16, of Bostonia avenue, Brighton was found not guilty. He convinced the judge that he accepted a ride in the car stolen at Chestnut Hill, not knowing it had been stolen.

In the Newton court last Friday morning William G. Cavanaugh of 110 Parker street, Newton Centre was fined \$25 for speeding. It was his second conviction within a year. Samuel Palladino of Natick was fined \$15. Speeders fined \$5 each included Jacob Kamborian, 41 Cross street, West Newton; Marion Stevens, Arlington street, Wellesley; Edith Bowker, Main street, Waltham; Fred Simpson and Marshall Irving of Framingham; Robert Coulter, Jr., 1459 Beacon street, Brookline; Joseph Butler, Natick; Samuel Halpern, Ashland; George Cummings, New Bedford. Charles Bright of 50 Hyde street, Newton Highlands was fined \$5 for speeding and \$5 for driving on the wrong side of a highway.

William Lillis of Nahant was in the Newton court on Saturday charged with larceny of \$15 by means of a worthless check. His case was continued until September 6. It is alleged that Lillis purchased a pair of shoes at the store of Walter McCammon, tendered a check for \$15 and received the change in cash.

Roland Hill of Dorchester was fined \$5 in the Newton court on Saturday for not STOPPING before entering a through way.

INJURED IN AUTO CRASHES

A car operated by Nettie West of 316 Washington street, Wellesley and a truck driven by Israel Quirt of Framingham collided last Friday morning at Grove street, Newton Lower Falls. Miss West received injuries to her left arm. She was treated by Dr. F. A. Stanwood of Wellesley.

Last Thursday night cars operated by Ernest Thompson of Central street, Needham and Joseph O'Leary of Washington street, Brighton collided on Washington street, near Woodland road, Auburndale. Thompson's wife received a cut over her left eye. Margaret Tymon of Needham, who was riding with them, received a cut on her face and possible internal injuries. She was taken to the Newton Hospital.

The three year old son of Mr. and Mrs. Charles R. Clifford of 17 Irving street, Newton Centre was struck last Friday by a truck operated by Thomas McIvor of Lowell street, Waltham. The boy received severe cuts and bruises and was treated by Dr. E. A. Andrews. McIvor reported that he was driving his truck slowly into Irving street when the boy ran in front of it.

Cars driven by John Cunningham of Hopkinton and E. J. Kelly of 29 Commonwealth park, Newton Centre, collided Sunday afternoon at Commonwealth avenue and Washington street, West Newton. Nellie Cunningham of Hopkinton was reported as having been injured.

BOY BICYCLIST COLLIDES WITH AUTO

Ernest DiMuzio of 378 Boylston St., Newton Centre, age 12, while riding his bicycle on Union street, Newton Centre, on Wednesday collided with an automobile driven by Herbert Covey of Boston. The boy received cuts and bruises.

Recent Deaths

DR. JAMES MARSHALL

Dr. James Marshall of 83 Atholstone road, Newton Center, died on September 6. He was born in Glasgow, Scotland, 74 years ago, studied at Glasgow University and came to this country in 1882. He became associated with his brother Dr. Alexander Marshall, in the practice of veterinary surgery. He further studied this profession in the veterinary school of Harvard University from which he received a degree in 1896. Shortly afterwards he was appointed a member of the Massachusetts Cattle Commission. He practiced his profession in Brookline, until he retired 5 years ago. He is survived by a daughter, Mrs. DeForest Abel of Providence; a son, Alexander G. Marshall of Newton Center; and a sister, Mrs. Alexander Hunter of East Orange, New Jersey. Private funeral services will be held this afternoon at 2:30 at Trinity Church.

Eastman Service costs no more. Our Economy Funeral Plan provides a complete funeral at prices within the means of all. No charge for use of Funeral Home.

RALPH L. SHERATON

Ralph L. Sheraton of 197 Mount Vernon street, West Newton, died suddenly of heart failure on September 2. He was born at St. John, New Brunswick, 59 years ago and had resided in this city for 14 years. He was a manufacturer's agent by occupation. His funeral services were held on Sunday at St. John's Episcopal Church, of which he was a vestryman. Burial was at St. John. He is survived by his widow, Mrs. Edna L. Sheraton; a son, Robert Sheraton, Jr., and a daughter, Jean Sheraton. He is also survived by two brothers and a sister. Mr. Sheraton was a graduate of King's College at Windsor, Nova Scotia, and McGill College at Montreal. He was a member of Trinity Lodge of Masons of Clinton; Hudson Commandery, Knights Templar; Aleppo Temple, Mystic Shrine; Commonwealth Country Club and Boston Athletic Association.

MRS. ELIZABETH WASHINGTON

Mrs. Elizabeth Dickens Washington died at the home of her daughter, Mrs. Robert Evans, 299 Elliot St., Upper Falls, Thursday, September 1, 1932, after a three months' illness. Mrs. Washington who was in her sixty-fourth year was born in Silverdale, England, and had resided in Upper Falls for the past 44 years.

Mrs. Washington is survived by four daughters, Mrs. Beatrice Yates of Quincy, Miss May Palmer of Needham, Mrs. Lillian Fife of Los Angeles, California, Mrs. Venus Evans, Upper Falls, and one son Mr. George Washington of West Roxbury, also two sisters, Mrs. Edward Cooper of Williams street, and Mrs. John Frost of Hale street, Upper Falls.

Funeral services were held from the home of her daughter, Mrs. Robert Evans, 299 Elliot street, on Sunday, September 4, at 2 P. M. and were conducted by the Rev. G. Vaughn Shedd, pastor of the First M. E. Church.

Burial was in the Newton Cemetery.

JOHN C. COTTON

John C. Cotton of 27 Faxon street, Nonantum, died on Friday, September 2nd, at the Veterans' Hospital in Rutland, following an illness of two years. He was born in Newton 37 years ago, the son of the late J. Frank Cotton and Annie Carrie Cotton. In 1917 he enlisted in the 26th Division for service in France and was assigned to the 101st Field Signal Battalion. He was promoted to corporal and was wounded at New Chateau. He is survived by his widow, Mrs. Louise Terrio Cotton; three children, and three sisters, Mrs. Joseph Switzer of Newton, Mrs. Leo Landry of Newtonville, and Mrs. Joseph Patuto of Nonantum. His funeral services were held on Monday morning at the Church of Our Lady, Newton. Delegates were present from Newton Post, American Legion; Eugene Daley Post, V. F. W., and the Y. D. Club of Boston. Military honors were accorded at the Newton Cemetery, where interment took place.

CARL C. BRUTSCHIN

Mr. Carl Christian Brutschin died at his home, 8 Elliot place, Upper Falls, Sunday, September 4, 1932. He is survived by his wife Mrs. Bertha Frey Brutschin, two daughters, Mrs. George Graf, Mrs. Adolf Cartier, of Upper Falls, and one son Mr. Carl Brutschin, of Union City, New Jersey.

Mr. Brutschin was born 77 years ago in Germany. When a small boy his parents located in Switzerland where he resided until coming to this country 18 years ago. He was a member of the Second Baptist Church, Upper Falls.

Funeral services were held on Wednesday morning, Sept. 7, at 11 a. m. from the A. C. Bellinger's Funeral Parlor, Masonic Building, Newtonville. Rev. G. Vaughn Shedd of the First M. E. Church, Upper Falls, officiated in the absence of the pastor of the Baptist Church.

Burial was in the Newton Cemetery.

MRS. GRACE B. BLISS

Mrs. Grace B. Bliss of 190 Chestnut Hill road, Chestnut Hill, wife of Henry W. Bliss, died on Monday, September 5. She was born at Plattsburg, New York, 65 years ago and had resided at Chestnut Hill for over 30 years. She is survived by her husband, a son, Henry M. Bliss of Chestnut Hill; and a daughter, Mrs. Austin B. Nason of Weston. Her funeral service was held on Tuesday at her late home; Rev. John S. Moses of the Church of the Redeemer officiated. Interment was in Mount Auburn Cemetery.

INTERESTING LINE OF IRON WORK

Mr. L. S. Avak announces the opening of the Newton Iron Works at 304 Washington street, Newton Corner, with a very interesting line of wrought iron door fittings including hinges, lanterns and sconces. The public is cordially invited to see these articles being forged by hand as was the method used in Colonial days.

EDWIN H. CRAM

Edwin H. Cram of 79 Lowell avenue, Newtonville died suddenly on September 3rd of a cerebral hemorrhage. He was born at Salem 84 years ago and had been a resident of Newtonville for 47 years. For 50 years he was associated with the Home Savings Bank of Boston. He had served as assistant treasurer and in later years had charge of the insurance business of the bank. He was a member of Dalhousie Lodge of Masons and for many years was its treasurer. His funeral service was held at his late home on Tuesday; Rev. Boynton Merrill of the Second Church officiated. Burial was in Newton Cemetery. Mr. Cram is survived by one daughter, Miss Theresa L. Cram of Newtonville.

Recent Weddings

FOOT—WARD

Miss Helen Storer Ward, daughter of Mrs. Paul Theodore Bliss Ward, whose maternal grandfather was Samuel Ward, the Boston stationer a direct descendant of John Ward and whose paternal grandfather was Langdon S. Ward of Newton Centre, was married on Saturday, September 3, to Rev. Henry William Foot of Dorset, Vermont. The bride's parents live on West End road, Newton Highlands. The bridegroom is the son of Mr. and Mrs. Henry J. Foot of Cohocton, Ohio.

The ceremony took place at the Congregational Church, Newton Highlands, and the Rev. Eugene W. Lyman, D. D., of Union Theological School was the officiating clergyman. The bride's brother, John L. Ward gave her away in marriage. Miss Caroline Tyler Chase of Great Barrington was the maid of honor and the bridesmaids were Miss Grace Porter and Miss Esther Goldthwaite Ward of Boston. Miss Ann Bliss Ward of Newton Highlands was the flower girl. George F. Foot of New York was best man and the following were ushers: Edwin L. Foot of Washington, Albert W. Foot of Cohocton, Ohio, Miner P. Herrick of Andover, Dr. Thomas Patterson of Newton Highlands, Egideo Morel of Dorset, Vermont, and Allen Keedy of New Bedford.

The bride wore a costume of ivory satin and lace with a veil of princess lace and her bouquet was of white roses and lilies-of-the-valley. The maid of honor was gowned in green chiffon with matching hat and carried Rosalyn roses. Gowns of chiffon in peach color were worn by the bridesmaids and their flowers were tallismans roses. The floral decorations at the church consisted of white gladioli against a background of ferns and Ralph Maclean played appropriate wedding music. A reception in the garden at the bride's home followed the ceremony. On their return from a wedding journey, the bridal couple will be "at home" after Sept. 15 in Dorset, Vt.

Miss Ward is a graduate of Smith College in the class of 1931. Mr. Foot was graduated from Denison University in 1924 and this year he received both his master's degree from Columbia and his degree of Bachelor of Theology from the Union Theological Seminary.

BORELLI—GUZZI

On last Sunday afternoon at four o'clock at St. Bernard's Church Miss Helen Y. Guzzi, daughter of Mr. and Mrs. P. Guzzi of 8 Mague Place became the bride of Samuel Borelli, son of Mrs. Joseph Borelli of Brookline St., Cambridge. Rev. Wm. T. A. O'Brien performed the ceremony and Miss Esther Costello presided at the organ. The bride was given in marriage by her father.

The bride was charming in a gown of white satin and lace with a veil of tulle caught with orange blossoms and a bridal bouquet of white roses and lily of the valley.

Miss Mary Guzzi, sister of the bride, attended as maid of honor.

She wore a gown of yellow satin with large yellow picture hat and yellow shoes and she carried a bouquet of tallismans roses.

Nicolas Fratto of Cambridge acted as best man.

A reception was held at the home of the bride after which the couple left on their wedding trip to Canada and on their return will reside at 25 Tufts St., Cambridge.

LAVIN—WARREN

Miss Marjorie Warren, daughter of Mrs. Prescott Warren of 638 Centre street, Newton, was married last Friday afternoon to Joseph K. Lavin of 100 Beacon street, Boston. The bride was a descendant of General Warren who was killed at the Battle of Bunker Hill. Her grandfather was the late F. E. Stanley of Newton. The groom is a well known Boston advertising man. The couple will reside at 100 Beacon street, Boston.

MRS. CATHERINE A. JENNINGS

Mrs. Catherine A. Jennings of 518 Commonwealth avenue, Newton Center, widow of Edward Jennings, died on September 3. She was born in Ireland 69 years ago and had been a resident of Charlestown before moving to Newton Center six years ago. Her funeral services were held on Wednesday at the Sacred Heart Church, Newton Center, and burial was in Holy Cross Cemetery, Malden. She is survived by a son, Edward J. Jennings of Medford; and a daughter, Mrs. William Brennan of Newton Center.

Kiwanis Club

The regular weekly meeting of the Newton Kiwanis Club held Tuesday, September 6th, at the Charles River Country Club, was one of outstanding importance.

Hon. Gaspar G. Bacon was the speaker and he made a tremendous impression upon his hearers. In his very sincere and earnest manner, he praised the City of Newton for its declining tax rate, and he stated the showing made by Newton was in direct contrast with many other cities and towns seeking State aid, declaring assistance imperative.

Senator Bacon touched on many interesting phases of legislation, holding the undivided attention of all present.

The Allston-Brighton Club was on hand and equally enjoyed and profited by the address.

Among the invited guests were Rep. Rupert C. Thompson, and his son, Rupert C. Thompson, Jr., of the Newton Trust Company.

The Club is looking forward with much interest to an address on "Photography" to be delivered at next week's meeting by one well qualified, Mr. Louis F. Bachrach of Newton.

KIWANIS CLUB WILL PROVIDE SHOES FOR CHILDREN

Charles A. Mahoney, President of the Newton Kiwanis Club, has announced that the club will purchase shoes for the children of veterans, so that the children may have the footwear when the schools open next Monday. Former service men in this city who are unemployed, or whose income is not sufficient to meet their requirements, receive aid from Soldiers' Relief Funds appropriated by the city government. Some men obtaining this aid claim that it is barely enough to provide food and shelter for their families and they cannot buy shoes for their children. Edmund T. Dungan, Soldiers' Relief Agent for the City of Newton acquainted Mr. Mahoney with this condition and the action by the Kiwanis Club followed.

FIRE RUINS NONANTUM HOME

A blaze starting in the kitchen of the house at 44 Clinton street, Nonantum, shortly after midnight yesterday morning ruined the interior of the dwelling and caused damage estimated at \$4000. The house was occupied by Stefano Gentile and family and they were not at home when the fire occurred. The flames spread to the second floor and through the roof. The fire was discovered at 12:48 by Patrolman Halloran and he sounded an alarm from Box 241.

BUILD REPAIR

at 1932 costs

Everything is in the homebuilder's favor this year. Not for 15 years have construction figures, cost of labor and prices of building materials been so low.

We are equipped to help those who have been conjuring building dreams to make those dreams come true... to create a gabled English Manor; a home with Colonial charms or a "wee house" for a restricted budget.

We are taking all the annoying little details off your mind... from the plan to the completed house... carrying out any ideas you may have or using our years of experience in guiding your choice. We will help you to avoid those errors in construction that become magnified many times when you come in contact with them daily.

If it is remodeling or repairing you have in mind, we specialize in painting and general repair work, "fixing" a roof, a foundation, a door or a floor, even building an additional room.

EXPLODING TANK INJURES NEWTON HIGHLANDS MAN

Maurice Sheehan, 24, of 73 Charlemont street, Newton Highlands was injured Sunday afternoon when a compressed-air tank exploded. Sheehan, an attendant at the gasoline filling station at 729 Commonwealth avenue, Boston, was filling an automobile tire with air when the tank exploded. The tendons of his left knee were severed and he received cuts and bruises. He was taken to the Peter Bent Brigham Hospital for treatment.

WHY WE ARE A CANDIDATE

Some weeks ago we announced our candidacy for the Republican nomination as Representative from the 4th Middlesex District, comprising Wards 1, 2, 3 and 7 of the city of Newton. With the primaries on Sept. 20th a little more than a week away the public should be informed as to the reasons we projected ourselves into a contest for which the present two Representatives are candidates for re-nomination.

The first of these reasons is the belief that rotation in offices makes for better government unless circumstances have arisen which make the retention in office a desirable factor. This is particularly true when any officeholder performs meritorious service and shows more than average ability in certain directions. The two Representatives from the 4th district are Rupert C. Thompson and William B. Baker, with both of whom we have enjoyed a friendly acquaintance and with whom we trust this relation may still continue regardless of the outcome. Rep. Thompson has served three terms, a period of six years and Rep. Baker has served two terms, a period of four years. Rep. Baker has achieved some distinction through the fact that, although a newly elected member, he was appointed to the highly important Ways and Means Committee. His ability is frequently commended by those in touch with legislative affairs and we have no hesitation in affirming our belief that the voters of Newton should retain his services. Rep. Thompson has been a member of committees of lesser importance and at the beginning of the past two-year term was assigned to two committees, Election Laws and Insurance, entirely separated from those committees which he had previously served upon, namely, Mercantile Affairs and Cities. It is quite an ordinary custom for a member of a committee for four years to become its chairman during his next term and quite unusual for such a complete shift of assignments. During the past 25 years Newton has had but one Representative who has served six years with the exception of Speaker Saltonstall, Rep. Luitweiler, and Rep. Thompson, present Representatives with Mr. Baker from the two districts in Newton. This sole instance was that of Ex-Mayor Henry E. Bothfield who served in the Legislature for six one-year terms from 1910 through 1915. Rep. Thompson, therefore, having held the office beyond the average length of service, with no outstanding accomplishments to his credit, and with apparently no opportunity to serve the district to greater advantage should, we believe, be replaced by another qualified candidate.

It being the opinion of many Newton voters that Newton should select a Representative to succeed Mr. Thompson we entered the field on the basis that our newspaper experience and activity in trade and business organizations qualifies us for the office. This experience has given us the opportunity of close contact and knowledge of city and state affairs in many directions. Any new candidate for this office should also be one who is of the so-called "younger" group in the Republican party. There is a need for the development of new blood in the party. We say this with no disparagement to those who have carried on in the past and maintained Newton as the "banner Republican city of the State." But if this situation is to prevail in the future the burden of the task must fall upon those who are willing to do their part. For the period of more than twelve years during which we have been privileged to vote we have exercised our privilege whenever possible to do so and have always been a loyal supporter of Republican measures and principles. We shall continue on this policy.

We also believe that a qualified candidate for office whose business is entirely confined to the city he represents is one to be preferred above a candidate who is a citizen through maintaining residence in the district. The Newton businessman, and especially a local newspaper man, has the opportunity to keep in closer touch with his constituents than one whose business is outside of the city. This close contact with local affairs keeps one in touch with the needs of the city and district.

Fourthly, there has been considerable criticism by the average voter of the failure of the legislature to take action endeavoring to relieve the constant pressure of increased taxation. The last legislature voted extra compensation for the special session last fall, it dodged the mild efforts made to reduce legislative salaries, and it failed to enact legislation for relief of cities and towns in financial distress. This latter point is highly important. Newton is probably in the best financial situation of any city in the state. Legislation for relief of those communities in financial distress is in the offing. Newton may well be called upon to share a burden of this relief. Our representatives should be forewarned to make certain that Newton's share will not be out of proportion to its duty.

While we might cite other reasons urging the voters of the 4th Middlesex District to support our candidacy we rest our case with the pledge:

- To regularly attend sessions of the legislature.
- To endeavor to secure elimination of waste and extravagance in governmental expenses.
- To support reasonable and just measures for reduction of salaries of elected officials.
- To place the interests of our constituents above all.

School days are here again!

Keep an Efficient Woman on the Governor's Council RE-ELECT Mrs. Esther M. Andrews OF BROOKLINE Councillor for Third District

Appointed to Executive Council by Governor Fuller, November, 1927, for an unexpired term. Elected to Executive Council, November, 1928, and re-elected November, 1930.

About Town

By Edw. H. Powers

In the contest for the Republican nominations for Representative from the 5th Middlesex District, which includes Wards 4, 5 and 6 of this city there are five candidates; the two present incumbents, Leverett Saltonstall of Chestnut Hill, and Clarence S. Luitweiler of Newton Highlands; besides Henry W. Ball of Newton Highlands, Mrs. Margaret L. Spear of Newton Centre, and Harold F. Young of Auburndale. Republican voters at the primary election on September 20th should not fail to vote for Mr. Saltonstall for one of the two nominations. A young man of unusual ability and character, he has been Speaker of the House of Representatives for the past four years, is a power in the affairs of State, and seems destined for higher political honors. The assumption on the part of too many voters that "Mr. Saltonstall is certain of re-nomination, and does not need my vote," might result in his defeat.

Talking about contests for Republican nominations as Representative to the General Court. In the 4th Middlesex District, which comprises Wards 1, 2, 3 and 7 of this city there are three candidates: the two present incumbents, William B. Baker of West Newton and Rupert C. Thompson of Newtonville; and Warren K. Brimblecom of Newtonville. The writer was the first person to suggest that Mr. Thompson be chosen to represent this district in the Legislature. Prior to 1927 the City of Newton had three Representatives in the Legislature; this city consisting of one district. In that year this city, because of its growth in population, was to have two districts and four Representatives; two from each district. These Representatives were elected at the State Election in November, 1926. A few months prior to that election Arthur W. Hollis, now Senator from the First Middlesex District, and then one of Newton's three Representatives was conversing with the writer about the additional Representative which Newton would be entitled to. Mr. Hollis was to be a candidate for re-election and so were the other two Representatives, Mr. Luitweiler and Mr. Saltonstall. The two latter would be voted for in the 5th Middlesex District, as one resided in Ward 5 and the other in Ward 6. This meant that a new man would have to be elected from the 4th Middlesex District. Mr. Hollis casually remarked to yours truly, "Who would you suggest for the office?" We answered, either Roy Collins, Alderman from Ward 2, or Rupert Thompson, who had served as Chairman of the Republican City Committee. We had come in contact with Mr. Collins during his several years service in the Board of Aldermen and liked his personality. Our acquaintance with "Rupie", as Mr. Thompson is known to his boyhood acquaintances, had dated back to the years when we were juveniles at Newton Corner. We knew him as a general, friendly man.

So, when we met Mr. Collins at the next meeting of the Aldermen, we suggested that he run for the nomination. He replied that he had concluded to retire from politics, and so would not seek the nomination. A days later, at a dinner at Newtonville we met a close friend and associate of Mr. Thompson's and told him of having suggested Mr. Collins' and Mr. Thompson's names for the new office, and of Mr. Collins' declination. Whereupon, the gentleman with whom we were conversing said, "Rupert would fit right into that position. He has plenty of time to serve in that office. He is down the Cape now and I shall telephone him today about this." He did. Mr. Thompson became a candidate for the office, and nomination papers were taken out for him. Subsequently papers were also taken out for Mr. Collins and William B. Baker, but they later withdrew. Mr. Thompson received the nomination, and was elected.

Having been the original booster of Mr. Thompson for Legislative honors, we regret that we feel it our duty this year to oppose him. Our friendship for him has not changed. But, Mr. Thompson has had six years service in the Legislature. A longer period than any Representative from this city, with a few exceptions. It is our belief that 6 years is long enough for any man to hold a political office, unless he shows unusual ability, or has acquired considerable prestige in office. Without disparaging the service in public life of Mr. Thompson, his record is not superior to that of his predecessors who served fewer years than he has.

AMERICAN LEGION AUXILIARY

Elsie Janis Not Official Drum Corps
Due to the fact that many of the neighboring posts of the American Legion and their Auxiliaries were of the opinion that the recently organized Elsie Janis Drum Corps was officially connected with the American Legion Auxiliary, Newton Unit No. 48, the Department President, Mrs. Emma F. Lovejoy has issued the following bulletin for distribution to all Legion Auxiliaries in Massachusetts:

"The so called Elsie Janis Drum Corps of Newton is not recognized as an Auxiliary Drum Corps and is to have none of the privileges accorded to regular American Legion Auxiliary Drum Corps."

Executive Committee Meeting
The Executive Committee of the American Legion Auxiliary, Newton Unit No. 48, will meet at the home of the President, Mrs. Francis E. Cannon, 156 Tremont street, Newton, on Monday evening, September 12th, at eight o'clock.

Will Play At Dedication Exercises
The official American Legion Auxiliary Drum and Bugle Corps of Newton Unit No. 48, under the management of Mrs. Katherine Rogers, with Miss Sylvia Wilkerson as Drum Major, will make its first public appearance since its re-organization at the dedication exercises of the new World War Memorial Building in Newton, on Armistice Day, November 11, 1932.

This Corps is composed of sixteen members of the American Legion Auxiliary of Newton. Col. Harry Comer, aide to the late General Edwards, during the World War is Drill Master of the Corps and Edward J. Cannon, former Sergeant of Co. C, 101st Infantry, during the World War, is his assistant.

ONE THING AND ANOTHER

By L. D. G. Bentley

Pullman Nights

When the sleeping car is ready for occupancy an hour before the train leaves:

The surrender of your ticket and berth rights at the gate. The long walk through the shed to your car. The "Quiet is requested for the benefit of those who have retired" sign. The Red Cap who talks loudly and doesn't seem to care how much noise he makes. The porter who is too busy with the occupants of the drawing room to bother with the less fortunate. The bewildered passengers who cannot locate their own berths. The farewell parties that block the aisle. Your decision to back out and kill time by walking up and down the train platform. Your sympathy for those in the day coaches who must sit up all night. The man who is eating a block of ice cream with a paper spoon. The fortitude of the pretty girl in the day coach who looks brave but weary. Your return to the car with the hope everybody has gone to bed. The attempt to reach your section made impossible by a gathering of women from across the aisle. The wait in the smoking room until the coast is clear. The final ceremonies before tumbling in. The starting at last of the train. The tossing and turning, and cat-naps. The noise of train-hands at a junction just when you have finally dozed off. The speed of the train. The vague thought of a possible rear-end collision. The conviction that your nerves justify this little vacation. The silence of your fellow passengers. The wonder if they, like yourself, haven't slept a wink. The man who starts clearing his throat at 6 a. m. The unexpected nip with a woolen dream. The decision to get up. The realization you are first in the washroom. The sleepy porter who is now a little more attentive. Ablutions, shaving and dressing. How odd we all look in the morning. The wait for breakfast. The beginning of another day.

Drivers' Divers Troubles

You're bound to hear statements from drivers of automobiles more or less critical of the traffic officers. The roughest experience was that of a Newton man who ran past a stop sign in a small town near here. It wasn't such a terrible offense, but the fact that the signal had been recently installed in the centre of the town and none of the passing motorists seemed aware of its presence caused the chief of police to decide that all should be deeply impressed. He handed tickets out as fast as the cars came along.

On one day he had 40 drivers in court. All were charged with failing to observe the stop signal. The Newton man, among others, pleaded guilty. He thought that the quicker way to have the whole thing disposed of. It happened his case was the 10th in the list. All arraigned ahead of him had committed the same offence. The presiding judge was apparently weary of repetition. At least, he once or twice commented upon the fact that each driver had done the same thing as his predecessor. The same chief of police was the only witness for the government in every one of the 40 cases. It may have been that the chief thought it well to jazz things up a bit for the entertainment of the court. When the Newton man was called and pleaded guilty the chief didn't say anything about the stop sign but described the driver as a speed demon. Pure imagination, according to the prisoner at the bar. However, there was no use of argument as a plea of guilty had been entered. The fine was put at \$5 and paid, but the Newton man thinks he was "framed" and if the facts are as he described them he certainly came pretty near it.

Now for something which puts the shoe on the other foot. A lady, also a Newton resident, was stopped by a policeman who demanded to see her license. He said it was part of the regular road inspection. That didn't make the lady feel any better but she handed over her operator's license. Then the officer wanted to see that registration certificate. There was a great hunt for this through the pockets in the car door, her own pocketbook, under the seat, etc. Finally, when she produced it the officer, with-out so much as looking at the registration, waved his hand and said, "Go ahead, lady." It was well that he wasn't too inquisitive. What the lady had drawn forth from one of the car door pockets was not her registration but last month's electric light bill. But she didn't call the policeman back to tell him.

Behind The Times

Those who return first should have first turn to tell about their vacation. That's a rule I made myself to provide an excuse for writing of travel through Nova Scotia. When you travel in strange lands the tendency to observe customs different from your own is sharper than you imagine. Really, you're not as keen as you may think—it's the obvious that is dawning upon you.

I found Nova Scotia unswervingly loyal to King George. That may be one reason I put it down as semi-Victorian. The fact that the people were rushing about would make the average American call them "slow". Pretty soon I realized that they were merely normal. They seemed to have consideration for each other. They were busy but not hysterical.

It seems that in that part of the Dominion at least laws are taken seriously. The understanding is that they were made to be obeyed. How odd! No stick-ups at billing stations, no bootleggers, no racketeers. The police seem to have crime well under control. If you ask how it is accomplished your host replies with equal surprise, "Why should there be any crime?"

CHRISTIAN SCIENCE

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 11.

The Golden Text is: "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you: for him hath God the Father sealed." (John 6:27).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And when even was now come, his disciples went down unto the sea, and entered into a ship, and went over the sea toward Capernaum. . . . And the sea rose by reason of a great wind that blew. So when they had rowed about five and twenty or thirty furlongs, they see Jesus walking on the sea, and drawing nigh unto the ship; and they were afraid. But he saith unto them, It is I; be not afraid. Then they willingly received him into the ship; and immediately the ship was at the land whither they went" (John 6:16-21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws. His acts were the demonstration of Science, overcoming the false claims of material sense or law" (p. 273).

MORE AUTOISTS FINED

In the Newton court yesterday Edward J. Lynch of Framingham was fined \$20 for driving a car at a speed of 68 miles an hour on Beacon street. Motorcycle Officer Dowling was the complainant. For not stopping before entering a thorough way the following were fined \$5 each: Erna Clayton, Waltham; Mary Docherty and Daniel Glade of Hyde Park; Leon Aldrich and David Smith, Jr. of Brookline; David Schrier of Boston; Albert Koelsch of Quincy; Eric Till of Jamaica Plain. August Ricciardelli of Needham was fined \$5 for driving on the wrong side of a street; \$5 for passing another car on a curve; \$5 for driving without a license. Leighton Harris of 185 Highland street, West Newton was fined \$5 for passing another car at a point where his view was obstructed. Gerardo Cedrone of Brighton was fined \$5 for driving without proper lights. Anna Kingman of Framingham was fined \$5 for speeding.

Births

LIVERMORE; on Aug. 20 to Mr. and Mrs. George Livermore of 92 Varick road, a son.

JAMES; on Aug. 30 to Mr. and Mrs. Clifford James of 70 Barnstable Rd., a daughter.

COFFIN; on Aug. 31 to Mr. and Mrs. Montague Coffin of 1894 Washington st., a daughter.

KOINES; on Aug. 31 to Mr. and Mrs. Peter Koines of 1075 Commonwealth, a son.

GOOD; on Sept. 1 to Mr. and Mrs. Lewis Good of 74 Eddy st., a son.

FAIRWEATHER; on Sept. 2 to Mr. and Mrs. Albert Fairweather of 24 Kensington ave., a son.

SAMMARCO; on Sept. 2 to Mr. and Mrs. Michele Sammarco of 340 Cherry st., a son.

The newspapers did not seem to play up some of the things that we are furnished daily for sensational reading. Dominion politics and the conference at Ottawa; news from Great Britain and local information regarding business. A somewhat calmer outlook all around. What might be called a trifle old-fashioned.

Seeking an explanation I consulted one of the best writers on current events I know. He said, "They have never gone through one of our booms. They are better off because their heads haven't been turned by the sudden acquisition of an unexpectedly large amount of wealth. We have prospered materially but spiritually we have been unprosperous. Down there they keep an even balance."

Letters To The Editor

ABOUT BILLBOARDS

September 6, 1932.

"The Newton Graphic."

To the Editor:
In your last issue you had an editorial entitled "A Thorn Among Roses," referring to the billboards which mar the entire setting of the New City Hall.

It may be interesting in connection with this to know that in 1924 the Committee on State Administration, of which I was a member, and of which I have been chairman for the last four years, reported Chapters 327, 334, 490 of the General Laws of 1924. These bills gave the commissioner of public works the authority to remove all objectionable signs and these four signs did come under this legislation.

On the attempt of the commissioner to put the law into effect an injunction was asked for and granted and the matter has been before a master ever since and no definite report as yet been made.

Any further legislation is futile in view of this court action and I understand that if they are defeated in the Massachusetts Supreme Court, where the matter will go on the master's report, it is their intention to take it to the United States Court.

Very truly yours,
C. S. Luitweiler.

WORLD'S LARGEST TIRE AT NEWTONVILLE

You'll probably never need to buy a tire 12 feet high and four feet wide, but you ought to see the big Goodyear Airwheel tire, weighing more than a half ton, with an inner tube weighing an additional 125 pounds, which will be in Newtonville on next Wednesday.

This Airwheel tire is inflated to a pressure of three pounds for traveling light, but if it were carrying the 25 ton load for which it is built it would be inflated to six pounds pressure.

"I asked Goodyear to bring this \$5,000 tire to Newtonville because it is such an unusual sight," says Philip Bram, Goodyear dealer in Newtonville. "The tread is three inches thick so there isn't much danger of puncture. About the only real evidence of wear and tear is the number of pieces of rubber cut off by souvenir hunters."

"Goodyear has built three of these tires. Two of them are on the road and the third one is at the Goodyear factory in Akron, Ohio, as a spare. This 12 foot Airwheel tire ought to run several hundred thousand miles. Nobody knows for sure just how far it will run."

"This Airwheel isn't just a stunt, it is rather an engineering and experimental development looking years into the future. Some day huge airplanes may land on tires patterned after this one even as today's airplanes now land on smaller sized Airwheels."

An added attraction is the big new 9.00-13 Goodyear Airwheel for automobiles, a development from the airplane Airwheel. It holds about three times as much air as a standard balloon tire but only requires 10 to 12 pound pressure and is said to cushion a car with pillow comfort over rougher roads. It resembles a huge rubber doughnut.

These giant tires of the highways are brought here by special bus, equipped with a public address system, and will be on exhibition at Bram's Battery & Tire Service, 252 Walnut street, Newtonville next Wednesday morning between 10:30 and noon.

MORTGAGEE'S SALE

Under and by virtue of the power of sale contained in a certain mortgage of real estate given by John H. Egan, of Newton, Middlesex County, Massachusetts, to the Workmen's Co-operative Bank, a Massachusetts Corporation with its usual place of business in Boston, Suffolk County, Massachusetts, dated October 9, 1931, and recorded with Middlesex South District Deeds, Book 5605, page 275, for breach of the conditions of said mortgage, and for the purpose of foreclosing the same, will be sold at public auction on the premises in said County of Middlesex, at 3:45 o'clock in the afternoon, the real estate described in said mortgage, to-wit:

"The land in that part of said Newton, called Newton Highlands, with the buildings thereon, being shown as lot 174 on a plan entitled 'Plan of Charlemont, Newton Highlands, Mass., belonging to Neil McIntosh, C. H. Amette, C. H. Amette, dated November, 1929, recorded with Middlesex South District Deeds, Book 307, plan 45, bounded and described as follows:

Northerly by Charlemont Street, fifty (50) feet;
Easterly by lot 175, on said plan, one hundred sixty-four and 16/100 (164.16) feet;
Southerly by lot 129, on said plan, fifty (50) feet; and
Westerly by lot 174, on said plan, one hundred ninety-one and 33/100 (191.33) feet.

Containing 2351 square feet of land, more or less.

Subject to restrictions of record, so far as the same are now in force and applicable."

Said premises will be sold subject to all unpaid taxes, tax titles, municipal liens, and assessments, if any there be, to the amount of \$200.00, required at sale.

WORKMEN'S CO-OPERATIVE BANK, Mortgagee.

By Warren A. McCarrison, Treasurer. For further particulars, apply either to the bank, or to Carpenter, Noy & Calger, attorneys for the mortgagee, 73 Cornhill, Boston, Mass.

Sept. 9-16-23.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Thomas F. Mullen to the Newton Trust Company, dated October 2, 1932, and recorded with Middlesex South District Deeds, Book 5410, page 295, for breach of the conditions of said mortgage, and for the purpose of foreclosing the same, will be sold at public auction on the premises in said County of Middlesex, at 3:45 o'clock in the afternoon, the real estate described in said mortgage as follows:

A certain parcel of land with the buildings thereon situated in that part of said Newton called Newton Highlands, and shown as Lots 12 and 13 on a plan by E. S. Smille dated December 22, 1929, and recorded with Middlesex South District Deeds in Book of Plans 185 as Plan 18 said lots together being bounded as follows:

WESTERLY by Glenmore Terrace, ninety-five and 45/100 (95.45) feet;

NORTHERLY by lot 14, on said plan, one hundred and seven and 99/100 (107.99) feet;

EASTERLY by land now or late of Lovejoy one hundred and seven and 99/100 (107.99) feet;

SOUTHERLY by lot 15 and 14 on said plan one hundred four and 13/100 (104.13) feet.

Containing 3141 square feet of land, according to said plan. Be any or all of said measurements or contents more or less, or however otherwise said premises may be bounded, measured or described.

The premises will be sold subject to restrictions of record, if any, so far as in force and applicable, and to all unpaid taxes and assessments, if any there be, the effect of any outstanding tax deeds or titles, sewer assessments and municipal liens, if any there be.

Three Hundred Dollars (\$300.00) in cash will be required of the purchaser at the time and place of sale. Other terms at sale.

RAYMOND F. HEISELBERG, Assignee and present holder of said mortgage.

August 19, 1932.
Aug. 26-Sept. 2-9.

FORECLOSURE SALE OF REAL ESTATE

Pursuant to power of sale contained in a certain mortgage deed dated April 1, 1924, and recorded with Middlesex South District Deeds, Book 4726, page 97, given by Webster & Basley Company to Waltham Savings Bank, present holder thereof, for breach of the conditions of said mortgage and to foreclose the same, will be sold at public auction on Saturday, October 1, 1932, at ten o'clock in the forenoon upon the premises hereinafter described, all and singular the premises conveyed by said mortgage, and all and singular the premises hereinafter described, to-wit:

"The land in that part of said Newton, called Autumn Hill, with the buildings thereon, bounded as follows: Northwest by Commonwealth Avenue one hundred and fifteen (115) feet; Northeast by lot 40, on said plan, one hundred and twenty (120) feet; Southeast by land formerly of Hildreth one hundred and twenty (120) feet; South by lot 41, on said plan, one hundred and one (101) feet; and West by a curve at the junction of Commonwealth Avenue and lot 41, fifty-three (53) feet more or less. Containing eleven thousand and seventy-five (11,075) square feet of land, more or less.

Under and by virtue of the power of sale contained in a certain mortgage of real estate given by Milton Burke and Ruth Burke, of Boston, Suffolk County, Massachusetts, to the Workmen's Co-operative Bank, a Massachusetts Corporation, with its usual place of business in Boston, dated September 12, 1926, and recorded with Middlesex South District Deeds, Book 5424, page 294, for breach of the conditions of said mortgage, and for the purpose of foreclosing the same, will be sold at public auction on the premises in said County of Middlesex, at 3:15 o'clock in the afternoon, the real estate described in said mortgage, to-wit:

"The land in Newton, Middlesex County, Massachusetts, being shown as lot 1 on a plan of land in Newton, Walnut Hill, made by E. S. Smille, dated September 12, 1926, and recorded with Middlesex South District Deeds, Book 5424, page 294, bounded and described as follows:

Northerly by Boylston Street, twenty-five (25) feet;

Easterly by lot 10, on said plan, one hundred and twenty-eight (128) feet;

Southerly by land now or late of Achorn, twenty-five (25) feet; and

Westerly by lot 11, on said plan, one hundred and twenty-eight (128) feet.

Together with and subject to rights of passage over the premises owned by A. Alexander Achorn to Alfred A. Sherman, dated September 12, 1926, recorded with Middlesex South District Deeds, Book 5424, page 294.

Said premises will be sold subject to all unpaid taxes, tax titles, municipal liens, and assessments, if any there be, to the amount of \$200.00, required at sale.

—Mr. and Mrs. William J. Stewart of Cornell street recently entertained Mrs. Stewart's sister and her husband, Mr. and Mrs. Arthur Gerlach of Maplewood, N. J., also Mr. and Mrs. Fred Schumacher of Irvington, N. J.

PARAMOUNT THEATRE

In "The First Year," the leading film which starts at the Paramount, Newton, Janet Gaynor will be seen in a role which enables her to appear as her natural self, much as the real girl she is. Her usual roles have been impersonations which obscured her real nature. In "Merely Mary Ann" she was a scullery maid and in "Daddy Long Legs" she was a poor orphan fated to scrub floors, while in "Delicious" she wore the red tam and the kilts of Scotland and adopted the delightful brogue of the Highlands; but in "The First Year" she has a father and mother of ample means and wears charming frocks. The delightful naturalness of both leading players in this film is said to be really charming.

About Town

By Edw. H. Powers

Abraham Lincoln said—"You can fool all of the people some of the time, and some of the people all of the time, but you can't fool all the people all the time." This truth should be remembered by political propagandists who disseminate incorrect reports about factories and mills putting to work large numbers of men and women.

Several days ago B. Perini & Sons of Framingham, contractors who are building that section of the Boston and Worcester turnpike through Natick, laid 5564 linear feet of this broad, concrete surface highway in 12 hours. Such speed was made possible by the large amount of modern road building machinery operated on this job. With such methods used in building modern highways, how foolish for supposedly wise persons to advocate the appropriation of hundreds of millions of dollars to relieve unemployment by a wholesale road building program.

Human nature, in its essentials, does not change much through the ages. Nearly two thousand years have passed since Christ spoke the parable about the "wicked servant." Today there are, as in ancient days, men who demand leniency for themselves, but who refuse it to those over whom they have control. And the more adamant they are in refusing leniency to others, the more important they seem to be in seeking it. For instance, we observe a wealthy landowner who inherited valuable real estate, business buildings erected many years ago at low cost. As the city grew rapidly so did the value of these buildings. A striking example of unearned increment. During the boom years, the years of the war and those following, this landlord tripled the rents of tenants. While business was prosperous the tenants managed to meet the greatly increased rentals, although to do so was a struggle on the part of some of them. Because of the depression of the past three years the tenants find themselves unable to meet the large rents. They appeal to their landlord. Does he give them relief by lowering the high rents? No! He does not even answer their appeals. But, the same landlord, the assessed valuations of whose properties were increased only a fraction in proportion to the raises he made in his rents, becomes highly indignant when the valuation on his properties is not decreased to the extent he demands and starts litigation against the city where his properties are located.

In the GRAPHIC on August 19th was an article stating that 225 citizens of Newton, including about 100 school teachers, had volunteered to help count votes at the polling places in Newton at the coming elections. Several persons, whose names were included in the printed list of the supposed volunteers, have spoken to us about this article. They said that their first information of this matter was when they saw their names included in the printed lists in the paper. Upon further investigation we ascertained that the public school teachers did volunteer. Practically all of the teachers are Republicans. As there must be an equal number of Democrats serving at the polls, the City Clerk requested several well known Democrats of this city to supply him with names of citizens who would represent the Democratic party in the ranks of the unpaid, assistant precinct officers.

A woman came into the GRAPHIC office on Tuesday morning and asked that parents be warned to caution children who ride in automobiles. She said she nearly had an attack of heart failure just before coming into the office. She was about to cross Washington street, at Channing street, when a roadster whizzed by with two small girls riding in the rumble seat. One of these youngsters was performing an acrobatic stunt over the back of the seat, and the startled spectator expected to see the reckless child dashed onto the road.

Do you remember the "butterfly dances" that Lois Fuller performed in vaudeville theatres 30 years ago? Waving billows of gauzy cloth on a darkened stage while varied colored spot lights created a kaleidoscopic effect on the undulating draperies. Well, this is about what persons expected to witness in the much ballyhooed "corona" of the sun during the total eclipse. This corona stuff was greatly over blab-blahed.

Newton Upper Falls

—Mr. and Mrs. Henry M. Howard have returned from a summer at Cape Cod.

—Mr. and Mrs. William T. Doran, Jr., who have been the guests of Mrs. Doran's parents, Mr. and Mrs. Ernest Cobb of Richardson road, have returned to New York.

—Rev. G. Vaughn Shedd of the M. E. Church will preach upon the topic, "The Eagles Nest," at the morning service at 10:45 a. m. and in the evening his topic will be "The Blind Man of Bethesda."

—Rev. John D. Lyons, who has been assistant pastor for the past few years at the Mary Immaculate of Lourdes Church, has been transferred to St. Ann's Church, Wollaston, Mass. Father William Kerrigan, who has been assistant at Walpole, Mass., will be the new assistant of the parish.

NEW LOW GAS RATE

FOR AUTOMATIC WATER HEATING

The steady, dependable load established by this efficient type of heater now enables your Gas Company to offer a new low optional gas rate to users of automatic water heaters. This new low rate will apply to ALL gas used in your home.

DOWN tumbles the cost of automatic hot water with the revolutionary THERMATOR Gas Water Heater.

Thermator now makes immediate hot water possible for every home at the turn of a faucet. It operates for a few pennies a day . . . less than the price of a package of cigarettes. An entirely new principle—instead of circulating a little water through a large flame it circulates a little heat through an abundant quantity of water.

Thermator is built like a Giant Thermos Bottle to imprison heat and give maximum hot water results at lowest cost. Its purchase price is amazingly small, with easy terms besides, and the added advantage of a new low gas rate for users of automatic water heating.

Automatic, durable, ECONOMICAL. Learn today at our nearest showroom how thrifty it now is for you to reach for a faucet instead of a match.

The Short Line

THE WEEK IN NEWTON SPORTS

NEWTON TEAM DEVELOPING FAST

Coach Ralph Sanborn of the Newton High School football team has had nearly 150 boys out for the varsity squad this week and has divided the candidates into two groups. With the assistance of Coach Charlie Considine he is concentrating his efforts on the development of the varsity outfit. Jeff Jones, coach of the intermediate varsity eleven a year ago, is handling the other group and with Coach Stanhope being available in a few days it is planned to divide this group, consisting entirely of juniors and sophomores, into the usual intermediate and junior varsity teams.

With the present varsity squad the youth and inexperience of the candidates has resulted in considerable practice on the fundamentals of the sport with attention to conditioning, blocking, tackling, punting, and handling of the ball. The present squad, consisting of thirty backs and forty linemen will be further reduced the middle of next week to about fifty.

Of the seventy candidates but five have ever taken part in a varsity game before a crowd. This five are Capt. Huston and Kevorkian, lettermen, Charlie Houghton, Palmer York and William Conway. Houghton, a transfer from Huntington school a year ago, was ineligible for football but made the grade in hockey and baseball. He is fast and rangy and is being developed into an end although he was used at centre while in Huntington. His baseball ability should be of great advantage in snaring forward passes from the accurate tosses of Capt. Huston. Kevorkian is at tackle alongside of Houghton and with his 196 pounds and height is expected to be a bulwark of strength. Conway was a substitute guard a year ago and the slight experience he gathered gives him an edge on the other candidates. He must develop along with these other candidates in order to retain his position as there is a spirited battle among the others.

Captain Warren Huston should be one of the outstanding schoolboy players this fall judging from his natural ability and his play the past two years. He possesses everything to make him a dangerous triple threat. Palmer York, who was brought up to the varsity squad near the end of last season, is another prospective threat. He is fast and shifty and his weight of 165 pounds makes him an ideal back.

Other boys who have been showing some promise and have been used mostly in the so-called first string line-up for signal drill and dummy scrimmage are Johnson at end, Kinraide at tackle, Rich at guard, Thompson at centre, and Cusamano, Thatcher, Flagg and Feola in the backfield.

Other leading material from which the first team will be chosen for the Arlington game the season are Fineberg, McGrath and Murphy, ends; Herbert, Sheridan, Grew and Willson, tackles; Baradito and Bevan, guards; Francis and O'Neill, centres; and Gath, Marcia, McCarthy, Miller, Upham, Whit-

SPORT NOTES

Three On Harvard Squad

Newton has three youths who have been retained on the Harvard varsity football squad by Coach Casey. One of the trio, Francis Gleason, a junior, is a letter man and is slated for considerable duty in the Crimson backfield. Carl Pesoccolido is another local youth who saw considerable experience last year as sophomore but just failed to make his letter. Gleason and Pesky are the halfbacks on team B in signal drill. Donald Gleason, the third local youth, is at present the centre on Team C. He is a sophomore this year and one of the leading players on last year's freshman team.

Dyer at Bridgton

Among the newly registered students at Bridgton Academy, who are to report on next Monday, is Bradford Dyer of Auburndale, Mass. He is the son of Mr. and Mrs. Edwin H. Dyer and is a graduate of Newton High School. During his school course he has been prominent in athletics in football, basketball, baseball, and track and he should prove a great asset to coach Fred "Fish" Ellis, former Tufts College star, who is now beginning his fourth year as mentor at this Maine Preparatory School.

Harrington Out For Practice

Preliminary reports that Dan Harrington of Newtonville had given up football this season were without foundation it was revealed this week when the local youth and Terrier veteran lineman reported for practice. Harrington is at one of the guard positions and is expected to play his usual strong game this season.

Chamberlain Lost To B. U.

Arthur Chamberlain, substitute centre on the B. U. football eleven the past two years, reported for practice this week but was advised to forego the sport this season, his senior year. Chamberlain, who was captain of the track team last spring, underwent an operation on his knee and the doctors advise him that any aggravation of the knee through football might result in permanent injury.

Local Interest High

Local interest is high in the national amateur golf championship at Baltimore this week. Three local golfers, Francis Oulmet and Jesse Guilford of Woodland and Bill Blaney of Brae Burn were among the qualifiers on Tuesday. Blaney topped this trio with 149 for 12th position while Guilford and Oulmet squeezed in with three others with 151. In the first round matches Oulmet upset the veteran Geo. Voigt, 6 and 5 while Guilford and Blaney won over their respective opponents, Eddie Held and Francis Brown, 2 and 1. In the second round matches Guilford beat Chapin, 4 and 3 with Oulmet and Blaney having close battles. Oulmet defeated Noyes by 1 up while Blaney had to go 22 holes to win from Moreland. In yesterday's quarterfinal matches Guilford trounced Chick Evans to win 5 and 4 to go. Oulmet had to beat another youngster in Johnny Fischer and in a nerve-racking battle finished 1 up to gain the semi-final round.

Blaney had Ross Somerville, Canadian star, as his opponent and was defeated at the 31st hole. The Somerville victory, 6 and 5, was the result of a 68, a course record breaking score in the morning round and an even par for the first 14 holes of the afternoon round. Blaney shot great golf and was only 2 down in the morning but he could not keep the pace in the afternoon. The match was played at Goodwood at Omaha, while Guilford will battle with Somerville. Should both come through the final will be an all-Worldland affair between Oulmet and Guilford.

Aldermen Meet

(Continued from Page 1)

and education that Mayor's budgets and ordinances shall agree in future—with general custom and practice, unless in the meantime the Board shall arrange to adopt regular business tactics, as suggested." Following the reading of the letter by City Clerk Grant, Mr. Brennan arose and stated that while he realized that there was no hearing on his letter, he desired to have something to say on it. President Collins of the Board brought his gavel down with a heavy bang on the desk and informed Mr. Brennan that he could not speak. However, when the recess was declared, Mr. Brennan argued the matter before the Claims and Rules Committee.

Appropriations made by the Board on Monday night included \$251.74 for initial payment of a pension to Lawrence Barry, who, having reached the age of 65, is retired after 31 years' service with the Newton Street Department. Other appropriations were \$3390 for construction and acceptance of Bonad road under the Betterment Law; \$2650 for water mains in Aspen avenue and other streets. A motion was passed authorizing the trustees of the Consens Fund to sell \$40,000 worth of United States bonds which would become due in 1943-1944.

Petitions received included one from Domenic Utarro asking for a permit to build a greenhouse at 331 Grove street; Nellie Baldwin for a 3-car garage at her estate, 110 Middlesex road; Mary Sweeney for a 1-car garage at 339 Washington street; Thomas Drew for two first class taxi licenses at 15 Pelham street, Newton Centre; Salvatore Dintitti for four bowling alleys at 1156 Walnut street; Dorothy Turnbull for a common victualer license at 1187 Walnut street; Ethel Egerton for a common victualer license at 1266 Commonwealth avenue. The last address is near the corner of Prince street and in a single residence zone.

LANDOLFI: on Sept. 7 to Mr. and Mrs. Ernest Landolfi of 255 Derby st., a son.

ODETTE: on Sept. 8 to Mr. and Mrs. Alfred Odette of 290 Watertown st., a son.

LASELL OPENS TODAY FOR REGISTRATION

Lassell Junior College opens for registration today and tomorrow, and the opening dinner and dance will be held in Bragdon Hall Saturday evening, September 17. Dr. Arthur Ellis will have charge of the vesper service on Sunday evening at 6:15.

The Home Economics Department has been strengthened by the addition of Miss Mary A. Worcester, B.S., University of New Hampshire, M.S., Kansas State Agricultural College, who has had wide experience in the teaching of Clothing and Textiles. The Katherine Menges, B.S., Boston University, is to assist in the Physical Training Department.

The wise man keeps his courage up by always having a snug balance on deposit

APARTMENT HOUSE BEING MODERNIZED

The Colonna, the large apartment house on Walnut street, Newtonville, built a few years ago of first class construction, is being thoroughly modernized and brought up to date. The newest type of electric ranges are to be installed and the newest trends in interior decoration are being followed. A pleasant feature of the Colonna is that most of the tenants are natives of the Newtons who have owned their own homes and given them up for the comforts of this superior house of homes.

EX-MAYOR TO ADDRESS HOMEMAKERS

Ex-Mayor Edwin O. Childs will be the principal speaker at the Annual Training School of the Home Makers Section of the Middlesex County Extension Service. The meeting will be held in the Congregational Church in Concord, Tuesday, September 20, beginning at 10:30. Mr. Childs' topic will be "A Citizen's Responsibility to the Community."

REGISTRATION DAY AT SECOND CHURCH

The Committee of Religious Education of The Second Church in Newton, West Newton, has announced that next Sunday will be Registration Day in the Church School. All parents in the parish are urged to register their children on this first Sunday of the Church School year. Plans have been developed by the department principals, the members of the Committee of Education, and the Director of Religious Education to conduct a more effective educational program throughout all departments of the Church School.

NEWTON FREE LIBRARY

On and after Sept. 15, the main library and all branches will operate on the regular winter schedule of hours. A poster is on display at each branch, giving the hours of opening and closing for that location.

Police News

Three youths appeared in the Newton court last Friday charged with stealing automobiles and driving while under the influence of liquor. Paul Scott, 21, of 507 Lowell avenue, Newtonville, was fined \$100 for driving a car while under the influence of liquor. For using an automobile without authority he was given a suspended sentence of 30 days in jail. Jeremiah Sullivan, 16, of 105 Nonantum street, Brighton, was found not guilty of driving while under the influence of liquor; he was given a suspended sentence of six months in jail for using automobiles without authority.

Anton Morong of 14 Claremont St., Newton, was arrested last Friday morning by Special Officer Mullen charged with non-support of his children. The complaint was made by his divorced wife.

Francis Tully, Jr., of Arlington road, Brookline, was arrested early last Saturday morning charged with driving while under the influence of liquor. The arrest was made at Boylston St., Newton Highlands by Special Officers Cummings and Thivierge. Tully will be tried on September 16.

James Brown, colored, of Douglas street, West Newton, was in the Newton court on Saturday. He was given a three months suspended jail sentence for threatening his wife. He was sentenced to serve 30 days in jail for drunkenness.

CARS CRASH AT NEWTON HIGHLANDS

Another crash at the wide open intersection of Beacon and Walnut streets, Newton Highlands occurred last Friday. One of the cars colliding was driven by Samuel Roberts of St. Botolph street, Boston. The other was driven by Felix Olivier of 115 Jewett street, Newton. Roberts received injuries about the body. Daniel Burns, 17, of 45 Waban street, Newton, who was riding with Olivier, received injuries to his legs.

NEWTON HOUSE BURGLARIZED

The residence of Edwin P. Brown at 14 Washington street, Newton, was broken into, a safe battered and articles valued at about \$1000 stolen. The Brown family is at the summer home in Swampscott. The theft was discovered last Saturday morning by a servant. Entrance was effected by forcing a rear window. The safe, located on the second floor of the house, was battered open. The burglary was committed some time last week.

Rotary Club

Harold B. Willis of the firm of Allen and Collins, architects of the new City Hall, was the principal speaker at the regular luncheon meeting of the Club held at the Woodland Golf Club on Monday. He gave a most interesting inside story of this beautiful structure which is fast nearing completion.

He told how after studies, starting ten years ago, the present site was selected. The plans at first placed the building facing the Avenue, but the importance of the traffic on Walnut street finally brought about the decision for the present position.

Not forgetting the approach from the west must be made interesting, they finally settled on one connected group of buildings. Clay models were used before the drawings were made. Two buildings are really in the process of completion, one a city hall and the other a war memorial. The characters of the entrance to each are an indication of the uses to which each is devoted.

Working drawings were soon followed by estimates and the awarding of contracts. In the meanwhile building costs came down so much that the final cost was estimated at \$650,000. Further reductions in cost have made it possible to use better material, such as real lime stone, acoustical plaster and teakwood for floors.

The city hall proper faces Walnut street, the foyer leads into the different city offices and aldermanic chamber. The architectural features are worked out with regard to color schemes, furniture, and draperies. The remaining offices are typical of many business office rooms with partitions of enamel steel. The mayor's office is finished in knotty pine with fireplace and an interesting map of Newton over it. A well studied scheme of lighting features is carried throughout.

Memorial Hall, on the other hand, is more monumental. The approach from the west over the steps is into a lobby which leads into the Memorial Hall. This room is a pantheon with a Georgian type of architecture, marble floor, and rostrum. There is no arrangement for such things as moving pictures. This hall will seat three hundred and fifty.

Off from this are offices of the various war organizations, Grand Army, Spanish War Veterans, American Legion. A cafeteria in the basement is so arranged to take care of large groups.

Leading into the war memorial part from Commonwealth avenue one enters the so called hall of flags which was developed late in the plan. The first part of this is octagonal in shape with a twenty-five foot ceiling and a block of marble in the center upon which will rest the book of records and photographs in metal of all war dead. Beyond this hall of flags is a room which is to be called the museum, containing a most interesting feature of action models typical of all wars of our country. In addition there will be four cases of trophies.

The towers and cupola, as well as east and west porches will be flood lighted. There is ample storage space in the basement and the beautiful landscaping of the whole triangle includes ample provision for parking autos on the Homer street side.

It is interesting also that the city had remarkably good luck with the plot, as the surface peat was very thin and it was necessary to go scarcely below the basement to find a solid base on which to build.

Mr. Willis said in concluding, that the job has been a most happy one as all of the contractors connected with it were extremely decent and fair in making all adjustments which have developed in the process of building, and incidentally, the city hall is being built for even less than the original figures.

The keen interest of the members in Mr. Willis' talk was evidenced by the large number of questions which followed his talk.

Harry Bascom, chairman of the Boys Work Committee, gave an interesting account of the work which is being accomplished through the use of Rotary funds. Announcement was made that the golf championship of the Club for 1932 had been won by George Martin.

The next meeting of the Club will be a joint meeting with the Boston Club at the Hotel Statler on Wednesday, when Clinton P. Anderson, President of Rotary International, will be the speaker.

ALLEGED DRUNKEN DRIVER CAPTURED

Monday night a telephone message was received at Newton police headquarters that a fight was in progress on North street, Newtonville. A police car went to the locality with Patrolmen Charlton, Kelly and Maloney, to see the alleged scoundrels fleeing towards Pleasant street, Watertown. They pursued and several times the police car was nearly forced off the road by the other automobile. Finally, at the corner of Pleasant and Waltham streets, Watertown, Patrolman Kelly, driving the police car, forced the other car to the side of the road. Chester Cady of 29 Oakland street, Watertown, was arrested charged with driving while under the influence of liquor, and with drunkenness. Michael Papa of Waltham was arrested charged with drunkenness. Joseph Rourke of 340 Linwood avenue, Newtonville, the third occupant was also charged with drunkenness. He received a slight injury to his ankle and was taken to the Newton Hospital for treatment before being taken to police headquarters. Cady and Papa appeared in the Newton court on Tuesday and their cases were continued to September 21. Rourke did not appear and a default warrant was issued against him.

ALL ABOARD FOR COLLEGE

Beacon Street's Lib Roe is leaving us shortly to begin studies at University of Michigan. Doris Linseott tonight... oil at Wheaton. Jan McKinny will be at Wellesley College. Spyglass sees in Harvard's Yard. Stuart DeBard. Jack Mally. Charles Doherty. Charlie Jacks. From West Newton, Julia Harvey goes Vassarward. Ann Patrick to Smith. While Mary Louise Eddy studies at Bryn Mawr. Auburndale's Vinnie Wentworth and Concord's Bill McGregor matriculating at Dartmouth. Does Spyglass see them rooming together? Another member of Smith's freshman roll will be Waban's Debbie Holmes. Elys Smith to recite at Emerson College of Oratory. El Weston and Ginnie Leatherby to pursue knowledge at Vassar. Goucher, choice of Alice Parkin. Mary MacKay at B. U. Don Robins to be Dartmouthite.

BACK AGAIN

Waban's Frankie returning a junior to Tech. You've got to be good to last that long in Tech. Athletic Fran Gleason back to Harvard. Only sophomores! El Denham to Holyoke. Phil Rinehart once more at Wheaton. Gleason Twins still approve of Harvard's Yard. Richie Souther to Brown. Helen Perkins studies at William and Mary again. But it's a great year!

SEEING THINGS

What Waban girl recently became well acquainted with motor-officer Hammel? Congratulations to Ginnie of Newton Highlands. Spyglass sees much happiness for her. Is Booth Bay a nice place? Just ask Metacomb Road's popular brunette. They say the beer in Canada is good. How about it "boy" on Fuller Street? Lib's Thursday luncheon-bridge was smooth. In a short time Newton Centre's pretty Betty Gordon will be honeymooning-it in the air. Spyglass sees Newton's Hamilton Young back to Harvard as Varsity football manager. "Hope to be" of Newton Country Day's football squad training diligently. Spyglass sees in the distance "Pat" Newton High's ex-football star carrying the pigskin over the line for Taft. Changing a flat tire's no fun after the street lights have all gone out. What say you Mass. 30768? Does Spyglass see Wilbur Russel at work in Louisiana? THANKS

To American's "Girl About Town" for boost. Spyglass welcomes news of you and your chums. What you're doing. Where you're going. Are you on the way to college. Or what have you. Drop a line to Graphic's Spyglass. How do you like the column Mig? Here's looking at you, NATALIE NORTH.

AUTO KILLS CHILD AT NEWTON

Robert Baldasar, 4, son of Mr. and Mrs. Michele Baldasar of 19 Avon Place, Newton, was fatally injured last Saturday afternoon when hit by a car operated by Gertrude MacCallum of 26 Emerson street, Newton. The child ran onto the street after a ball. Miss MacCallum stated she was operating her car at a speed of between 10 and 15 miles an hour and did not see the child, whose skull was fractured. The accident occurred opposite 36 Thornton street. The child was placed in Miss MacCallum's car and rushed to the Newton Hospital by Patrolman Joseph Charlton who came along in his car just after the accident occurred.

FALL FLOWER SHOW

The Newton Centre Garden Club Fall Flower Show will be held at the Library Tuesday September 27th, one to nine p. m. The public will be welcome.

BUILD REPAIR

at 1932 costs

Everything is in the homebuilder's favor this year. Not for 15 years have construction figures, cost of labor and prices of building materials been so low.

We are equipped to help those who have been conjuring building dreams to make those dreams come true... to create a gabled English Manor; a home with Colonial charms or a "wee house" for a restricted budget.

We are taking all the annoying little details off your mind... from the plan to the completed house... carrying out any ideas you may have or using our years of experience in guiding your choice. We will help you to avoid those errors in construction that become magnified many times when you come in contact with them daily.

If it is remodeling or repairing you have in mind, we specialize in painting and general repair work, "fixing" a roof, a foundation, a door or a floor, even building an additional room.

STATE HEALTH DEPARTMENT SAYS CANCER PREVENTABLE

The State Department of Public Health, in connection with the work of the state cancer clinic which meets every second and fourth Friday of the month at the Newton Hospital at 3 P. M., has issued the following advice to the public saying that certain types of cancer are preventable if taken in time. The communication follows:

"Prevention of cancer of the mouth, skin, and of the cervix in mothers rests upon periodic examinations. This protection is practically the same kind of protection and, in some instances, just as complete as is that of vaccination against smallpox, inoculations against typhoid fever, and toxin-antitoxin against diphtheria.

No one should die of cancer of the mouth who is under the care of a good dentist. Cancer of the mouth is the result of chronic irritation by tobacco, ragged, dirty teeth; and ill-fitting plates.

Skin cancer is a preventable disease. The disease never begins as cancer, nor ever begins in a normal spot. At first there is an abnormal spot in the skin. Any individual can see or feel that spot. Letting a physician see at once any skin defect or any lump that is felt, is the greatest protection against cancer of the skin and soft parts.

Cancer of the cervix in mothers is a preventable disease. The cause is chronic irritation. The first spot is

not cancer. The spot which is not cancer may give no signs of its presence by pain or discharge, and there may be no pain or discharge until cancer has fully developed. Therefore, to protect mothers from this type of cancer, there must be, at proper intervals after the birth of the child, a physical examination by a competent physician, and this in the majority of the cases will lead to prevention. In addition, cancer discovered in its earliest stages by this method, before the mother has any definite symptoms, is practically curable by radium.

The danger of cancer is not so much that it is a common disease, but that it is a neglected disease.

The moment any individual learns the value of periodic examinations he must learn at the same time the additional value of seeking the advice of his physician who makes the periodic examinations, as soon as he is warned by any new symptoms or new signs. There is no reason to fear cancer if one has a good family physician in whom he has confidence and to whom he goes for a periodic examination, and the moment any new symptoms are observed.

THE COMING PRIMARIES

Next Tuesday the voters of Newton will go to the primaries to nominate candidates for their respective parties for various offices. Once again Republicans are confronted with the possibility of confusion of the name of Cook which appears on the ballot for two offices. Hon. Frederick W. Cook, Secretary of State, is a candidate for re-nomination and should have the support of all Republicans. Alonzo B. Cook and Emerson J. Coldwell are candidates for the nomination as Treasurer and Receiver-General. Mr. Cook, who formerly held the office was defeated two years ago by the present treasurer, Charles F. Hurley, largely because of the fact that many Republicans voted for the Democratic candidate. Mr. Coldwell is highly regarded and we believe should receive the nomination. It has been proven that Mr. Alonzo Cook cannot be elected. It is to the interest of the Republican party to nominate Mr. Coldwell.

Another contest in which Newton voters are particularly interested is that for the nomination of a candidate for the Governor's Council from the third district. Mr. Arthur W. Blakemore of Newton is one of several candidates opposing the re-nomination of Councillor Esther Andrews. In previous primaries we have advocated the candidacy of Mrs. Andrews. Having known Mr. Blakemore practically all our life and believing that his service before the bar and as a master more than qualify him for the office we advocate his nomination. We believe that as an attorney and as a former president of the Newton Board of Aldermen he can fill the position with greater ability than Mrs. Andrews despite her experience.

In the fifth Middlesex district there is a spirited contest among five candidates for the nominations as Representatives. Two are to be nominated. We must remind the voters of this district that in their enthusiasm for their favorite candidate that they do not overlook Speaker Saltonstall. Give Newton's ablest legislator your first vote and cast your second for one of the remaining four candidates. There are many who believe Rep. Luitweiler should give way to a new incumbent, he having served for eight years. We believe that all the candidates are qualified and knowing each of them personally we refrain from further comment.

In the fourth Middlesex district we are a candidate for the nomination for which Representatives Baker and Thompson are candidates for re-nomination. Last week we explained the reasons for our candidacy on the grounds that Newton can be more efficiently represented if the voters nominate Baker and Brimblecom.

RENOMINATE CONGRESSMAN LUCE

We cannot urge too strongly upon voters throughout the city of Newton the advisability of renominating Congressman Robert Luce at the primaries next Tuesday. It does not take much of a prophet to predict that the Congress to be elected this fall will be confronted with many serious problems affecting the economic well-being of the country. Radical and unsound solutions will be advocated by demagogues and supported by thousands of unthinking people. The state and country are fortunate in having such an influential member of Congress as the Hon. Robert Luce. During his sixteen years of service Mr. Luce has made an enviable record for sound legislation. Under the invariable custom in Congress rank on committees is determined by seniority. Furthermore important legislation often takes its final shape at the hands of the conference committees that reconcile the conflicting views of House and Senate, which are, with few exceptions, comprised of senior majority and minority members. Cong. Luce, if re-elected, is virtually assured of appointment to such conference committees as well as becoming senior member of some committees upon which he now serves. No new member can expect to reach such opportunities for service until he has been in the House for many years. Our present Congressman will also be in an influential position to stop much of the ill-advised legislation that will come before these committees. Mr. Luce's two opponents are basing their candidacy largely upon a repeal of prohibition platform. As Mr. Luce has pointed out, this is not the most important issue of the campaign. The most important is how to get ten million men and women back to work. Incidentally Candidate Robart of Cambridge is not a resident of the district which he desires to represent. While this is entirely legal is has not been done in Massachusetts for many years. Mr. Robart, a resident of Cambridge, is a resident of another ward from that of the seven which are included in the new ninth district. Mr. Luce is now serving two-thirds of the new ninth district and should, without question, be re-nominated for Congress.

POLITICAL ADVERTISEMENTS

UNFAIR POLITICS

Mrs. Esther Myers Andrews of Brookline, the present Governor's Councillor from this District, last week in advertisements in the local papers of this District claimed to be "endorsed by the following citizens in her District," naming many leading citizens who do not endorse her and will not vote for her.

Read this letter of Edwin O. Childs, for sixteen years the beloved Mayor of Newton, placed on Mrs. Andrews' list as one of her endorsers:

September 13, 1932.

Mr. Arthur W. Blakemore,
139 Park Street,
Newton, Mass.

Dear Arthur:

A political advertisement in last Friday's Graphic is a bit misleading and may have surprised you. I have not even been asked this year to endorse Mrs. Andrews' candidacy for the Governor's Council.

Many years of uninterrupted friendship and service together with you in the City Government of Newton, not only compel me to vote for you, but also to work wholeheartedly for your nomination for the office to which you aspire.

Sincerely yours,

(Signed) EDWIN O. CHILDS.

Read this letter of Ex-Mayor Winfield Temple of Marlborough who is one of my personal friends and who has been from the beginning of my campaign one of my active supporters:

September 13, 1932.

Mr. Arthur W. Blakemore,
27 State Street,
Boston, Mass.

Dear Mr. Blakemore,

It has just come to my notice that a political advertisement appeared in the Newton Graphic September 10, 1932, in which a list of names was given as endorsing the candidacy of Mrs. Esther M. Andrews for re-nomination in the State Primaries September 20 for the Governor's Council.

Neither Mrs. Temple nor myself have this year endorsed the candidacy of Mrs. Andrews, and the use of our names in said ad was not authorized.

Sincerely yours,

(Signed) WINFIELD TEMPLE.

These letters and others can be seen at my office.

I am reliably informed that also the following leading citizens, in addition to those given above as her endorsers, do not endorse her and will not vote for her:—Mayor Sinclair Weeks of Newton, Charles F. Rowley of Brookline, Honorable Edward T. Simoneau of Marlborough, Honorable Prescott Keyes of Concord, Mayor A. A. Martel, Honorable Seward W. Jones of Newton and George W. Dale of Water-town.

I am informed that Mayor Weeks of Newton is writing a letter to Mrs. Andrews telling her that he does not endorse her and that her use of his name is unauthorized. I have not checked other names on her list to ascertain how many are improperly there.

HONESTY is now the only issue in this campaign. The Governor's Council needs persons whose word can be relied upon. I believe that only two candidates in this contest have a chance of success next Tuesday, Mrs. Andrews and myself, and I urge you not to waste your vote but to REPUDIATE THIS ATTEMPTED WHOLESALE DECEIT OF THE VOTERS OF THIS DISTRICT and

**VOTE FOR
ARTHUR W. BLAKEMORE
of NEWTON
For Governor's Council**

Thomas H. Russell, 5 Park St., Brookline, Mass.

THE NEW NINTH DISTRICT

Over a year ago there was a reallocation of Representatives to Congress from the various States. Some States gained Representatives. Massachusetts lost one. It became necessary for the Legislature of this State to make some changes in its Congressional Districts to meet this situation. A committee was appointed to study this matter and bring in recommendations. When the report of this committee was presented, to the amazement of the majority of the people of Massachusetts the two districts which had been sacrificed were the 8th, represented by Congressman Dallinger of Cambridge, and the 13th, represented by Congressman Luce of Waltham. The latter district included Newton. Two-thirds of the 13th and about one-third of the 8th district were merged to form the new ninth district. These two Congressmen were two of the ablest of the Massachusetts delegation, and one or the other of them would be eliminated, while Congressmen of much inferior ability and prestige would be retained. Representative Thompson of Newton was a member of this committee and acquiesced in the report which adversely affected the Congressional District which included his constituency.

About Town

By Edw. H. Powers

The death of Miss Fannie Fogg of Newton Highlands on Wednesday, one month before her 101st birthday, brought an unusual life to an end. She had lived more than a century and 67 of those years she had been an invalid, the result of severe injuries received in a railroad wreck in 1865. During these nearly "three score and ten years" Fannie Fogg manifested a serene resignation and a sublime faith that made her a living example of Christian fortitude. In connection with her lingering years of physical trials the steadfast loyalty and generous devotion of her fellow members of the First Baptist Church of Newton Center stands out as one of the finest accomplishments of practical Christianity in the history of this community.

Harry Walsh of West Newton, reporter for the Boston Post in the Newtons and surrounding territory passed into eternity on Tuesday morning at the Newton Hospital. Harry entered newspaper work 7 years ago, right after graduating from high school. For a long time he had been suffering from heart trouble, but he courageously stuck to his task, and his pleasant smile always greeted one. Harry only lived 25 years, but in that short stay on this earth he made more friends by his cheerfulness and gameness than do most persons whose tenure of life is long.

Warren K. Brimblecom, with whom we are associated on the NEWTON GRAPHIC, is a candidate for one of the two Republican nominations for Representative to the Massachusetts Legislature from the 4th Middlesex District which includes Wards 1, 2, 3 and 7 of the City of Newton. We did not suggest to Mr. Brimblecom that he become a candidate for this office and he did not suggest to us that we write this recommendation.

There is an old saying, and a true one, that "One must live or work with a person to really know him." The writer has worked with Warren Brimblecom for seven years, and believes he knows the candidate thoroughly. We have found him to be unselfish and fair-minded and we believe that he possesses the requisite character and ability to serve the 4th Middlesex District competently and conscientiously. He has tact. Anyone who could get along amicably for seven years with an individual of our combative type must have oodles of tact. His views and our views do not always agree on matters political, but they agree sufficiently to cause us to believe sincerely that it will be to the advantage of this city and the State to have him elected to the Legislature as one of Newton's Representatives. And the Republican nomination in Newton is equivalent to election.

Funny, isn't it, that persons who are candidates for public office and who tell how they will zealously work for the furtherance of law and order, and so forth, et cetera, permit their workers to paste and tack their placards on trees and poles in violation of the law? The police in Waltham removed placards so displayed. But, in this city the police allow the placards to remain where they have been illegally placed.

Harold F. Young of Auburndale has displayed tact, sympathy and excellent judgment in his work as Secretary of the Unemployment Relief Committee of Newton. If all men in public life endeavored to be as fair as Mr. Young, things would be much more satisfactory.

We were awakened at 3:45 this morning. It was an acrid smell that awoke us. We recognized it at once as the stench, which for the past couple of years, has wafted into Newton on damp days and nights when an East wind prevailed. It comes from chemical works at Everett. Inasmuch as this nuisance did not bother this section until the last couple of years, it is logical to suppose that the chemical company at Everett started at that time to manufacture some new product, or started some new process which has produced this nuisance. It only bothers Newton when the combination of a damp day and an East wind exists, but it is quite in evidence in nearer places to Everett at other times. There is no good reason why one chemical company should be allowed to adversely affect the health and comfort of the vast population of Greater Boston. It is the duty of the State Board of Health, in co-operation with local health officials to take steps to end this nuisance. It is also the duty of the members of the Massachusetts Legislature. The manufacture

CHRISTIAN SCIENCE

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 18.

The Golden Text is: "Every man is brutish in his knowledge: every founder is confounded by the graven image: for his molten image is falsehood; and there is no breath in them" (Jeremiah 10:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwelleth righteousness" (II Peter 3:10, 13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As mortals gain more correct views of God and man, multitudinous objects of creation, which before were invisible, will become visible. When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness. Spirit and its formations are the only realities of being. Matter disappears under the microscope of Spirit" (p. 264).

Newton Centre

—Mr. John M. Fitzgerald and family of North street have returned from a week's vacation at Ogunquit, Me.

—Mrs. William B. H. Dowse and daughter, Miss Margaret Dowse, of 218 Temple street, returned to their home from the Cape.

—Mrs. Della M. Lawrence of Henshaw street is at the Newton Hospital where she recently underwent an operation for appendicitis.

—Mr. and Mrs. Joseph C. Fuller of Fountain street have returned from their summer home at Englewood Beach, West Yarmouth, Mass.

—Mr. and Mrs. Alfred E. Thayer and family who have been spending the summer at Hull have returned to their home at 370 Austin street.

—Mr. and Mrs. T. H. Haines and their two daughters of Sheffield road have returned from a summer season spent at their country home at South Yarmouth.

—Mr. and Mrs. Carl Ericson and family of 56 Elliot avenue have returned to their home after spending the summer season at their summer home at Rye Beach, N. H.

—An apple tree in the yard of Timothy O'Connell on River street started to blossom last week for the second time this year. It presented the unusual sight of a tree bearing fruit and blossoms at the same time.

—Mr. and Mrs. Frank S. Webster, Miss Olive Webster, returned on Friday from their summer home at Great Chebeague Island, Maine. Miss Olive Webster won the Spalding Cup for the Women's Championship of the Great Chebeague Golf Club.

—"Welcome Home" Sunday will be observed at the Lincoln Park Baptist Church on Sunday morning. The Rev. John Shade Franklin will preach from the subject "New Adventures in Friendship." Miss Olive K. Burrison will be the soloist. The Eureka Male Quartette, a colored students group from New Jersey, will sing at the evening service.

—The Newton Emblem Club No. 8 held their regular meeting on last Monday evening at Elks Hall. Miss Florence E. Gagan, past president, was hostess for the evening. Following the meeting an entertainment was presented and a collation was served.

Much Ado About Johnny!

"Whatever shall I do about Johnny?" wailed that young hopeful's mother. "He can't keep his clothes clean half a day. At noon he's a perfect sight!"

When Johnny comes marching home dirty, mother won't be so cross . . . and home will be a happier place . . . if the laundry has to solve . . . and dis-solve . . . the dirt on the seat of Johnny's pants!

Children's clothes are included as a part of all family services.

ONE THING AND ANOTHER

By L. D. G. Bentley

This year's crop of football players may pick up a few ideas if they watch the candidates in the present political scrimmage.

True Confessions

Inquisitive at all times but maintaining, whenever possible, an air of indifference I have yearned to know how other people spent their vacation. In fact, I became not only inspired but industrious and went about, putting it straight up to first one and then another. Here are some of the answers:

"I had two weeks. Wonderful while my money lasted but the other 12 days were very dull."—L. G. H.

"We occupied our cottage on the banks of the beautiful Pemigewasset river. One day, when our backs were turned, somebody broke in and stole the radio. After that my vacation was perfect."—D. B. B.

"Mine wasn't a vacation at all. It was a course of instruction on how to run a kerosene stove under a tent. And I didn't get a diploma."—Effie.

"Never got so much exercise in a short time. Spent hour after hour digging ditches in which to bury clam and lobster shells to test my wife's theory of camp sanitation."—O. Bill.

"Everything would have been all fine and dandy if I hadn't had to keep my daughter's boy friends supplied with cigarettes and cigars."—Dad.

"Had a bully time. Spent the first 10 days praying it wouldn't rain the day of the eclipse because I wanted to photograph it, and the next four days kicking myself because I didn't include cloudiness among the things I asked the Deity to prevent on that particular day."—Gwendolyn.

"Stayed up late every night, slept till afternoon every day, didn't get sunburned and lost four pounds. Perfect. I call it."—Oswald.

"Remained at home this year so I could play in the city tennis tournament. Only got to the quarter-finals, but it was good experience."—Stewart K.

"Left the kids at the mother-in-law's and went to Montreal for the water-cure. Had a great time and the wife is starting to speak to me again so soon."—Mac.

"You ask me what I did? O, yeah. Met all the filling-station boys and garage mechanics between here and Toledo, Ohio. Next year I'll hitch-hike and save money."—Buster.

"Went on one of those two thousand mile sea cruises to get away from it all and found the club pest among my fellow passengers."—Archie.

"Haven't had mine yet. Late October for me so when I can get it nobody will think to ask me such a fool question as yours."—Groucho.

"Everything was swell until the last day. Coming home through Vermont I got pinched for speeding, and believe it or not, I couldn't get it fixed and had to pay a fine."—Traffic Cop.

How's Your Eye?

You have heard of "catching the public eye." A great deal of it is being done these days in the interest of candidates for political office. Just how big a catch has been made will be revealed when the winners of the State primaries next Tuesday is made public. Those with the largest total of ballots will be credited with the most eyes. Yours may be among the number. As far as that goes it may have been caught already.

There hasn't been as much money spent in this campaign on the average as in some previous years. Hard times, business depression and all that sort of thing. And this may seem strange too, in view of the fact that more people are seeking opportunity to run for something. By the way, in case you don't know there are a number of Representative districts—that means membership in the lower branch of the Legislature—where scores of Democratic and Republican candidates are out for one or two nominations. There is one Representative district in Essex county—the Third Essex if you must be specific—where 28 Republicans and 24 Democrats want a chance to contest at the State election for three seats. That means 52 candidates, in case you have forgotten your addition.

But let's get back to this "catching the public eye" business, providing you can spare the time. The worst example I have observed, and I must confess I run afoul of a lot of such things, is a man who is supporting a candidate for State office and in his enthusiasm, has had printed in ink on his white shirt collar the name and office of his idol. Now that is not fiction for I was privileged to study this original advertising device. I was asked my opinion of it and what I said will not be repeated here for fear of compelling the compositor to use up all his dots and dashes.

Well, that makes these signs and posters and cards seem sort of tame, not to mention the covers on spare tires and the banners which adorn the rear end of automobiles. It seems to be the practice of many candidates to hand out cards. I can tell you a little joke on one fellow. He was rather proud of his card when as a matter of fact most of the credit was due the printer. This man gave a big batch of cards to a friend. At least he sent them by mail and then came around to see what his friend thought of them. "They're great," said the other. "I wouldn't ask for any better. You have left one side blank and they make a fine thing for writing memoranda. I'll let you know when I run out. No, I haven't read the printed side and don't mean to."

Mere Prepositions

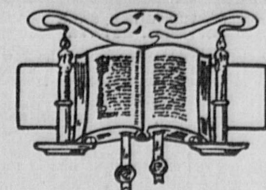

I don't know how many years it is that I have worried over the use of "and up." That is not a typographical error; nothing has been left out or stuck in by mistake. No, I am talking about the hotel keeper who advertises his rooms "Three dollars a day and up." You see the "up" has always implied a no-limit game with you and me on the short end. The \$3.00, we agree, was merely a beginning and the "up" meant that we could be taken for a ride that might end in the poorhouse if we didn't hold onto our pocketbook.

Experiences that you and I can recall bear out all that I say in this regard. You probably can tell a better one or two than I. Well, as long as we understand each other we can let it go at that. I just wanted to make things clear. It has always seemed to me that "and up" was an invention of someone who wanted to torment his fellow beings. "Why doesn't somebody think of something better?" I have asked myself time and time again.

At last I found my pleadings answered. In one of the smartest weekly publications in the country there was an advertisement of a very swaggy hotel at an equally swaggy watering place. It read, "Single room, with bath, from \$9.00." Do you get that? "From \$9" and not "\$9 up." I was so glad to see a variation of the old line that I almost cried with joy. Then I read on and found, "Double rooms, with bath, from \$17."

To tell the truth I still remain unsatisfied. I thought if they got away from "and up" I would feel a lot happier. I have now concluded that "from" is something novel but more expensive. Not that I intend to engage a hotel room either "\$3 and up" or "from \$9." No, I don't expect to be able to get away as either amount to me is a luxury. But I have concluded that the introduction of new words is more expensive and I'd rather take a chance at a hotel that advertised "and up" than "from."

How about you?

NORUMBEGA DISTRICT COUNCIL

The church school forces are rallying in numbers and enthusiasm this Fall. The co-operative church school work of the Norumbega District will continue, as usual, with its Monday evening School of Religious Education at Newtonville for Sunday School teachers and workers. Other co-operative projects will also be carried on.

The opening evening of the Training School will be October 10, at the Newtonville Methodist Church, as in the past. Courses on the following subjects will be given: Life of Christ, How We Got Our Bible, Understanding Young People, Mental Hygiene in Religious Education, Primary Materials and Methods, Junior Materials and Methods.

The Executive Committee of the Council is meeting this week, and the Board of Education will assemble next week to make further plans. The executive committee was newly organized last Spring and contains the following Newton members: Geo. M. Willmarth, Charles W. Bond, Wm. A. McCormick, Herbert C. Mayer, Mrs. Edmund I. Wilson.

The most important task for September is the publicity for the Training School, also promotion of Religious Education Week and of the District Standard for Lesson Study. This Standard reads as follows: "At least one-half hour's work each week in the home by every pupil in preparation for the Sunday's lesson." This standard has already been favorably considered by a number of church schools. Posters for distribution in the home to explain the project are now available by telephoning Middlesex 3012.

Y. W. C. A.

Several prominent people of the Newtons are assisting in programs of entertainment and education at the Boston Y. W. C. A. this fall. The impressive list follows:

Mrs. Alice Dixon Bond of Fair Oaks Avenue, Newtonville, will again serve on the faculty of the Department of Adult Education. She will discuss latest books and plays. Senora Correo of Walker street, Newtonville, has been appointed to this department and will meet classes in Spanish.

Dr. Wynn C. Fairfield of Cabot street, Newtonville, is listed for a lecture on "China, Past and Present." Dr. Boynton Merrill of West Newton will lead discussions on "Understanding Your Neighbor." Miss Jessie Ness of Newton Highlands will meet pupils for instruction in Arts and Crafts.

Miss Evelyn Keys of Auburndale is a member of the committee managing Gala Night, the annual fall frolic, Friday, September 23, starting at 6:30. The program will consist of a variety show, a play and swimming exhibition.

Professor Brewer G. Whitmore, who attended both Democratic and Republican Conventions, will come from the Smith College to discuss the party platforms. Dr. Kirtley Mather of Harvard University has been secured for "Living in a Friendly World." The effect of the new income tax law is being introduced this year, and other equally fascinating subjects are: New Books and Plays, Understanding Your Neighbor, Everyday Psychology, Art of Conversation, Gaining Self-Confidence, How To Be a Charming Hostess, Tasty Desserts, Your Child, Variety Crafts, Book Binding, Drawing for Fun.

NEWTON CENTRE HOUSE BURNED

At 12:30 a. m. Sunday sparks from a chimney set fire to the roof of the residence of Earl Hubley at 501 Dudley road, Newton Centre. The damage was slight; members of Engine 3 crew confining the blaze to the roof where it started.

a day and up." You see the "up" has always implied a no-limit game with you and me on the short end. The \$3.00, we agree, was merely a beginning and the "up" meant that we could be taken for a ride that might end in the poorhouse if we didn't hold onto our pocketbook.

Experiences that you and I can recall bear out all that I say in this regard. You probably can tell a better one or two than I. Well, as long as we understand each other we can let it go at that. I just wanted to make things clear. It has always seemed to me that "and up" was an invention of someone who wanted to torment his fellow beings. "Why doesn't somebody think of something better?" WOMEN'S CLUBS

Edited by Emma D. Coolidge

The first activity among the Newton Clubs and one which will be very interesting to all Club women as well as for other people is that of the

Garden Club of Newton Highlands

The first meeting of the Garden Club will be held at the Work Shop in Newton Highlands on Wednesday, Sept. 21st, at 2 P. M. and will combine the regular meeting with the Fall Flower Show. The Flower Show will be open to friends of the club from 5 to 9 P. M.

CHILDREN'S MUSEUM

"Me and My Dog" is the name of the Bruce pictorial showing the journey of a man and his faithful companion over the peaks and through the valleys of the Canadian Rockies to feature Saturday afternoon at the Children's Museum of Boston at three o'clock this week. This film is a dramatization of the kindness of dogs to animals and the fidelity of dogs to man.

An interesting model of an Eastern Woodland Indian bark house made by Chester Paskow in the Museum Indian Lore Club has just been put on exhibition. One can note the lasso hanging by the open door of the house, the woven baskets filled with grains, the racks on which strips of meat are hung for drying, the skins stretched on frames for curing, pieces of venison wrapped in skins and hung out of reach of prowling animals, a pile of vegetables, charred sticks left from an open fire in which the pottery standing near by may have been baked, and last, but not least, a kneeling Indian with the speeding arrow about to leave the taut bow string. This model made by the thirteen year old youngster is accurate in every detail.

The museum is open week days and holidays from 9 to 5 and Sundays from 1:30 to 5. The building is in Olmsted Park off Jamaica way and can be reached by a Jamaica car from Park or Dudley street, to Moraine street.

AUGUST HEALTH REPORT

The report of the Newton Board of Health for the month of August shows that 37 deaths occurred in the city during that period; 16 males and 21 females. Erysipelas caused 1 death; cancer 7, cerebral hemorrhage 1, heart ailments 13, pneumonia 2. Few cases of communicable diseases were reported. These included—scarlet fever 3 cases, measles 3, mumps 1, whooping cough 5, lobular pneumonia 1. The death rate per 1000 was 6.51 as compared with 6.20 for August 1931.

Inspectors of the Health Department investigated 17 complaints, inspected 74 tenements, 14 barber shops, 129 markets and stores, 20 restaurants, 19 ice cream manufactories.

RALPH INCE AT PARAMOUNT

Ralph Ince, member of a well known Boston family of players, will be on the screen at the Paramount, Newton, for four days, starting Sunday. The play in which he is to appear is "Guilty as Hell" by Daniel M. Rubin. It is a great mystery play in which the other principal parts are taken by Edmund Lowe and Victor McLaglen. It is out of the ordinary line of mystery plays with a cast of 20 or more players.

On the same program will be seen Paul Lukas and John Gilbert in a domestic drama entitled "Downstairs." This is a cleverly done picture which society folks will be sure to enjoy. The last half of the week the showing will be Walter Huston and Kay Johnson in "American Madness," and Johnny Mack Brown in his picture version of the early days in California.

ST. BERNARD'S COURT, M. C. O. F.

The newly elected officers of St. Bernard's Court are: Mary E. Keefe, Chief Ranger; Michael Rabbit, Vice Chief Ranger; Mary Haney, Record Secretary; Mrs. Timothy O'Connell, Financial Secretary; James Kivlehan, Treasurer; Mrs. Ellen Cassidy, Senior Conductor; Mrs. John Hession, Junior Conductor; Michael Dempsey, Inside Sentinel; Charles Goldrick, Outside Sentinel; Patrick Delaney, John Forristall, Patrick Gleason, Trustees.

The Court will observe its 50th anniversary on September 26 by holding a banquet at Catholic Club Hall, West Newton.

You get good fiction in the Boston Globe—You get the best of everything in the Boston Globe—Make the Globe your Boston newspaper. Adv.

LAND COURT

[Seal.]

NO. 3742

ALL Whom It May Concern, and
State Street Trust Company,
of the State of New York, having an
place of business in Boston, in
County of Suffolk and said Com-
wealth; John E. Mahoney, of said
; L. S. Herrick, doing business
the firm name of Easterbrook
Company, of Somerville, of Som-
County of Middlesex, of said Com-
wealth; and Joseph S. O'Neill, of Bel-
in the County of Middlesex and
Commonwealth; James H. Mor-
of Brookline, in the County of
Suffolk and said Commonwealth; R.
and W. Wentworth, of New York, in
State of New York, of said Com-
wealth, whose residence unknown, or her
devises or legal representa-
tives, a petition has been pre-
sented to said Court by Fred Gross-
of Waltham, in said County of
Middlesex, to foreclose a mortgage
of said Court, and the taking of a
option from the tax lien proceed-
described in said petition in and
winning a certain parcel of land
in Newton, in the County of
Middlesex, and in said Commonwealth,
and described in said petition
as follows, to-wit: A certain lot
containing 6,375 square feet of land on

ville Avenue, being more particularly described in Section 14, Block 37C of Assessors' Plans.

If you desire to make any objection to the proposed assessment, you must file a written appearance and answer, under oath, setting forth clearly and specifically your objections or defense to each part of the petition in the office of the Re-

corder of said Court in Boston (at Court House) on or before the 9

September next. Where the return shows your appearance is filed by you, your default will be recorded. The said petition will be taken as granted and you will be forever barred from contesting said petition and from entering thereon a return.

In addition to the usual service of this notice as required by law, ordered that the foregoing citation be published forthwith once each for three successive weeks in the Boston Graphic, a newspaper published in said Newton.

Witness my hand and the seal of said Court, this 30th day of August in the year nineteen hundred and thirty two.

Given at the City of Boston, this 29th day of August, 1932, at the seal of said Court,
CHARLES A. SOUTHWORTH, Recorder.

29-16.

Commonwealth of Massachusetts
Probate Court
Grace M. Young and Chauncey E. Chatham, C. Herbert Russell and Harriet E. Tupper of Maynard in the County of Middlesex vs. Charles R. Russell of Miami in the State of Florida, Elizabeth F. Davis of Miami in the State of Florida, et al.

shire, and to all other persons in-

WHEREAS, Arthur J. Russell of Minneapolis in the State of Minnesota has

to said Court a petition representing that he is entitled to have assigned eighth part or share of land lying in Newton in said County of Middlesex, and sheweth as follows: A certain parcel of land with thence thereon containing 12,793 acres more or less, bounded as follows: To wit, beginning at the corner on Pleasant St. thence going South 7 degrees West by land and running North 80 degrees East and running North 84 degrees West by Pelham St. 79 ft., thence by the side of the lot owned by said land formerly of George P. Davis to a corner, thence turning and running North 60 degrees East to said lot St. 73½ ft. to the point of beginning; setting forth that he desires that he said land may be sold for \$100 per acre, less than thirty-five hundred dollars and praying that partition made, and that the same be sold according to law, and to that end that Commissioner be appointed to make such partition, and that he make such sale, and that the proceeds thereof be paid in full to him, and that the balance of all or any part of the land which the Court finds cannot be so divided be sold at public auction, and be ordered to contribute the net proceeds thereof.

And he hereby prays that a writ be held at Cambridge, County of Middlesex, on the first day of March next, at ten o'clock in the forenoon, to show if any you have, why the same be not granted, and that he said petitioner be ordered to serve

tion by serving a copy thereof on person interested whose address known, either personally or by registered mail, fourteen days at least before trial, and if any one is not so served, by publishing the same once in each week, for three successive weeks, in the Newton Standard, a newspaper published in Newton, Massachusetts, at least one week before said Court, and by mailing a copy thereof to the last known address of such person fourteen days at least before said Court.

Witness, John C. Leggat, Esquire, F
Judge of said Court, this sixth day

One hundred and thirty-two
LORING P. JORDAN, Register.
16-23.

**FORECLOSURE SALE
OF REAL ESTATE**

Warranted to a power of sale contained
certain mortgage deed dated April 1907,
and recorded with Middlesex
County Deeds Book 100, Page 107,
by Webster & Basley Company to
my Savings Bank, present holder
of said mortgage, the power of said
deed to and to foreclose the same, will
at public auction on Saturday,
April 23, 1922, at 11 o'clock, A. M.,
upon the premises hereinafter de-
scribed, all and singular the premises
and appurtenances therein and here-
in contained substantially as follows:

That part of said New Town,
Massachusetts, bounded as follows: Northwest
Commonwealth Avenue one hun-
dred and twenty-five feet; South-
west by formerly of the City of New
York (40 feet); Southeast by land
of the City of Hingham (25 feet);
South by a curve at the junction
one hundred and one (101) feet;
Southeast by a curve at the junction
Northwest Commonwealth Avenue and
Ash Street one (53) feet more or less. Con-
taining in all about one hundred and
thirty-two (32) square feet. Being the premises
to be sold to said Company by deed of

premises will be sold subject to all unpaid taxes, tax liens, tax and municipal liens and assessments. A cash payment of three hundred dollars will be required from purchaser at the time and place of sale. Other terms will be announced at sale.

Sixty Scout Council Leaders Meet at Camp Baker For Week-End Training Session

Practically Every Troop in Newton Represented At Official Opening of Season

The 1932-33 program of Norumbega Council is off to a running start as a result of a training session held last week-end at Camp Baker, on the shores of Badloch pond, in Douglas, Mass. The group was composed of Commissioners, Troop Committeemen, Scoutmasters, and Assistant Scoutmasters, representing practically every troop in Newton.

Saturday morning, after a very dismal Friday, dawned bright and clear and some of the leaders arrived at the camp early to go fishing. There was a very high wind, and the lake was extremely rough, but they ventured forth just the same, returning later in the morning. Several members of the 1932 Camp Staff arrived and began opening camp for the week-end affair. These Scouts were: Charles S. Frary, Jr., Walter Amesbury, Jr., Philip Trowbridge, Robert Ohler, J. L. H. Dodge, Jr. Canoes and row boats were taken to the waterfront, and the two sailboats were rigged for service. By 4.30 practically all of the leaders were in camp, they could be found in the woods looking over the Camp Site, on the waterfront, and in small groups talking over Scout affairs.

At 8:00 o'clock, the cook called the group into dinner. After dinner Scout Commissioner Marcy announced the evening's program. At 7:30 the camp fire, "The Fire of Cooperation," to which every man brought a stick, was lighted. The camp fire was conducted by Mr. W. R. Speirs, Assistant Scout Executive. It was opened by singing led by Cubmaster Brad Grove, followed by a brief talk by Mr. John M. Bierer, President of the Council, who stressed the need for a troop program which would serve to chart the year's course of a troop and have it arrive at a given destination. The next group of songs was led by Dr. R. H. Nichols. Then Scout Commissioner Marcy explained the year's program of Norumbega Council indicating that it was planned not as the program of an abstract group, but as the framework on which each troop could build its own year's program. He indicated that the rally on Nov. 19 would be the first activity which would interest all the Scouts. The campfire closed with a Scout's Benediction by A. B. Root, Jr.

The balance of the evening was spent in District meetings where the men discussed District affairs and general policies. District Commissioner M. P. Gaddis conducted discussion of the Viking District comprising West Newton and Auburndale, and the Squanto District comprising Newton, Nonantum, and Newtonville. District Commissioner Gilcreas conducted the discussion of the Sachem District which is Newton Centre, and the Quinebaug District which comprises Waban, Upper Falls, and the Highlands.

Saturday night was extremely cold, and some of the men claimed that the thermometer went down twenty-eight degrees but most of the men slept comfortably and well. Sunday morning was bright and cold with a light breeze which gradually became stronger during the morning, ruffling the surface of the lake. Breakfast was served at 8:15 followed by the announcement of the day's program. The men then proceeded to clean and pick up, and shortly afterwards the two sailboats sped from their moorings, the row boats and canoes went into use and the morning recreation was under way. At ten o'clock the Scouts own service was held in the Recreation Hall led by Mr. Root, Mr.

E. Payson Upham offered prayer, and Dr. R. H. Nichols spoke on the "Certainty of Immortality and Eternity." After this the men went out into the field and the Scout Executive, L. A. Bruce, Jr., told them about the Ten Year Program of the Boy Scouts of America. The objective is that during that time or at the end of that period to have one boy in every four in the United States, and to have every boy taken in the Movement at least four years.

The next part of the program involved two groups, one of the Scoutmasters and assistants who discussed program building with Scout Executives, and the other composed of Troop Committeemen with Scout Commissioner Marcy and District Commissioner Gilcreas discussed the work of the Troop Committee and the new plan of conducting examinations in the Council. At 12:15 there was a demonstration of the signaling and Knife and Hatchet on the Council Rally Program. Dinner was served at one o'clock. At 2:15, Mr. Stanley Walton, licensed Maine Guide, demonstrated the use of the axe. At 2:45 Mr. Speirs and the Camp Staff, dramatized a Corner-tooth meeting, so called (which means a meeting of the Scoutmaster with the Senior Patrol and Patrol leaders) preparing a year's program for the troop.

The training procession was concluded at 3:30.

The following Troops were represented:

Troop 1, Messrs. Norman MacConnell; J. H. Eddy, Charles Lynde, A. M. Ziegler, Wilson Ross Troop 2, Messrs. E. C. Hillard, James Ryan, William Myott, Fred Van Wokmer; Troop 4A, Dr. C. A. Pope, Messrs. Richard Schroeder, Edward Patterson, and Robert Patterson; Troop 4B, Philip Trowbridge; Troop 5, Messrs. A. E. Noble, M. Whipple, Harry Hallas, Otis Means; Troop 6 (to be formed) Dr. Waldo Walker and Mr. Chester Hill; Troop 7A, Messrs. C. A. Reed, Joseph Fuller, Stanley Walden; Troop 7B, Messrs. C. F. Liscomb and James Walton; Troop 7C, Mr. Vincent Kern; Troop 9, Messrs. A. B. Root, Jr., L. Rogers, E. Payson Upham, Winthrop Rhodes, L. St. Lawrence; Troop 10, Dr. E. J. Morse and R. H. Nichols; Messrs. D. G. Robbins; R. A. Garrison, W. P. Harris, Paul Rycroft, Ritchie Garrison; Troop 11, Arnold Barker; Ship 13, Sea Scouts, Skipper William V. M. Fawcett and First Mate Donald Curtis; Troop 15, Silas Bennett; Troop 18, Messrs. R. B. Peirce and Henry Ohler; Troop 20, Mr. C. R. Clifford; Troop 22, Messrs. Albert Partridge and Benjamin Fawcett.

Council Officers present were: John L. Bierer, Council President; G. D. Marcy, Scouts Commissioner; Deputy Commissioners, F. W. Gilcreas; L. D. MacNutt and M. P. Gaddis, Assistant Scout Executive W. R. Speirs, and Scout Executive, L. A. Bruce, Jr.

BUILT GREENHOUSE WITHOUT PERMIT

Domenic Uttaro recently built a greenhouse at 331 Grove street, Newton Lower Falls. He erected it without having obtained a permit to do so. Moreover this section is in a private residence zone. The Planning Board of the City of Newton has recommended that Uttaro be compelled to take the building down. Uttaro has petitioned the Newton Board of Aldermen for a permit to be allowed to continue the building and to use it in his business. A hearing on this matter will be held before the Claims and Rules Committee of the Aldermen on September 28.

POLICE NEWS

Early Monday morning Serg. Bannon with Patrolmen Chadwick and Doherty arrested Charles G. Gentsch of 34 Bonad road, West Newton, on the charge of driving while under the influence of liquor. He will be tried on Sept. 28.

Mothers' Rest Ends Another Successful Year

Nearly Three Hundred Fifty Receive Attention

The Mothers' Rest home at Oak Hill Village, Newton Centre, officially closed its doors on Monday, September 12th, after another very active and successful season. Various physicians, ministers and residents of the community contributed to the medical, religious and social needs of the guests, the latter including 132 mothers and 200 children.

Mrs. E. Hoyt Weston is completing her plans for the annual call for members to enroll in the association on the payment of a small fee. This fund, together with other donations from individuals and societies, will be used for the operation of the Rest next season.

Mrs. S. Hardy Mitchell is president of the organization. Mrs. Charles E. Bailey has had charge of the house and grounds and was assisted by Messdames H. H. Cooley, Willis B. Clough, J. Fern Hollis, Matt B. Jones, Jr., Neil Leonard, James A. Liddell, Andrew Marshall, 2d, Thomas E. Shirley, Harold G. Travis, F. H. Underhill, John E. Underhill, Worthing L. West, George A. Haynes, Austin C. Benton, Roger E. Hall, Arnold C. Barker and Miss Barbara Batesbrook.

Mrs. Henry T. Patch, chairman of guests and transportation committee, was assisted by Messdames Austin C. Benton, Douglass Francis, Donald Wheeler, Bernard Forbes, Robert Miller, John U. Lemmon, Carl H. Cummings, Wesley M. Dynes, Andrew Marshall, 2d, William B. Breed, Stanley Livingstone and Miss Janet Hill.

Mrs. George C. Ewing arranged for the religious services. Mrs. Rodney W. Stratton, chairman of special relief committee, was aided by Messdames E. Hoyt Weston, William A. Ogg, George Wight, William T. Steinsteck, Warren Armington.

Mrs. Hazel Sands Welch planned for a special entertainment for each visiting group. The talent was mostly by volunteers. The assisting committee included Messdames Walter McGill, Robert Blodgett, Willard Vaughan, Killiam Brackett. Those who entertained were the Misses Gail Palmer, Gladys Cornish, Ethel de Mille in the Mahme Trio and the Misses Norma and Katherine Skelton; Mrs. Kirtley Mather; Mr. Harold Evans, Miss Jeanne Edwards, Mr. and Mrs. LeRoy Lovelace; the Lyric Quartette, Mr. Paul Broadnax, leader; Mrs. Robert Blodgett, Mrs. William Brackett, Miss Priscilla Ordway, Miss Helen Boyd, Miss D. Howe; Mrs. Allen Hubbard, violinist, accompanied by Mrs. D. Bradlee Rich, Mrs. Hazel Welch, dancing; Miss Ruth Draper and Mrs. Edward B. Stratton.

DEMOCRATIC CANDIDATE IN 5TH MIDDLESEX TO CAMPAIGN

Edward O. Proctor of Leeson Lane, Newton Centre, who obtained the Democratic nomination for Representative to the Legislature from the 5th Middlesex District at the primary on Tuesday, intends to make an active campaign for the office. He is a native of Portland, Maine, but moved to Wakefield when a small child and has spent his life in Middlesex County. He graduated from Wakefield High School in 1905, Yale College in 1909 and Harvard Law School in 1912. He was for many years associated with the late Sherman Whipple and is now a member of the law firm of Withington, Cross, Proctor & Park. He is a member of the Middlesex, American and Boston Bar Associations, and a member of the Massachusetts, Federal and United States Supreme Court bars. He is a director of the Boston Legal Aid Society.

Before the war Mr. Proctor was a member of the 1st Corps Cadets and during the war he served overseas for 18 months as a Lieutenant in Infantry. He is a member of American Legion, Post 48. Since becoming a resident of Newton he has taken an active part in civic affairs. He is president of the Jefferson Club of Newton, a member of the executive committee of the Newton Centre Improvement Association and a member of the Newton Chamber of Commerce. He made his advent in politics four years ago when he campaigned for "Al" Smith.

Daylight Saving Time Ends Sunday

Once again the five-months period of daylight saving draws to a close. Officially daylight saving time ends at 2 A.M. on Sunday morning, Sept. 25. Set your watches and clocks back an hour Saturday night before retiring so that Sunday will find you on the correct time.

Rev. A. S. Cole Is Called To Pulpit Of Newton Church

Tufts Professor To Begin His Duties on Sunday

Rev. Alfred S. Cole, Assistant Professor of Homiletics in Tufts School of Religion, has been engaged to supply the pulpit of Channing Church and will begin his duties this coming Sunday. He is a forceful and earnest preacher and deals with the problems of personal and community life from a liberal religious standpoint.

REV. ALFRED S. COLE

Professor Cole was born in Buckfield, Maine, in 1893 and was graduated from the Tufts School of Religion in 1919. Before his call to his present position, he held pastorates in All Souls' Universalist Church, Portland, Maine, in West Somerville and in Utica, N. Y.

Mrs. Edward M. Moore of Pembroke street has been appointed Parish Assistant and Mr. James B. Melcher will continue as Superintendent of the Church School.

New President of Newton Dramatic Club Well Known

William H. Rice Takes Office For Coming Season

The Newton Dramatic Club announces the election of Mr. William Henry Rice as President to fill a vacancy created because former president, Mr. Albert R. Speare moved to Weston. Mr. Rice is widely known in the Newtons for his significant participation in everything that concerns the best interests of Newton. This club has for one of its objectives, worth-while drama done by Newton actors and for its second objective the bringing together in a common cultural endeavour people from the various Newtons. In this it has been most successful. For the leadership in this intercommunity development Mr. Rice is eminently fitted and the club is to be congratulated on his acceptance.

The other officers remain the same as at the formation of the club, Mr. Rupert Thompson, Jr., will be business manager, Mr. Cecil J. Hall, treasurer; Mrs. Everett W. Varney, executive director; Mrs. Roscoe J. Packard, secretary; Mrs. Charles Norton, chairman property committee; Mrs. C. Peter Clark, chairman membership committee, Mr. Bolton Wilber, electrician.

The first play of the Newton Dramatic Club will take place November 17 in Newton Centre Woman's Club.

New Schoolmaster At Upper Falls is Given Reception

Principal Churchill of Emerson School Succeeds Mr. Hodge

The Newton Upper Falls Improvement Society assisted by the Upper Falls Woman's Club held a reception in honor of Mr. Clarence C. Churchill and Mrs. Churchill in the school hall of the Ralph Waldo Emerson School Thursday evening, Sept. 15, at 8 p. m. Mr. William H. Warren, president of the Upper Falls Improvement Association, as chairman of the evening, introduced the following guests of honor. Rev. William E. Kerrigan, new curate of the Mary Immaculate of Lourdes Church, who gave a message of welcome in behalf of his parishioners, and Rev. Perry O. Sanders, who extended the greetings of the parish of the Second Baptist Church. Mr. Robert McLaughlin, secretary of Upper Falls Improvement Society, read letters of regret from Mayor Sinclair Weeks and other invited guests.

Mrs. Thomas L. Aiker, president of the Upper Falls Woman's Club, introduced Miss Katherine C. Sullivan, head instructor of the Emerson School who welcomed Mr. and Mrs. Churchill in behalf of the faculty of the Emerson School, and Mrs. Ward I. Connell, who spoke words of appreciation of the friendly spirit of Upper Falls residents and welcomed the new principal in behalf of the school committee. Mrs. Aiken spoke words of praise for the school children who contributed to the beautiful floral decorations. Mr. Warren presented Alderman John Temperley in behalf of the city, who extended greetings and gave a review of the incidents concerning the work of former schoolmasters of the old Wade and Prospect schools and told some humorous incidents of former pupils. Mr. Warren then presented Mr. John Lind, the new superintendent of schools, who extended his congratulations and expressed his desire to serve the city of Newton to the best of his ability.

Mrs. Aiken next introduced Mrs. Churchill and presented her with a bouquet of red roses the gift of the Woman's Clubs.

Mr. Warren introduced Rev. G. Vaughn Shedd, pastor of the M. E. Church, and chairman of the Educational Committee of the Upper Falls Improvement Society who extended the greetings of his parishioners and as chairman of the education introduced Mr. Clarence C. Churchill to the assembled guests.

Mr. Churchill responded to the greetings and good wishes with the hope that he may try to fulfill the position of love and trust that the former principal, Mr. Frederick R. Hodge held in the hearts of the faculty, pupils and citizens of the community. Mr. Churchill is a graduate of Bates College and has taken graduate work at Harvard University. He was born in Mendon, Vermont. Following the greetings of welcome the guests of honor with Miss Callista Roy, assistant superintendent of schools received the greetings of 400 residents and parents of the community.

A xylophone quartet rendered selections during the evening. Refreshments were served by the members of the Upper Falls Woman's Club.

WANT BUSES FOR OAK HILL PUPILS

The problem of transportation for children residing in Oak Hill who attend the John W. Weeks School at Newton Centre has again arisen. This matter was settled temporarily last year when the Middlesex & Boston Company started a bus line to Oak Hill on trial. This line was run for several months but not enough residents of Oak Hill patronized it to make it pay expenses, so it was discontinued. Now the Oak Hill children have no regular means of transportation between their homes and the Weeks School.

LOSES \$1300 BRACELET

On Monday Mrs. James A. Munroe of Dudley road, Newton Centre, reported to the Newton police that she had lost a diamond bracelet valued at \$1300. Sunday she dined at the home of a friend at Newton Centre and after arriving back at her own home she discovered she had lost the bracelet.

Youngman, Bacon, Luce Bury Opponents in Primary Vote of 37 Per Cent in City

Blakemore Has Big Lead Here But Loses In Councillor District —Saltonstall, Luitwieler, Baker and Brimblecom Win

Economic conditions have been desperate; this year if any, should have caused most citizens to take an active interest in political affairs, nevertheless only about 37% of the city's registered voters went to the primary election on Tuesday. However, this was an increase of 4% over the vote at the primary in 1928. Of the more than 27,000 registered voters 10,295 cast ballots at the various polling places. Considering the lateness of closing the polls, 8 p. m., instead of 4.30, and the large number of candidates for many of the offices, most of the precincts completed the task of counting the ballots in good season. The assistance of volunteer counters at most of the polling places expedited this work, although only a fraction of the 225 appointed to serve were present. Most of the precincts had made returns at midnight or shortly afterwards, except Newton Centre, where Precincts 1, 2 and 4 of Ward 6 voted together and 2052 ballots were cast, and at Newton Highlands where Precincts 2 and 4 of Ward 5 voted together, and where a verification of the results delayed matters. It was about 3 o'clock Wednesday morning when reports from these two places were received.

In the Republican contests Lieut. Governor Youngman swept the city by a large majority over Frank A. Goodwin. Youngman polled 6627 votes, Goodwin 2619 in the contest for nomination for Governor. The other two candidates, Brownell and Sullivan received 197 and 314 votes respectively. For Lieutenant Governor 6383 votes were cast for Senator Gaspar Bacon and 2194 for Chester I. Campbell. Congressman Robert Luce buried his principal opponent Ralph W. Robart, receiving 7549 votes to Robart's 1998. The third candidate—Dr. William Murphy, obtained 309 votes. For State Treasurer, Francis Prescott of Grafton, a former resident of Newton, was given 7767 votes. His opponent, Senator Max Ulin, received 1250 votes. Arthur W. Blakemore of Newton, who ran close to Mrs. Esther Andrews in the fight for nomination as Councillor from the 3rd district, received 5176 votes to her 1969 in this city.

Mrs. Andrews carried Brookline, her home town, by a large majority, to offset Mr. Blakemore's advantage in Newton. Of the other candidates Anderson received 428 votes, Fisher 290, Gwinnell 284, Wood 832. Senator Holpulis, who was unopposed for re-nomination was given 7384 votes. The contest for the Representative nominations in the 4th Middlesex District provided one of the features of the primary in the north side of Newton. The present incumbents, William B. Baker of West Newton and Rupert C. Thompson of Newtonville were opposed by Warren K. Brimblecom, managing editor of the GRAPHIC and the son of former Representative John C. Brimblecom. Rep. Baker with 2762 votes was the high man. Brimblecom, succeeding in his first political venture, defeated Thompson by 371 votes. Brimblecom polled 2374 votes in carrying all four wards over Thompson with 2003. In the eight polling places, some of the precincts being combined with others, Baker carried five of the precincts, and three with the latter running second, two and third in the remaining three. In precincts 2 and 4 of Ward 2 in which section of Newtonville both Thompson and Brimblecom reside the latter had a slight margin over both his opponents with 547 votes against 543 for Baker and 528 for Thompson. In Ward 7 the figures were Brimblecom 607, Baker 574 and Thompson 379 to give Brimblecom a commanding lead. Baker polled 892 votes in the three Ward 3 precincts of West Newton as against 540 for Brimblecom and 535 for Thompson to place him first.

The contest in the 5th Middlesex District, comprising Wards 4, 5 and 6 of Newton was much more complicated. The present incumbents, Rep. representatives Luitwieler and Saltonstall were again candidates and they were opposed by Alderman Henry W. Bail of Newton Highlands, Mrs. Margaret L. Spear of Newton Centre, and

former Alderman Harold F. Young of Auburndale. The re-nomination of Mr. Saltonstall was expected because of his prestige as Speaker of the House, as well as his personal popularity. He received 4384 votes. Many believed that the other nomination would be won by Mrs. Spear. Much publicity was given her candidacy, she had the support of Mayor Weeks and some Aldermen and considerable campaigning was done in her behalf. Despite this, and the fact that Alderman Bail obtained 166 more votes in Newton Highlands than did Representative Luitwieler, the latter had sufficient strength throughout the district to defeat Mrs. Spear by 434 votes for the nomination. He polled 2084 votes against her 1650. Alderman Bail was 59 votes behind Mrs. Spear receiving 1591; and Mr. Young, who did little campaigning, was last, with 783. Notwithstanding that School Committee member Amesbury of Auburndale, and Aldermen Floyd and Gordon of that village endorsed the woman candidate from Newton Centre, Young polled 422 votes in that village as against 231 cast for her.

Sheriff Fairbairn of Middlesex County, candidate for re-nomination, swamped his opponents in Newton. He received 7355 votes; Braden 700, Cheney 236, Gartland 355. In the contest for County Commissioners, the present incumbents were easy victors. Bowditch received 7131 votes and Wardwell 6144. The votes of their opponents were—Howser 1200, Byrne 526, Ray 262, Stone 675.

In the Democratic contests John E. Swift of Milford led the candidates for the nomination for Lieut. Governor. He polled 412 votes, Barry 303, Fitzgerald 108, Hennessey 49, Kelley 42, Malley 207, O'Neill 142. In the scramble for votes for the Secretary of State nomination Buckley obtained 224 votes, Callanan 54, Cussen 13, Flynn 30, Gilbody 53, Grogan 26, Gurry 22, O'Brien 49, Santosuosso 186, Shattuck 33, C. B. Sullivan 37, H. J. Sullivan 58. The vote of the many candidates for the nomination as Congressman from the 9th District was—Cauley 135, Custick 106, Dalton 431, Deitrick 112, Delaney 104, Donahue 40, Duane 315, Fahey 41, Higgins 6, McCarthy 57, O'Gorman 18. For nomination for Representative from the 4th Middlesex District, James T. Flynn of Newtonville polled 488 votes, and former Alderman Daniel O'Connell 579. They had no opponents. In the 5th District, Edward O. Proctor of Newton Centre, the only candidate, received 347 votes.

(Editor's Note—Lack of space prevents detailed information on the election to Delegates to Conventions and Members of Ward and City Committees which will be published in our next issue.)

REPUBLICAN GARDEN RALLY

The Middlesex County Division of The Women's Republican Club of Massachusetts will hold a Political Garden Rally on Saturday, October 1, from 3:00 p. m. to 5:00 p. m., on the estate of Mrs. Henry I. Harriman, 825 Centre street, Newton. Miss Margaret McGill, chairman of the county, announces the list of speakers which includes: Miss Katherine V. Parker, president of the Club; Mrs. Nathaniel Thayer; Hon. Gaspar G. Bacon; Hon. Leverett Saltonstall; Mrs. Alfred B. Williams, vice-chairman of the Republican State Committee; Mrs. Frank Roe Batchelder, National Committee woman from Massachusetts; Mrs. Leslie B. Cutler, director of the Political Department of the Club, and Christian A. Herter. Mr. Herter will speak on "President Hoover as an Individual." Mayor Sinclair Weeks will preside at the meetings. Miss McGill is being assisted by Mrs. Ralph Henry, Mrs. A. D. Sallinger, Mrs. A. L. Wakefield, Mrs. Howard North, Mrs. Earl Manning, Miss Mabel Eager, Mrs. Frederick S. Blodgett, Mrs. Ellis Spear, Mrs. Leverett Saltonstall and Mrs. D. Brewer Eddy, all of Newton. A program of music will add to the afternoon's enjoyment. All Republicans are cordially invited to attend.

THE WEEK IN NEWTON SPORTS

1932 SCHOOLBOY FOOTBALL SEASON OPENS TOMORROW

Although the 1932 football season was ushered in a week ago tomorrow in a number of cities and towns practically all of the scholastic elevens will get under way tomorrow to really begin the season. The game of local interest is that at the Dickinson Memorial Stadium at Newtonville in which Coach Ralph Sanborn's orange and black eleven will face Arlington high. As noted in another column, the Newton team is green and inexperienced, having but four players in the opening line-up who have played "varsity" football. However, many of the starting team have had some experience a year ago on the intermediate and varsity teams and are expected to give a good account of themselves.

Arlington, which opened its season last year by entertaining Newton and losing to the local eleven, is somewhat stronger than a year ago and the game should be of considerable interest.

A week from tomorrow Newton will officially open the Suburban League schedule by traveling to Russell Field, Cambridge, to meet the Cambridge Latin team. Latin played its opening game last Saturday and lost to the Salem High team by a lone touchdown, the score being 6 to 9. While Salem was without the services of Gallo, one of its most promising stars, whose eligibility is under consideration by the state association and was considerably weakened in its offensive play the Cantab eleven, coached by Leander MacDonald, played a strong defensive game.

The Suburban league this year still retains the same members of last season, namely Newton, Cambridge Latin, Rindge Tech, Somerville and Brookline. Somerville has announced its intention of quitting the league at the end of the football season in order to obtain opponents who will attract a larger gate. The league officials have decided to continue the league with the four remaining members and while perhaps the glory formerly attached to winning the championship in this circuit has somewhat dwindled the intense rivalry will still exist.

Incidentally Brookline High, which annually winds up the Newton schedule on Thanksgiving Day, has started a new innovation in high school football which is meeting with considerable favorable comment from those who think that this popular sport is being over-emphasized in public schools. The Brookline authorities have dropped the Newton schedule which formerly consisted of eight games, leaving but six opponents. No practice for the squad was held until the opening day of school and the first game is not listed until October 15th. In addition to meeting the four members of the Suburban league, the Wealdy Towers will meet but two other outside teams, Brockton and Lynn Classical High school teams are the two opponents that have been dropped.

Newton, as usual, will meet nine opponents, which include the four Suburban league members and Arlington, Everett, Quincy, Melrose and Waltham. But two of these teams started a week ago, both being defeated. Along with the Salem defeat of Cambridge Latin the Maynard high school team sprung a surprise on Melrose High by winning 19 to 0. It was the first setback for Coach Harold Poole's eleven in two and a half years.

SPORT NOTES

Powers Makes Long Run
Langdon Powers, former Newton high athlete, now on the Dartmouth varsity squad, made a long run of 65 yards for a touchdown while working in the Team A backfield on Tuesday for the feature of the scrimmage.

Gleason Injured
Donald Gleason, a sophomore member of the varsity football squad at Harvard and a promising reserve center, was slightly injured on Monday. Gleason, who is a brother of Francis Gleason, a backfield reserve last year who is showing up well this season, may be back in action today or tomorrow.

Is B. U. Yearling Candidate
Ernie Brezner of Newton is candidate for a guard position on the Boston University freshman football team which began practice on Monday. Brezner reported weighing 154.

Harrington Eligible
Dan Harrington, whose presence on the B. U. varsity football team this year was somewhat of an uncertainty for a while has passed a make-up examination and is now eligible. The Newtonville youth, who has been a bulwark of strength to the Terriers for two years should be of considerable use to Coach Myles Lane. Harrington reported for practice on Tuesday and was immediately assigned to his former berth as guard on Team A. Harrington has been in the starting line-up of every B. U. game except one for the past two years. Last year he was kept out of the line-up which started against Tufts but saw action in the game.

Crimson Backfield Is Fast
There will be plenty of speed in the Harvard varsity backfield this year according to all indications. Carl Pescosolido, former Newton football and track star, is but one of three 100-yard dash men who can run the distance close to 10 seconds.

Open Against Dorchester
The Newton Town Team of Upper Falls will open its fall football Sunday at the Newton Upper Falls playground against the strong Dorchester Town Team. The local outfit has been holding practice sessions the past two weeks and is in shape to start the season. An average of 22 players have been reporting each evening including a number of former high school players.

Y. M. C. A.

Bowling

A large number of Bowlers were on hand last Wednesday evening to open the Bowling season at the Newton Y. M. C. A. Lewis C. Bills, Chairman of the Bowling Committee, announced that the Fall Boston Pin Tournament would start on Monday, October 3rd.

Gymnasium Classes

Preparations are being made at the Y. M. C. A. for the starting of the Gymnasium Classes on October 3rd, and also for the other indoor activities. During this week and next, the Gymnasium will be thoroughly cleaned and necessary repairs will be made. The classes will be held in the Swimming Pool. The Gymnasium Classes for men will meet as usual on Mondays, Wednesdays, and Fridays, the men at 5:15 P. M., and the Senior classes for Business and Professional Class at 8:15 P. M.

Only one change is being made in the Boys' Gymnasium Class schedule. The Junior and Junior High School Classes for Newton boys will continue to meet on Tuesdays, Thursdays and Saturdays, but they will meet a little earlier in the afternoon on Tuesday and Thursday—the Juniors at 2 P. M. and the Junior High at 3:45 P. M.

Tennis

The Singles and Doubles Tennis Tournaments at the Y. M. C. A. were completed last week. The final match in the Singles Tournament between Roland Coombs and Gordon Kitchin was won by Kitchin 6-1, 6-2, 6-1, while the final match in the Doubles Tournament—Gordon Kitchin and Roland Coombs vs. Chase Kepner and Howard Flitts—was won 3 to 0 by Kitchin and Coombs.

Immigration Station Entertainment
The inmates of the Immigration Station at East Boston were entertained by the following members of Tom Anderson's Orchestra: Stewart Gibson, Francis Collier, Curtis Worrell, and Tom Anderson. These young men generously donated their services through the Y. M. C. A. for this worthwhile purpose. The local Y. M. C. A. furnish Sunday afternoon entertainments for this group several times a year and would appreciate help from any musical organization.

SPORT NOTES

Martin Retains Title
Donald Martin of West Newton retained his title as champion in the men's singles tennis tourney at Franklin park last Sunday by winning his final round match from Maynard Welsberg in straight sets, 6-0, 6-1, 6-2.

Vaccine's Beginning
It must have been at a date almost coincident with Jesty's and Jenner's experiments with vaccine that Lady Mary Wortley Montagu brought to England the Turkish method of inoculation for smallpox, writes a correspondent to a London paper. The inoculation was not with vaccine, but with the poison of smallpox itself, as stated on her epitaph in Lichfield cathedral, in which Henrietta Inge, daughter of Sir John Wortley, wishes to express her gratitude to Lady Mary for the benefit she herself received from this "alleviating art which softens the virulence of this malignant disease." Lady Mary like Jesty, first tried the experiment of inoculation on her own family. The epitaph is dated 1789. For a time, one supposes, the two methods of inoculation went on side by side, but the Turkish method, proving injurious in too many cases, was dropped.—Detroit News.

Goethe's Joy in Life
Goethe lived joyously for those things which gave him delight; fresh air, country exercises, the best in literature and art, the theater, and the performance of his manifold duties. He lived for the moment and thought for eternity. Art and literature, for him, had to be positive; the product either of joy or of a need to purge sorrow. Negativity, the besetting sin of our age, he condemned. "Negativity is nothing," was one of his sayings, which have come down to us, but it is an axiom we seem to have forgotten, particularly in literature.—London Saturday Review.

INEXPERIENCED NEWTON ELEVEN FACES ARLINGTON

Following a little more than two weeks of practice Coach Ralph Sanborn of the Newton High School football team has practically decided on his starting line-up for the opening game of the season tomorrow in which Arlington high faces Newton at the Dickinson Memorial Stadium. The orange and black team while green and inexperienced gives promise of holding its own with the visitors. Coach Sanborn is optimistic over the outcome and is ready for the fray.

The Newton team will appear in brand new uniforms which are considerable of a departure from the color scheme formerly worn. While, of course, the school colors of orange and black have been retained instead of the sombre black jerseys trimmed with orange of previous years the jersey will be of a burnt orange trimmed with black. They will have a black neck ring and black cuffs. Numbers will be worn both in front and on the back so that the spectators can identify each player readily.

The Newton varsity squad held a practice scrimmage with Wellesley High on Tuesday and from the showing Coach Sanborn has chosen his line-up. The team will be led by Captain Warren Huston who will play in the number three back position. He will call the plays in the huddle which will be retained. His mates in the backfield will be Palmer York at the number two berth, John Waters at number one and Robert Whitney at number four. York is the blonde-haired sensation of the closing days of the track season last spring and his stocky build and speed can be used to good advantage. Last year he was brought up to the varsity in the closing days of the season and played in the Brookline game. As reserve backs Coach Sanborn will rely upon Charles Thatcher, "Babe" Feola, Charlie Flagg and Frank "Red" McCarthy. This quartet had some experience last year with the intermediate or junior varsity teams.

In the line the Newton mentor will have but two players who have any experience other than with the minor Newton high elevens. These two are Charlie Houghton, who formerly played at Huntington school as a center and last fall was ineligible to play for Newton on account of the transfer, and Bill Conway, a reserve guard a year ago. Houghton will be at left end for Newton and his baseball ability, he being the first baseman on the nine, and his speed along with his rangy build and natural ability make him an ideal end. At the other wing will be Arthur Murphy who played with the Intermediates last season. In reserve will be Teddy Johnson and Bert Finberg.

Albert Hebert will start at left tackle in place of Alexander Kevorkian who was counted upon to be one of Newton's outstanding linemen this season. Kevorkian will probably return to the squad shortly having been on the bench because of slight skin infection. Either Tom Kinrade or Bill Conway will be at the right tackle berth. Kinrade will get the call if he can shake a severe cold which has been troubling him lately. Reserve tackles will be John Whelden and Herbert Smith.

If Kinrade is able to start at tackle Bill Conway will be in at left guard with Walter Rich, another intermediate lineman a year ago at the right guard position. If Conway moves to the tackle berth Edward Bonadio will take the position. William Bailey and John Bevan will be held in reserve. Charlie Thompson, intermediate center a year ago, and Dick Francis, an intermediate back in 1931, are having a close race for the centre position. While Thompson has had somewhat more experience as a pivot Francis is rugged, especially effective on the defense, and has learned quickly since being transferred to the new position. The chances are that both will see considerable service.

DAMON HALL TO OPEN OCT. FIFTH

Damon Hall has announced October 5th as its opening date. Registration is now in progress for its different courses which includes its domestic science course to be given at Miss Farmer's School of Cookery in Boston, the oldest institution of its kind in the country. This college is established for the education of young women who prefer to do their work in the quiet of a cultured home rather than in a large institution.

ELSIE JANIS DRUM CORPS

The Elsie Janis Drum Corps was honored last week by the presence of Capt. Mark King, of the Y. D. Association who called at the Studio where the Corps holds its drills, and presented Capt. Ann Blackmore with a beautiful Silver Cup, one of the prizes won by the Corps at the recent 101st Regimental convention. Perhaps the girls weren't pleased.

A series of dances and bridge parties will be held by the Corps during the coming fall and winter, the proceeds of which will go toward a new uniform fund. The first of these dances will be held in V. F. W. Hall, Washington St., West Newton, on Thursday, September 29. The Leonard Salter Orchestra, (recently of the S. S. Aquatania) will furnish the music and a splendid time is promised all that will attend.

AUTO HITS BOY

Thayer Gallison, 10, of 397 Highland street, West Newton, received injuries Tuesday afternoon when he was hit by a car operated by Mrs. Katherine Gray of 128 Oak street, Newtonville. Mrs. Gray reported that she did not know whether the boy was hit by the car, or fell in front of it.

For the Football news read the Boston Daily and Sunday Globe—Order the Sunday Globe today.—Advertisement.

**GAS WATER HEATING COST
• REACHES NEW LOW •**

THE NEW THERMATOR is entirely different from any other hot water heater. Instead of circulating a small quantity of water through a large flame, Thermator circulates a little heat through a lot of water. Thermos bottle insulation keeps it hot. All the gas passes through a hole smaller than the lead in an ordinary pencil. No wonder it's economical. Simple, automatic, dependable, with an Everdur Copper Boiler.

You can buy this thrifty heater at an unbelievably low price. \$15.00 is allowed for your old heater. You have a whole year to pay and in addition a new low gas rate available to users of automatic water heating. Decide now to reach for a faucet instead of a match and enjoy the luxury of unfailing hot water service the whole clock around.

SPECIAL OFFER
LOW PURCHASE PRICE

NEW LOW GAS RATE

FOR AUTOMATIC WATER HEATING

The steady, dependable load established by this efficient type of heater now enables your Gas Company to offer a new low optional gas rate to users of automatic water heaters. This new low rate will apply to ALL gas used in your home.

NEWTON MAN ECONOMY LEAGUE CHAIRMAN

Victor M. Cutter of Centre street, Newton, has been appointed chairman of the executive committee of the state branch of the National Economy League. Carl P. Dennett, chairman of the Massachusetts branch made the announcement this week.

In accepting the appointment, Mr. Cutter said in a formal statement: "The main threat to our business prosperity seems to me to lie in our present tax situation. With our local, state and national burdens which we are bearing, and the deficit, which is now being incurred, the need is imperative for a drastic reduction in government expenditures."

D. A. R. CARD PARTY

Mrs. Charles R. Lynde, 398 Walnut street, Newtonville, is opening her house for a card party on Monday, the 26th of September. This party is for the benefit of Lucy Jackson Chapter, D. A. R., and will be widely attended by members and friends.

RED CROSS TO RESUME CLASSES

Home Hygiene and Care of the Sick and First Aid classes will be resumed as usual this winter by the Newton Chapter American Red Cross. Miss M. Margaret Norcross, the instructor may be interviewed at the Chapter Office, 12 Austin street, Newtonville.

YOUR SUNDAY DINNER

Bring the family to the Stewart Homestead, 45 Forest St., Wellesley, and enjoy the full course, home cooked chicken or roast beef dinner at \$1.00 per plate.—Advt.

FINED \$50 FOR DRIVING AFTER LICENSE SUSPENDED

Leo Brasco, Jr., of 78 Cherry street, West Newton, was fined \$50 in the Waltham court on Friday last for driving after his license to operate an automobile had been suspended. The complainant was Inspector Belger of the Registry of Motor Vehicles.

Subscribe to the Graphic

A VICTIM OF CIVILIZATION (?)

Dear Editor:

Almost two years ago I was struck by an automobile in West Newton and while unconscious was taken to the hospital, where, in addition to other injuries, four breaks were found in the lower left leg. After six months of hospital treatment and almost daily pain, I was discharged. Now, after many months of suffering—mental, physical and financial—I am limping around with a cane and it may be several years before complete recovery is possible.

The driver responsible for the disaster was arrested and tried. In court it was shown that he was driving at a high rate of speed, was on the wrong side of the road and that his lights and brakes were in bad condition. He was convicted, given a suspended sentence of two months in the house of correction and lost his license for one year—a penalty trivial and inadequate for the crime he had committed—a mere slap on the wrist, so to speak. To make the matter worse, the guilty man was without funds and the insurance company which carried him has since gone into the hands of a receiver and there is little chance for any compensation for his victim. The victim, in no way to blame for the outrage, is called upon to bear all the expenses connected with it, which total almost \$6,000.

I am told on good authority that there are many such cases, in which no financial aid was provided either by the guilty driver or the insurance company.

In such a case, what do I, an innocent victim, receive when both driver and insurance company fail me? Must I bear this pain, suffering and financial loss, without recompense in any form. It may mean the poor house.

We are supposed to be living in a civilized society. Are we?

ONE OF THE VICTIMS.

How About You?

"Before censuring another for mistakes," said Hi Ho, the sage of Chinatown, "it would be honorable for you to ask whether in his place you yourself could have done better."—Washington Star.

NORUMBEGA DISTRICT COUNCIL OF RELIGIOUS EDUCATION

Two unusual courses at the Norumbega District Evening School of Religious Education this Fall, opening October 16th at the Newtonville Methodist Church, are attracting attention.

These courses are to be given by Prof. A. Philip Guiles and will be of interest to parents as well as to Sunday School workers. One is called "Everyday Problems of Children and Youth." It will be taken up from the point of view of Mental Hygiene, since Prof. Guiles is director of clinics along this line. The content of his course reads as follows, "Children who are suspicious and unco-operative, or moody and melancholy, their fantasies and conflicts, will be studied. The ways of avoiding and correcting such conditions will be examined. The work and help of the Child Guidance clinic, and of the Mental Hygiene Association will be explained."

Another course of immediate practical value for Sunday School teachers in the Junior Department will be given by Mrs. Marie Cole Powell of Boston University. This is called "Supervised Practice Work for Junior teachers," and will aim to give practical help in making lesson plans, in studying class conditions and pupils so as to fit the lesson to the needs of the group being taught. Mrs. Powell will be glad to visit the church schools of those teachers who are in the class, so as to discover the situation under which the teachers are at work.

Recent Weddings

SAVORY—EGERTON

The marriage of Miss Helen Egerton, daughter of Mr. and Mrs. Wallace Egerton of Neshobe road, Waban, to Richard E. Savory, son of Mr. and Mrs. Everett E. Savory of Auburndale, took place last Friday afternoon at the newly completed home of the young people on Whittier road, Wellesley Hills. The ceremony was performed by the Rev. Joseph MacDonald of the Union Church in Waban, and the bride, who was unattended, was given in marriage by her father. A dinner at the Old House in Lexington for the family followed, and a reception was held later in the evening at the home of the bride's parents.

Following a two weeks' wedding journey by boat, Mr. and Mrs. Savory will be at home to their friends at Wellesley Hills. The bride is a graduate of Southern Seminary in Virginia, and Mr. Savory is a graduate of Harvard College, class of 1929. Their engagement was announced at a tea given last December at the Brae Burn Country Club.

STARRETT—BARTON

Miss Dorothea A. Barton, daughter of Mr. and Mrs. Stanley F. Barton of 37 Chesley road, Newton Centre, was married to Dr. Jay E. Starrett of Stamford, Conn., son of Dr. and Mrs. Joseph F. Starrett of Bangor, Maine, on Thursday, September twenty-second at four in the afternoon in Trinity Church, Newton Centre.

The bride is a graduate of the Carland School and is prominent in musical and dramatic circles. She is a member of the Newton Dramatic Club. The groom is a graduate of Manlius Military Academy, received his B.S. degree from the University of New Hampshire and his M.D. degree from Tufts College Medical School. He interned at the Bridgeport Hospital, Bridgeport, Connecticut, and took his post graduate work in surgery at the Post Graduate Hospital, New York City. He is a member of Kappa Sigma, Alpha Kappa Kappa and the Masonic fraternities.

After November first Dr. and Mrs. Starrett will be at home at Ferris Drive, Old Greenwich, Connecticut.

BURKE—CROWLEY

Miss Agnes Marie Crowley of 959 Boylston street, Newton Highlands, and Mr. James Leo Burke of Washington street, Newton, were united in marriage at the Mary Immaculate of Lourdes Church, Upper Falls, Tuesday, September 20, at 9 a. m. by Rev. Dennis H. Donovan, followed by a nuptial mass.

The bride was attended by her sister, Miss Helen Cecel Crowley, and the groom, by his brother, Mr. George Burke. The bride was given in marriage by her brother, Serg. Daniel E. Crowley, and the ushers were William Crowley, brother of the bride, and John Burke, brother of the groom.

The bride was gown in white satin with a silk tulle veil trimmed with lace and carried a shower bouquet of bride's roses and lilies-of-the-valley. The bridesmaid wore light blue satin in crepe with a pink velvet turban and carried a bouquet of pink tea roses. Following the ceremony a wedding breakfast was served to fifty guests at the home of the bride, Mr. and Mrs. Burke will reside on Linwood road, Newton, upon their return from a wedding trip to New York City and Niagara Falls.

KEARSLEY—WHEELER

Mr. and Mrs. Carl A. Wheeler of 2061 Commonwealth avenue, Auburndale, announce the marriage of their daughter, Margaret Auldice, to George Kearsley, son of Mr. and Mrs. William Kearsley of Waltham, Mass., on December 5, 1931.

The ceremony was performed in Plymouth, New Hampshire. Mr. and Mrs. Kearsley are living in Sudbury, Mass.

Day Jr. High School

The F. A. Day opened the year with the large enrollment of 652. Grade 7 has the largest number of pupils, 235. Grade 9 is next with 209 and Grade 8 last with 208.

Two new teachers have been welcomed to the school. Mr. S. Everett Pollard, who has previously assisted in woodworking in the elementary schools, has taken over the mechanical drawing and some of the shop work. Mr. Ralph A. Morse, a former Tufts College football player, has succeeded Mr. Thomas E. Rush as teacher of ninth grade science. Mr. Rush left Newton to accept a position as principal of an elementary school in Belmont.

During the summer the entire school building was made waterproof with a special chemical preparation. The building should now be well able to withstand the winter storms.

Following up a Red Cross program on life saving given at an assembly last spring, several members of the Day worked for and obtained their Junior Red Cross life saving awards.

Room 22 has already started its athletic career with the institution of a home room tennis tournament.

The first assembly of the year held on Wednesday was called "Rally Day" because its purpose was to explain the privileges and duties of the school. The orchestra, somewhat smaller than last year, as yet, made its first appearance of the year.

The speakers for the day, whose topics included Student Patrol, Student Council, School Rules, and School Citizenship, were as follows: John Rachel, Cynthia Steitz, William Daniels, Dorothy Robinson, George Kearsley, Lloyd Walker. A piano solo by Florence Streegitz provided an enjoyable interlude. A rousing cheer for the school led by Principal R. V. Burkhard concluded the assembly.

Newton Hlds. Man Spends Exciting Summer in Brazil

Prof. Smith Teaches Pageantry to Volatile, War-Aroused People

Upon his recent return from South America, H. Augustine Smith of Newton Highlands, Professor of Fine Arts in Boston University School of Religious Education, has had many exciting stories to tell of experiences in that war aroused country, Brazil. Prof. Smith went to Rio de Janeiro where he took charge of the music and pageantry for the World Sunday School Convention which was held in that city the last of July.

Taking a crowd of volatile South Americans who are primarily of Spanish and Portuguese blood, giving them for the first time in their lives the experience of gathering together to learn the stirring anthems of the church, training them in the presentation of a religious pageant such as they never have even witnessed, to say nothing of being characters in such a dramatization, and achieving this with a group whose background is limited, seems not to have bothered the instructor. "They are a most interesting people," Professor Smith said. "They are like torches. They simply burn up. No wonder the South American countries are stirred by revolutions so frequently. The young men entered into the spirit of their pageant characters with the same fervor and enthusiasm that is the core of their very beings. Such volatile natures never can do anything by halves."

"When friends came to me daily and said, 'Mr. Smith, you will have no one at rehearsal tonight. Everyone is ordered off the streets by dark for fear of shooting,' I said, 'I'll be there just the same.' And when the hour for rehearsal arrived there they were, coming in by ones, and twos and threes. The government issued an ordinance for its men to prepare to be called into service at any time which bothered me more than the above order. When I mentioned it to the boys asking them if it would not interfere with their playing certain leading parts in the pageant, they hooted at the idea, and shouted, 'Why, we won't go, Mr. Smith.' Only then I realized that young revolutionists were playing the part of religious characters in our pageant."

"I could look down from my hotel window on the shooting in the street below the hotel. When the excited crowds began milling into the hotel to gain vantage points for shooting from the upper windows, I locked and barricaded my door. The most upsetting experience I had occurred one day in a nearby park where I was strolling or sitting for a while on a bench in the sun. The crowd seemed like an ordinary number of people that might be found in the park of any city. Suddenly shouts sounded around me. Shooting began furiously. And there I was without my passport or any identification whatever upon my person. I went away from there as fast as I could."

Police News

Mrs. Anna O'Lasky of 197 Green street, Cambridge, was fined \$15 in the Newton court last Friday for allowing an unauthorized person to operate her car. Stephen Bromley, 15, of Worcester, the person in question, failed to appear in court to answer the charge of driving without a license and a warrant was issued for his arrest. Labor Day night the automobile the pair were in ran out of gasoline opposite the Metropolitan police station at Norumbega. The woman told the police that she had picked the boy up in Worcester.

Bernard Trask of 55 Nonantum street, Brighton, was in the Newton court on Friday charged with driving a car while under the influence of liquor. He was arrested when he drove his car into a pile of earth at the Worcester turnpike job on Boylston street, Upper Falls. He nearly went into the excavation. His case was continued until Sept. 28. Francis Tully, Jr., of Brookline, was in court the same day on a similar charge. His case was continued until Sept. 23.

Motorcycle Office Dowling had seven persons in the Newton court last Friday for violating automobile laws. For speeding Allen Burke of 84 Westminister road, Newton Centre, was fined \$5; Samuel Germany of Shawmut avenue, Boston, was fined \$10; Frederick Lamb of 46 Pine Ridge road, Waban, was not fined. His case was placed on file. Germany was also fined \$5 for passing a car at a point where his view was obscured. Bernice McWhiter of 30 Parker street, Watertown, was fined \$10 for speeding. Earl Crosscup of Lynn was fined \$5 for passing a car on a curve; Leon Davis of Arlington was fined \$5 for driving on the wrong side of a street; Emando Alterio of 22 Cook street, Newton, was fined \$10 for driving without a license.

Donald Morelle of East Boston was found guilty in the Middlesex Superior Court at Cambridge last Friday of stealing an automobile and burglarizing a cleaning shop at Auburndale. He was arrested June 30 after Newton police had chased him from Chestnut Hill to Brookline. His case was continued until he could be examined for sanity.

AUTO BADLY INJURES B. C. STUDENT

James T. Blaney, Jr., 18, of Greenbrier street, Dorchester, a freshman at Boston College, was badly injured last Friday afternoon on Commonwealth avenue, near the Lake street station. He had alighted from an automobile and was about to cross the avenue when he was struck by an automobile operated by Elizabeth Rogers of 79 Hillside avenue, West Newton. He was taken to St. Elizabeth's Hospital, Brighton, and found to have a probable fracture of the skull.

BUILD REPAIR

at 1932 costs

Everything is in the homebuilder's favor this year. Not for 15 years have construction figures, cost of labor and prices of building materials been so low.

We are equipped to help those who have been conjuring building dreams to make those dreams come true... to create a gabled English Manor; a home with Colonial charms or a "wee house" for a restricted budget.

We are taking all the annoying little details off your mind... from the plan to the completed house... carrying out any ideas you may have or using our years of experience in guiding your choice. We will help you to avoid those errors in construction that become magnified many times when you come in contact with them daily.

If it is remodeling or repairing you have in mind, we specialize in painting and general repair work, "fixing" a roof, a foundation, a door or a floor, even building an additional room.

An Appreciation

Words can hardly express my sincere appreciation for the vote of the electorate of the Fourth Middlesex District, by which I was chosen one of the Republican nominees as Representative to the State Legislature from that district. This expression of personal confidence from Republican voters of the district I regard most highly and, if elected, will endeavor to represent my constituents to the best of my ability.

(Signed) WARREN K. BRIMBLECOM.

THE PRIMARIES

The primaries are now over. Personal differences should be forgotten and all efforts should be made to put Massachusetts back into the Republican column at the Presidential election on November 8th. It can be done.

Yesterday was the last day of summer. Now it is autumn. Time to be preparing for winter.

Daylight saving time ends tomorrow night. Watch your clock.

CRONIN TO RUN FOR ALDERMAN

Dennis M. Cronin of 233 Auburn street, Auburndale, has announced that he will be a candidate for the office of Ward Alderman from Ward 4 at the city election next December. This office is now filled by Silvanus Smith of Woodland road, who has not announced whether, or not, he will be a candidate for reelection. Cronin is a lawyer by profession and has been associated with the legal department of the Boston & Albany railroad.

About Town

By Edw. H. Powers

Do you realize that the postal service today is very inferior to that of 35 years ago? While progress has been made in about every other private and public activity, the postal service has sadly retrogressed. We know whereof we speak as it is about 30 years since we started to work as a postal employee. In those days the people of the Newtons and other suburbs had three deliveries of mail each day, except Sundays. Now they receive only two deliveries. The last delivery started from the postoffice at 4 p. m. In later years the last delivery started at 2:30 p. m. Now it starts at 1:30 p. m. with the result that mail arriving after noon is not delivered until the next day.

Collections of mail have also been curtailed. Some of the night collections have been abandoned. For many years mail was dispatched from the Newton postoffice late at night and in the early morning. These dispatches have been abandoned. And so, we get increased postal rates and decreased service. All in the interest of efficiency and economy.

Have you noticed the swarms of tent caterpillars which infest trees and shrubs along the countryside this year? They have done and are doing much damage. They are tough worms. You can't kill them by holding flaming kerosene torch under their nests, as you can other caterpillars. To do this merely scorches the "tent" species, and they just drop to the ground, revive and get busy again. The nests must be cut off the branches to which they are attached and burned in a furnace, or somewhere in a real fire.

Roger W. Babson of Wellesley, who won fame and fortune in past years by his predictions and prognostications regarding matters financial and economic, has been quite active recently offering advice as to how to solve the unemployment problem; how to relieve the burden of taxation. According to a report, published in Boston papers on September 11th, of an address delivered by Mr. Babson at a business conference held at the auditorium of his organization at Babson Park, Wellesley, he is alleged to have said that the "white collar class" should organize to demand remedial legislation, just as the American Legion, the American Federation of Labor and other bodies have done and are doing. There is merit in this suggestion.

Mr. Babson was also reported as having stated that he will introduce the following bill in the Legislature: "Resolved: In the interests of public health that all unemployed persons desiring work shall register with the city or town in which they vote; the employer shall employ or reemploy only from this list, notifying the city or town when said person goes to work so that the city or town may be taken from the list of the unemployed; and that while said persons are on said list they will wear some distinctive clothes to be prescribed by the Governor of the State and will conspicuously display the slogan 'Buy More Goods.'"

If Mr. Babson did make such a statement, he must have arrived at a peculiar state of mind. How delightful it would be for men unemployed and discouraged to be garbed in "distinctive clothes" and act as sandwich men by conspicuously displaying the slogan "Buy More Goods." Why not adopt a simpler method by imitating the caste system of India and brand the unfortunate?

Talking about uninsured automobiles on our highways, cars bearing number plates which have been invalidated because of non-payment of the insurance premium. One frequently observes other cars being operated bearing number plates of wood or pasteboard with numbers crudely scrawled on them. Such cars are usually driven by youths and are far from new. In many cases these cars are neither registered nor insured. But, those operating them drive nonchalantly past policemen without being stopped and compelled to prove that the cars are legally registered.

The primary election is over. Most of the would-be statesmen have been relegated to temporary oblivion. Some of them, sadder and wiser, will not attempt again to obtain political honors. Others will rise again, but not triumphant. Some way should be found to prevent a horde of joke candidates from seeking public office. Such an epidemic of amateurism brings business to radio broadcasting stations and printers, but they make it difficult for citizens who are public spirited enough to vote at primaries, and they discourage well qualified men from running for office.

It is interesting, and amusing, to observe the actions and reactions of some men who think they are practical politicians. They look wise, talk wise, and think they act wise. Sometimes their candidates win. When this happens, these "masters" of political strategy are apt to become as cheery as pouter pigeons. But, when their candidates lose we have seen them in anything but a philosophical mood. With a dill-pickle expression on their faces, they get as grouchy as a man with the gout, and the world is all wrong, according to them.

Waban

—Miss Margaret Stone and the Misses Cleaves and Monks of Moffat have returned from a two months' European trip.

—Mrs. R. Jackson Cram of Waban avenue has been spending a few days this week in Royalston, visiting Mrs. Donald M. Hill.

—Gilbert Adams, accompanied by his mother, Mrs. Kilburn E. Adams of Dorset road, are on a motor trip through Canada.

—Miss Elizabeth Roe, daughter of the Ira S. Roe of Beacon street, left last Sunday for Ann Arbor, Mich., where she will attend the University of Michigan.

Letters To The Editor

CRITICIZES CONTRACT AWARD

September 22, 1932.

To the Editor:

We enclose herewith copy of letter written Mayor Weeks on September 17th regarding the pumping engine bids, which shows a condition of affairs in which we think the voters and taxpayers of Newton will be interested.

We trust you will be good enough to publish it, and thank you in advance for this.

Yours truly,

WILLIAM G. STARKWEATHER.

The letter to Mayor Weeks follows:

Dear Sir: As a long time resident and taxpayer of the City of Newton and as President of Starkweather Engineering Co., Inc., a Massachusetts Corporation, I wish to enter a vigorous protest against the extraordinary action of Water Commissioner Ellis in the recent award of the pumping engines at \$74,058.00. We were low bidders on these units at \$66,500.00 so that the City is paying, we believe unnecessarily, at least \$7,558.00 extra of the taxpayers' money.

When the bids were read, it developed that we were low bidder for both the motor driven and the turbine driven units, and although Mr. Ellis took exception to the way we had quoted on the electrical units, and made quite an issue of it at the meeting, the fact remains that we were by far the low bidder. Next to us was Worthington and General Electric, at \$70,800.00, and above them Turbine Equipment Co. at \$71,775.00. You have repeatedly urged the importance in previous contracts of award to the low bidder. In this case it was not done.

We had a conference with Water Commissioner Ellis and Mr. Sampson, the Consulting Engineer, the latter part of June; and again, shortly after Independence Day had our Chief Engineer from Murray Iron Works come on for the purpose of explaining any details as desired. At that time we made up a corrected duty sheet giving our guarantees with proper credit for feed water heating and submitted it to Ellis as our final statement of what we could do.

In our opinion the Engineers' specifications were worded inaccurately and with considerable confusion so that no one could say how the various duties were to be equated against the first cost, but \$750.00 was stated "per point of deficiency or efficiency," either to bonus or penalty, up to \$2,000.00. Which "efficiency" was to be used; (pump, turbine, or combined) was not stated at all, and there is a vast difference.

Shortly after the middle of August, we were advised that the contract had been placed with Turbine Equipment Company at \$74,058.00 although their bid which was read at the formal opening June 15th was \$71,775.00. Furthermore, this \$74,058.00 was for three pumping engines which they had never built heretofore, and therefore more or less an experiment.

On inquiry, we learned to our astonishment that this was an alternate and higher bid, which has not been opened nor read at the public opening, June 15th, as required by the Notice to Bidders. We further discovered that our guarantees of duty had been changed by Mr. Ellis to lower figures, without our knowledge or consent, on the spurious plea that our figuring was not correct, although we distinctly stated on our guarantee sheet "slide rule used," to protect ourselves against this very claim. Further, the comparison sheet which Mr. Ellis issued did not give the performance at 125 KW, although this had been specified as the basis. Finally, we learned that in making up his mind the Consulting Engineer used "probable performance" some years hence, instead of actual performance for the immediate future. No one can predict what the performance of a machine will be five or ten years in the future.

We feel from these and other facts, that Mr. Ellis has treated us unjustly and arbitrarily, and has discriminated against us as residents and taxpayers of Newton.

Further than that, we are sure that his actions have not been in the best interests of the taxpayers of the City of Newton.

He asked for \$185,000.00 to spend on this plant, instead of \$100,000.00 as planned. This was granted by the Aldermen. It should not cost over \$115,000.00, an excess of \$70,000.00. Under Mr. Ellis's regime, and scheme of quarterly payment, water is now costing us more than ever before. This new expenditure must therefore be paid by water rates, and we, as residents of Newton, and taxpayers, are directly concerned over this extravagant, unwise, and arbitrary procedure. It is our money which he is spending.

We think that Mr. Ellis's action, in accepting a bid \$7,558.00 higher than the lowest and which was not read or even referred to at the public opening; and in changing a bidder's guarantee of duty on which the award was made; speaks for itself as to his arbitrary manner in discharging the obligations and responsibilities of his position.

There is seldom a time when taxpayers can permit extravagance or imprudent expenditure with complacency. Never before have people been so hard pressed to pay taxes as at present. Water rates, all kind of taxes, and valuations, should be decreasing these days, not increasing, and every expenditure should be given the most rigid scrutiny.

In this connection, I notice Alderman Ball warned the Council recently that our reserves were melting away. This may be intended as advance notice of increased taxation in some form or other. He made some other remarks regarding the pumping cost per million gallons, which showed unfamiliarity with the subject, although he is on the Special Water Committee, and partly responsible for the present situation.

It is quite natural that we, as low bidders, and as responsible taxpayers

Kiwanis Club

The regular weekly meeting of the Newton Kiwanis Club was held Tuesday, Sept. 20th, at the Charles River Country Club.

Hon. George R. Farnum, Boston lawyer, and former Assistant U. S. Attorney General, was introduced by James P. Gallagher and gave a very interesting and inspiring talk entitled "The Human Side of Justice." He spoke on some of his experiences before the Supreme Court.

Mr. Farnum has made a remarkable record since his admission to practice in 1907, both at the bar and in public service. In 1925-26 he served as Assistant United States Attorney and from 1927-30 he served in Washington as Assistant Attorney General of the United States.

The Waltham Club was also on hand and equally enjoyed and profited by Mr. Farnum's address.

The next meeting of the Club will be held on Tuesday, Sept. 27th.

of the City of Newton, and as competent Engineers of reputation, should be aggrieved at the action of Mr. Ellis. It is natural that we, as responsible low bidders, should have a feeling of resentment, but we feel, as do many of our friends, that this particular award by Mr. Ellis is so extravagant and unwise, and was made so arbitrarily, that taxpayers generally will be interested in it as a glaring example of imprudent and unwise municipal expenditure.

We also bid on the boilers and have since learned that this contract was placed with the Erie City Iron Works. In this connection we had made better guarantees on our boilers than any other bidder, although not low bidder. If Mr. Ellis was sincere in stating that the pumping units were ordered from Turbine Equipment Company because they had made better guarantees, (although they were not the low bidder) he apparently reversed his reasoning when we were in the same position in regard to the boilers. We do not believe that he was consistent, and we stress the fact that he did not use the same reasoning on the boiler contract, when, if he had done so, it would have benefited us. However, we are not particularly interested in this phase of it. What we are interested in, aside from our natural grievance that we were not treated fairly, is the granting of the award to a much higher bidder without justification.

We will await your reply and action with much interest.

Yours truly,
STARKWEATHER EN-
GINEERING CO., INC.
Per Wm. G. Starkweather.

TO LOVERS OF MUSIC

To the Editor:

For nearly twenty years Wellesley College has sponsored a series of concerts under the management of Dr. Hamilton C. Macdonald that has attracted the attention of music lovers in Wellesley, Natick, Framingham, Needham, Newton, Waban, Auburndale and other towns near by. These concerts housed in beautiful Alumnæ Hall of the College have been uniformly of the highest class and have called forth enthusiastic comment. N. J. M. in the Boston Transcript referred to Alumnæ Hall as "a true shrine of musical art." The Boston Symphony Orchestra, the Cleveland Orchestra, all the famous string quartets, internationally known singers, violinists and cellist have contributed to the programmes. The concerts are a non-profit-seeking enterprise devised to give the students of Wellesley College, Dana Hall, and Pine Manor, as well as the public generally, opportunities for musical culture.

In times like the present, when we bend our energies rightly and ungrudgingly to supplying food and clothing for the unemployed, we are likely to forget the equal need for these things that count for the higher life. Food for the mind and spirit is as much a necessity as food for the body. In times of depression particularly does music offer its blessed ministry.

Wellesley has planned a series of five concerts, details of which may be noted in the advertising columns. Special attention may be called to the only appearance of Paderewski (in music the greatest figure of the day) in the metropolitan area outside of Boston, in Alumnæ Hall, February 10, 1933. Alumnæ Hall is a short twenty minute run from Newton Corner and parking space is ample.

H. C. M.

LIQUOR ADVERTISING

Newton Highlands, Mass.

To the Editor of the Graphic:

Dear Sir: "Ponder this—New York—The Great White Way, Fifth Avenue, Broadway. A million electric signs, all telling something, all selling something—but not one telling or selling intoxicating liquor. Not one. From the Gulf of Mexico to San Francisco from the Atlantic to the Pacific, upon 35,000 miles of public highway, not a single bill board, displaying a single picture, sentence or word, advertising intoxicating liquor. Not one. Millions of young people all over the United States know nothing at all through advertisements of this or that brand of liquor. The return of beer would open the flood gates of modern advertising to the liquor interests."

ONE THING AND ANOTHER

By L. D. G. Bentley

"Count your blessings" is a good idea, but don't expect to need an adding machine.

Referring to a recent experience it might be said that I was taken aback but as I am uncertain as to what happens when one is taken aback I think I will let it go and say I was greatly surprised. You would have been, too, because what happened was unusual as to surroundings if not dramatic personae. (Note—Latin for "bunch of people.")

It was in the marble corridors of the State House where I am more or less at home or rather where I am more or less when not at home. (Adv. for "Under the Gilded Dome" column.) And by the way, if you think I am kidding about this I want to get it straight in your mind that I couldn't make it up—it was too good.

As I stepped on the House of Representatives' elevator to ride from the second to the fourth floor I discovered that my trusty pipe was unlighted. As man to man I asked my good friend the elevatorman, "Gotta match?" He fished around with one hand, controlling the car with the other, and said, "No." We had stopped at the fourth floor by that time, if you think I am kidding about this I want to get it straight in your mind that I couldn't make it up—it was too good.

As I stepped on the House of Representatives' elevator to ride from the second to the fourth floor I discovered that my trusty pipe was unlighted. As man to man I asked my good friend the elevatorman, "Gotta match?" He fished around with one hand, controlling the car with the other, and said, "No." We had stopped at the fourth floor by that time, if you think I am kidding about this I want to get it straight in your mind that I couldn't make it up—it was too good.

"Wait a minute," said the elevatorman as he grabbed my arm. "I think this girl has a match." With that he called to one of the young women stenographers passing through the corridor, "Hey, you, gotta match?" But that young lady only snapped at him, "Why don't you buy your matches?" The rebuke went double and I resolved never to ask for a match in public unless there are ladies present.

Listen While Looking

Not long ago I overheard a professional guide describing to a group of tourists the wonders and marvels of a section of historic Boston. It occurred to me that it must be rather a wearisome occupation. As usual, I was wrong. When the visitors passed along the guide inquired if I cared to be introduced to the city. I told him I was fairly well acquainted with it and then asked him point blank, "Don't you get a bit tired of telling the same story over again?"

"No," he replied.
"How's that?"
"Because I don't repeat a set of phrases," came the reply. "If I did I couldn't stand the job for more than one day. When you make it a parrot job your customers get on to you. They lose their interest right away. Here was an original man, I could see, and so I prodded him for further comment."

Said he: "I always insist upon everybody keeping quiet when I describe the object before them. If they want to talk then I stop. But if they want to listen and withhold their questions I don't mind it at all. One thing I insist upon and that is 'no interruptions.'"

"And how do they behave?" I asked.
"Perfect," said the psychologist and guide. "I sound them out and find out what in particular they would like to know about. In that way I get a pretty fair idea of what's in their minds. That helps me speak their own language. We meet on a common footing and get along first-rate."

"How about children?"
"If it happens to be a bunch of school kids with their teacher I talk to them from a youngster's point of view. That always holds them. Whether children or grown-ups I throw in a story or two so my talk won't get monotonous. I also make them wait until I have finished before the question period as you might call it. That gives me a better audience for my lecture. Then they may have remembered the questions they had in mind or may have forgotten. It's a nice way to get along. We just sort of talk things over. No sing-song spiel—they'd go to sleep and I probably would, too."

Rain Plays No Favorites

Never promise to attend a country fair without leaving some sort of a loophole. Better say, "I'll be glad to go if it doesn't rain." Having failed to do so puts you on the spot and it may turn out that the spot has become a mud puddle. An official party, silk hats, cutaways, grey trousers and all full dress regalia demanded by men by the rules of "daylight fashions for the smartly dressed" started off in a fleet of automobiles for the Brockton Fair. They might better have traveled in gondolas. It was raining then and had been raining hard for some hours. They were loyal to their hosts and to their own careers as public men and therefore faced the elements.

I suppose this sermonette applies only—if there is anything adhesive about it—to those who must show themselves or disappoint the populace. Therefore, it might as well be out of at this point or never have been begun for men in public life will attend any kind of a gathering where there are votes or potential voters.

WOMEN'S CLUBS

Edited by Emma D. Coolidge

State Federation

RADIO. Mrs. Charles L. Fuller, Radio director for the State Federation of Women's Clubs, has announced a most interesting program planned for the coming year for all who listen in Saturday mornings from September 24 to May 13, 1933, over Station WBZ, for the half-hour 11.30 to 12 noon. It represents many hours of effort and thought, attesting this leader's efficiency, patience, and skill.

Appropriately the first fanfare of the new season comes in a welcoming and announcing address by the State Federation president, Mrs. Frank P. Bennett, who will give an idea of the year's plans and outlines in her topic "The Massachusetts State Federation of Women's Clubs Offers You," on (tomorrow) Saturday morning at 11.30 o'clock, over WBZ. This station which is featuring the women's clubs' activities, is located in the Hotel Bradford, Boston, at 275 Tremont street. The music of Saturday will be given by Mrs. Walter W. Winslip, Soprano, well-known president of the Winchester Fortnightly Club.

A resumé of the "Highlights of Seattle," the convention of the General Federation held in June in that city, will be presented by Mrs. Herbert E. French, director of the Second District. This will refresh the memories of Clubwomen after vacation, as well as inform those who, perhaps, missed reports of this great event.

On Saturday, October first, Newton will be interested in the fact that Frances Pembroke Boleman, Pianist, of Newton Centre, will furnish the music. Mrs. Carl Illig, Jr., chairman of the Division of Public Health, will speak on "Good Complexions," Mrs. Henry W. Fox, director of the First District, opens the year's discussion by district directors on the general topic "Working Together Is Progress," and Mrs. George A. Mellon, chairman of Club Institutes, will speak on the topic "Contacts."

Further plans of Mrs. Fuller, which should pique the interest of Clubwomen, will be given more fully next week.

FALL MEETING. Clubwomen are reminded that the first open event of the State Federation is not far off—the Fall Meeting, which will be held on Friday, October 14, at Framingham, by invitation of the Framingham Women's Club. Details will be given later, but the date should be saved and planned for, as the location is of easy access to Clubwomen of the Twelfth District.

NEW ENGLAND CONFERENCE

A cordial invitation is extended to every Clubwoman to attend the annual sessions of the New England Conference of State Federations of Women's Clubs, October 18, 19 and 20, at Mountain View House, Whitefield, N. H. Sociability will be the keynote of the Conference. The scenic beauty of October days in the mountains speaks for itself.

A brilliant program with speakers of note is being planned by Mrs. Edward H. Whitney of Rhode Island, Conference chairman, and Mrs. F. L. V. Spaulding, State president of New Hampshire. Mrs. Grace Morrison Poole will honor the gathering, and a testimonial dinner in her behalf will be a popular event.

One session will be devoted to outstanding achievements of the six State Federations of New England. A model Club Institute is announced as an other attraction.

Reservations should be made direct with the hotel. Rates per day, per person are: Double room with bath, \$8.00; single room with bath, \$10.00; double room with hot and cold water, \$7.00; single room with hot and cold water, \$8.00.

"It is fine to know the women of your own Federation," declares Mrs. George W. Hendrick, chairman of the publicity, "but it is six times finer to know the women of the six Federations of New England."

Newton Highlands C. L. S. C.

Miss Mabelle Hurd, president of the Newton Highlands C. L. S. C., opens her home, 1574 Centre street, for the first meeting of the club next Monday afternoon, September 26, at 2:30 o'clock. Mrs. C. Peter Clark will be in charge of the program, this being a discussion of the book "The First Frontier" by Frank A. Stimpson. Current Events will be presented by Mrs. Ernest Haggood and Mrs. Isaac Stoddard.

The hours passed and back from the fair grounds came the dignitaries. Anyone who has ever been out in a rain storm attired in his or her gladiolus of glad rags can describe the picture. A friend was assisting one of the principal figures of the group to shed a thoroughly ruined silk hat, a sopping cutaway and trousers that were mud-covered almost to the knees. Said the drenched statesman, "Why didn't I wear a bathing suit?"

The Right to Grumble

Not much was heard when the 1933 schedule of rates for compulsory automobile liability insurance was promulgated. They didn't hurt as much this year as in previous years because some of them were lower. A close study will reveal little change but the public had the idea that there has been a drop and consequently there is less to complain of. How odd it seems; I mean the whole compulsory insurance business. Plainly a majority of citizens are in favor of such a law but critical of many of its features, particularly the cost. Yet when the Legislature is called together to amend this or that provision or repeal the whole business nothing, whatever, is done. "Leave it alone," cries the voice of the people. Maybe they think any change would make matters worse or possibly they want something to kick about and prefer a permanent topic such as is offered by auto insurance.

ELECTRICAL HOUSEKEEPING SCHOOL

A two-day electrical housekeeping school under the auspices of the Boston Edison Company will be held Wednesday and Thursday afternoons, from 2:00 to 4:00 p. m., at the Newton Centre Women's Club, 1280 Centre street. The classes, consisting of lecture demonstrations with complete electrical home equipment connected for use on the stage, will be conducted by domestic science experts who are members of the Edison home service staff.

Residents of Newton Centre and their friends are cordially invited to attend both the Wednesday and Thursday classes. Appropriate souvenirs and recipes will be distributed daily.

EMBLEM CLUB BRIDGE AND WHIST

The Newton Emblem Club will hold a bridge and whist party at Elks' Hall, Newton on Monday evening, September 26th. This party will be conducted by the Sick Committee. Mrs. N. P. Bernard is chairman assisted by Mrs. John H. Gordon, Mrs. George Stuart, Mrs. Christina Bryson, Mrs. Blanche McGowan, Mrs. Ann McGuire, Mrs. Sidney Litchman, Mrs. David Fried, Miss Helen Keefe, Miss Helen Conroy, Miss Agnes Hughes, Mrs. Mary Hines, Miss Mary Monahan.

QUALIFY AS LIFE SAVING EXAMINERS

Six candidates successfully passed the life saving examinations in Newton recently conducted by Commodore W. E. Longfellow, the representative of the Washington headquarters of the American Red Cross. They were James O'Neill, Charles Gallagher, Edward W. Kinchla, Eleanor Cummings, Richard H. Chase, and William Kline. Following its policy of issuing certificates only to those who have secured definite appointments to teach, certificates are held in reserve for Victor Butterworth, Theodore Woolston, and Dorothy Carroll.

PARAMOUNT THEATRE

Harold Lloyd, the bespectacled "Monarch of Mirth," will delight the audiences at the Paramount, Newton, for four days starting Sunday, in "Movie Crazy." This picture will show a new and better Harold Lloyd, one who can act as well as clown, one who will make you cry as well as split your sides with laughter. Mr. Lloyd will be supported by Constance Cummings as leading lady.

VETERAN ASSOCIATION DINNER

Arrangements are being made for a dinner of the Claffin Guard Veteran Association to be held at the Brae Burn Golf Club, October 19. The President, J. Weston Allen, hopes for a full attendance.

MORTGAGEE'S SALE

in virtue and in execution of the power of Sale contained in a certain deed given by said William C. Chisholm and Elinor D. Chisholm, husband and wife, to the entirety to Francis E. Brown, dated March 4, 1932, recorded with Middlesex South District Registry of Deeds, Book 10, Page 17, of which mortgage the undersigned is present holder, for breach of the terms of said mortgage, the purpose of foreclosing the same, will be made public and the premises sold on Monday, the tenth day of October, at ten o'clock in the forenoon, all the premises hereby conveyed by mortgage deed, to wit:—

land in that part of said township called Newtonville, with the br

a thereon, being numbered 510
 as a reference to the plat of
 a plan of Grove Hill, Newtonville,
 1916, Ernest W. Branch, C. E.;
 recorded by deed in the First
 Deeds Book of Plans 24, plan
 bounded and described as follows:
 EASTERLY by said Lowe Avenue,
 sixty-three (63) feet;
 and
 SOUTHERLY by lot No. 43 as shown
 on said plan, ninety-two (92) feet;
 EASTERLY by parts of lots No. 24
 and No. 23 as shown on said plan,
 sixty-three and 1/100 (63.01) feet;
 and
 WESTERLY by lot No. 45 on said
 plan, ninety-one (91) feet.
 The above described lot contains
 5,760 square feet of land more
 or less.
 Subject to a mortgage given by us to
 the City of New Orleans Horace Cou-
 industrial Fund" in the sum of
 ten thousand (\$7000) dollars of even
 date of date of said mortgage and
 is now in force and applicable.
 We hereby promise to hold the title
 to mortgage now held by "The City of
 on-The Horace Coues Industrial
 Fund" to any person or persons,
 one hundred dollars (\$500.00) will be
 paid to be paid in cash by the pur-
 at the time and place of sale, and
 with the proceeds of the sale of the
 at the delivery of the deed.
 FRANCIS E. BROWN,
 Mortgagee.

ant to a power of sale contain-
tain mortgage deed dated 1

second mortgage deed, dated April 22, 1932, recorded in District Deeds, Book 4722, page 97, in and to the credit of the Ham Savings Bank, present holder of, for breach of condition of said deed, and to the effect that it will stand at public auction on Saturday, April 1, 1932, at ten o'clock in the forenoon, at the residence of the said lender, all and singular the premises conveyed by said mortgage deed therein contained, a substantial part of the land in that part of said Newton, Auburndale, with the buildings thereon, bounded as follows: Northerly by Commonwealth Avenue one hundred (115) feet; Northerly by a street or thoroughfare one hundred (100) feet; Easterly by a street or thoroughfare forty (40) feet; Southerly by a street or thoroughfare one hundred twenty (120) feet; Westerly by a curve at the junction of Commonwealth Avenue and a street three (3) feet more or less; Easterly by a street or thoroughfare five (5) square feet. Being the premises conveyed to said Company by deed of the said Middlesex South District Deeds, Book 4716, page 315. The purchaser of the above premises shall be bound to pay all and unpaid taxes, tax liens, tax and municipal liens and assessments and cash price of the same (not over \$300) dollars will be required from purchaser at the time and place of sale. The terms will be announced at sale.

LTHAM SAVINGS BANK,
Mortgagee.

**MORTGAGE, ESTATE
 OR GENESEE**

NOTICE: That the power of sale con-
 tained in a certain mortgage deed, bearing date
 with G. H. Olshausen to the Newton Sav-
 ings Bank, dated August 20, 1928 and
 filed with Middlesex County District
 in Book 5289, Page 42, for breach
 of condition, the condition being that
 and the purpose of foreclosing the same,
 be sold at public auction upon the
 premises described in said mortgage deed,
 to-wit: in and to the lot on Mon-
 the tenth day of October, 1932 at
 11 o'clock in the forenoon, at and
 near the premises described in said
 mortgage deed, namely: "That the land
 with thereon, thereunto in and to
 Cabot Street, in that part of said
 town called Newtonville, bounded as
 follows: To-wit: by Cabot street fifty-five (55)
 feet by land now or late of O'Sulliv-
 an hundred forty (140) feet;
 by land now or late of Eleonor-
 Atwood, fifty-five (55) feet;
 by the centre line of Cabot
 street one hundred forty (140) feet,
 including 7700 square feet, more or less,
 of the same premises conveyed to
 Ruth G. H. Olshausen by Eleonor Ben-
 Atwood by deed duly recorded, and
 the convenience in making the same
 and to the benefit of the rights of way

record so far as now in fo

premises will be sold subject to unpaid taxes, tax titles, municipal and assessments.
\$0.00 at time and place of sale.
NEWTON SAVINGS BANK,
Mortgagee, and present holder
of said mortgage,
by Charles H. Clark, Treasurer,
n, September 15, 1932
A. Mason, Attorney
Tremont Street.

Lived Under Bible Laws
In 1638 the New Haven colony (Connecticut) was begun by an English company under John Davenport. It allowed only church members to vote, and for many years had no laws but those of the Bible.

Rival Musicians
Nothing is so annoying to a man singing his own praises as to be drowned out by a man blowing his own horn.—Boston Transcript.

Novelty in Theater
Electricity was first used in a theater by the Savoy, New York city, in 1882. The play was "Iolanthe" and King Edward VII, then prince of Wales, was present.

Prosperity
Prosperous meant, in ancient Greece, hopeful. Only in late Roman times did the world become identified with hopefulness rewarded or success or fortune.

Cards Credited to Gypsies
Playing cards are said to have originated in India, probably being brought into Europe by wandering tribes of gypsies about 700 years ago.

Helping the World
The blessed work of helping the world forward happily does not wait to be done by perfect men.—George Elliot.

Restful Pastime
Day dreaming is a delightful pastime that requires only a minimum of energy.—Toledo Blade.

Clubbing Gorillas Reported
Gorillas which drive elephants away with large clubs are reported to have been found in Africa.

Tells of Work of Training School of Xaverian Brothers

To Hold Garden Party In Aid of Juniorate

More than 20 women were entertained at the home of Mrs. John J. Quirk, 29 Washburn street, on Monday evening. The guest of the evening was Brother Samuel, recently appointed director of the Xaverian Brothers Juniorate at Oak Hill, Peabody. He gave an interesting informal talk on the life of the boys at the Juniorate, the work, plans and needs of this school. "The Juniorate," he said, "is the house of studies where young men are taught and trained in the ideals and requirements of the Xaverian order. It is the only training school of its kind conducted by the Xaverian Brothers in the United States." The Working Boys' Home at Newton Highlands is under the direction of the Xaverian Brothers, as well as eight schools in Massachusetts.

A garden party in aid of the Juniorate will be held on Saturday afternoon, September 24th, on the grounds at Oak Hill, Peabody, which was once the famous Rogers estate. Many distinguished guests have been entertained here in the past. The proceeds of this party, which gives promise of being a most successful one, will be used to purchase much needed equipment for the more than one hundred boys who are at present enrolled and under study at the Juniorate.

CHARGED WITH BURGLARIES AT WESTON

Eight youths, residents of Auburn-dale, were arrested Monday by Weston and Newton policemen charged with burglarizing two houses in Weston. Late in July and early in August the homes of Benjamin J. Blake, Park road, Weston, and J. Donald Nichols, South avenue, Weston, were broken into. These breaks occurred while the occupants of the houses were away for the summer. At the Blake house jewelry, liquor and other articles were stolen; the total value of the loot was about \$700. At the Nichols home the articles stolen were estimated to have a value of about \$130. Some of the stolen articles were recovered, and according to the youths arrested, they threw some of the loot into the Charles River. Seven of those charged with the thefts are under 17 years of age, so they appeared in the juvenile session of the Waltham court on Tuesday. Their cases were continued until Thursday.

Three of those charged with the burglaries were arrested late Monday night at their homes. They gave the police information which caused the arrest of the others early Tuesday.

BRYANT—MURPHY

Miss Kathryn Herrick Murphy, daughter of Major and Mrs. Francis P. Murphy of 88 Concord street, Nashua, New Hampshire, was married to John Walden Bryant, son of Joseph Allen Bryant of 221 Highland avenue, West Newton, on Saturday morning, September seventeenth at eleven o'clock in St. Patrick's rectory in Nashua. Rev. Matthew Creamer, P. R., performed the ceremony.

The bride was attended by her sister, Miss Madelein G. Murphy as maid of honor and a younger sister, Miss Elinor Murphy as bridesmaid. The best man was Joseph Allen Bryant, Jr., of West Newton, brother of the groom.

The gown worn by the bride was of white Chantilly lace fashioned in princess lines and she carried a bouquet of orchids and lilies of the valley. The maid of honor wore cornflower blue satin crepe with sash of dark blue velvet, and dark blue velvet toque. She carried talisman roses and delphinium. The bridesmaid wore gold colored crepe trimmed with dark brown velvet and a toque of brown velvet and carried talisman roses.

A reception was held at the home of the bride's parents for the immediate families and a few intimate friends.

The bride is a graduate of Rogers Hall, Lowell, class of 1929 and of the Finch School for Girls of New York and Paris in 1931. The groom is a graduate of Phillips Andover Academy, 1925 and Dartmouth College, class of 1929. He was captain of the Dartmouth Swimming team in 1928 and 1929, a member of the Psi Upsilon fraternity and the honorary society, Casque and Gauntlet.

Mr. and Mrs. Bryant sailed for France where they will spend their wedding trip.

Rotary Club

On Wednesday the Newton Rotary Club joined with the Boston and 40 other Rotary Clubs of Eastern Massachusetts in a luncheon in Boston where plans were laid for the international convention of Rotarians which will be held here next June.

Planning for the convention had already begun, the committee on arrangements having been in session since Sunday and having met many of the leading men of Boston who will co-operate in making this convention which will be held June 26 to 30 a huge success, when 15,000 people from 67 countries are expected to attend.

Clinton P. Anderson, international president of the organization, was the principal speaker. He predicted that the convention will prove a fine thing for Boston and a great thing for the Rotary clubs here. "There's a thrill," said he, "in taking on a big job like this, doing it together and seeing it through." The speaker's main topic was "The Governors of the World." He said that the oncoming age is the Pacific age because if another war comes it will be waged about the shores of the Pacific. He asked in detail what International Rotary is doing to control the tides, and looking for the conquest of right over force in international affairs, in domestic matters, invocations standards and even in club proceedings.

THE SHOW BOX

Stanley Marshman of St. James St., Newton, has devised and designed a traveling miniature theatre, The Show Box, which will give a public performance at the Hunnewell Club on Friday evening, Sept. 30th, at 8:15. The Show Box organization recently returned from a tour of the hotels of New England which included thirty-three summer resorts and a trip of 7,000 miles.

The program begins with an overture and is followed by a marionette show of the fairy tale of Snow White. There is also puppet vaudeville including ballet, oriental, dutch clog and Don Juan minuet dances. Musical interludes and a puppet clown add to the performance. Special lighting effects are produced by the 200 lights with which the Show Box is now equipped. Mr. Marshman and his organization plan to increase the lighting capacity to 600 lights shortly.

PLANNING BOARD OPPOSES WAIVER OF SETBACK

The Newton Planning Board has disapproved of the petition of Michele Picariello of Needham who asks that setback regulations on Boylston street be waived so that buildings owned by him at 804 Boylston street can be located nearer the street lines than the regulations specify. A dwelling and garage owned by Picariello must be moved from their present locations because of the construction of the Worcester turnpike. This matter will come before the Claims and Committee of the Aldermen.

Another petition for waiver of setback lines has been made in connection with the dwelling at 9 Thornton road, which also must be moved because of the building of the turnpike.

YOU'D BE SURPRISED

Explanation for last week: What Explanation for last week: What we see is steam that has been condensed in the air into tiny globules of water again. Steam in itself is invisible.

Life At Camp Mary Day Enjoyed By One Hundred And Fifty Local Girl Scouts

New Swimming Beach Used—Scout Clubs and Other Outdoor Activities Are Featured

"On the Shores of Nonesuch Under Cedars tall
Camp Mary Day opens wide its doors
To Newton Girl Scouts—one and all.

Hear their laughter ringing
See the camp fire's glow
When you live at Camp Mary Day
It's joy and peace you'll know."

Three days after school closed Camp Mary Day opened its tenth season and did not close until two days before school opened again—as long a season as possible and this year "The best one yet" was what one heard on every side.

Such a summer—glorious camping

through and put back on the shelves bright and shining to the merry tunes of camp songs:
"First we scrape
Then we scrub
Next into the rinsing tub.
Drain and dry and up on the shelf
Who likes to do 'dishes'
Answer—Myself."

The long talked of new beach was realized this summer and was finished and put into use the latter part of July. A wooden scow 20x40 feet was built, filled with rock and sand and sunk far enough from shore to allow the right depth of water. A substantial runway was built out to this

Camp Mary Day

weather—only three times during the whole season was out-door "solers" omitted and the girls were glad to have a chance to pledge allegiance to the flag which hangs in the camp house. The first flag to ever fly at Camp Mary Day which was raised up the flag pole when the corner stone was laid and which has watched the good times of the girls from inside the camp since it has become so frayed and tattered from many days of flying over them.

One hundred and fifty girls camped at Mary Day this summer. Two were there for one week. One hundred and three for two weeks, forty-five enjoyed a four weeks vacation and two were fortunate enough to be able to stay eight weeks.

Aside from the perfect weather which means so much in camping, two additions made by the Camp Committee were very important factors in the success of the season.

The new dining hall and kitchen, built in memory of Susan E. Miller, a Newton woman who left a bequest to the Girl Scouts a few years ago, which was used to erect this beautiful building added not only to the layout of the camp, but enabled a larger number of girls to be accommodated.

This building—a long, low, log cabin type is situated on the shore of the pond and the seven tables, each seating ten persons, have the full benefit of the lovely view and the cool breezes. The kitchen is perfect in its appointments and the committee, with the aid and advice of Mr. Dockstader, the architect, has done everything to make it convenient as well as pleasant in which to work.

Dish washing was a pleasure in the space especially arranged for it and many hands made light work of the stacks of dishes, which were hustled

"crib" and it made a perfect place in which the children could learn to swim. A line on buoys was stretched about 20 feet outside the "crib" for the swimmer who passed the first test and the camp float anchored 100 yards from shore was the goal to be reached by those trying to accomplish the First Class Swimming Requirement. Two swimming periods were made possible—having "our own beach" and with an in shore and raft group in each period, the groups could be made smaller and girls were able to make much more progress. The "checking" and "Buddy" systems were used and two patrol boats manned by Councillors, who were Senior Life Savers, watched the girls constantly. Dorothy Colby Hall, who has been a Councillor at Camp Mary Day ever year since it started for a part or all of the summer, had charge of the swimming again this year and all of the Councillors helped where they were best fitted and most needed.

Swimming, a most important as well as popular part of camp life was added to a hundred percent this year. From "Reveille" at seven in the morning until 8:45 at night when "Taps" echoed across the pond, the camp was gay with laughter, fun, play, work, and good times. Camp capers directly after breakfast made everything shipshape for the day. A schedule was made giving the nine cabins (5 or 6 girls in a cabin) one of the nine capers to do each day and as the schedule changed each day no one had a chance of getting tired of any one caper. Table girls, dishes, clearing the grounds, balling boats, cleaning up the camp house, keeping "Tidy Tim" (wash house) tidy, working in the garden, preparing

(Continued on Page 2)

Will Not Buy Land For School Playgrounds

Enlargement of Playgrounds Prevented By City Economy

At the meeting of the Newton School Committee on Monday night the matter of purchasing land adjoining the Pierce School at West Newton and the Bowen School at Thompsonville was discussed. Elliott B. Church, chairman of the subcommittee on school sites and playgrounds, advocated that a parcel of land near the Bowen School, valued at \$6000, be purchased to provide playground facilities for this school, which now has only a very small schoolyard. Mr. Church stated that the purchase of this land had been requested last year by the School Committee, but the Mayor and the Board of Aldermen had failed to follow his recommendation.

Mayor Weeks, who was present at the meeting of the committee in his capacity as a member ex-officio, said that while he realizes that the land is needed, it should not be purchased at the present time because of economic conditions. He stressed the necessity of providing employment or the many men in the city who have been out of work, and said that the purchase of the land at Thompsonville would not provide any employment. After some discussion, the School Committee voted to lay on the table the motion recommending the purchase of this land.

Mr. Church then placed before the committee an offer from the Phillips estate to sell a parcel of land adjoining the Pierce School at West Newton. This parcel contains 23,840 square feet of land and would be sold for \$2000. Mr. Church argued that the 231 pupils at this school have but little yard to play in. He presented letters from Elmer Ellsworth, principal of the school, F. E. Wilson, director of physical education, and Ernest Hermann, director of playgrounds, advocating the purchase of this land. Mayor Weeks also opposed the purchase of this land. He said it is on a grade and not suited for playground purposes. Mr. Fernald of the School Committee took issue with the Mayor on this question and said this land can be graded for such use.

Mrs. Cornell of the Committee questioned Mayor Weeks regarding the development of the land purchased going on two years ago for a playground at the Emerson School in New Upper Falls. The Mayor said that he will consider the matter of recommending that this land be graded so it can be used for the purpose for which it was purchased. He commented that this site is one of 50 under consideration as offering means to provide work for the unemployed.

"Al Marsters" In Car Crash At West Newton

Driver of Car Charged With Drunken Driving

At 2 o'clock last Friday morning an automobile crashed into a pole opposite 44 Lexington street, West Newton. This is the address of Patrolman William Whelan of Newton police. The crash awakened Whelan and he went out to investigate. He found the three occupants of the car injured and called the police ambulance to take them to the Newton Hospital for treatment. The driver of the car, James J. Hill of 1590 Massachusetts avenue, Cambridge, received a laceration on the forehead. After receiving treatment he was arrested on a charge of driving while under the influence of liquor and taken to police headquarters. One of the passengers in the car was "Al" Marsters, former Dartmouth football star and now a student at Boston University Law School. Marsters received severe lacerations of the scalp, and it was feared at first that his skull might have been fractured, but x-rays revealed otherwise. He was discharged from the hospital the following day. The third occupant of the car, Betty Selfridge, a nurse at the Danvers State Hospital, received cuts on the forehead and chin. Hill was released on \$500 bail for trial October 7.

NO RAILROADS!

The sylvan peace of New London, N.H., is never broken by any rattling, whistling railroad. Yet this lovely, unspoiled hamlet is only a short hundred miles from Boston by the Henniker, Concord or Franklin routes. They are magnificent roads! Why not run up this week-end to the famous New London Inn? Feast your eyes on glorious fall foliage, and the "inner man" (or woman) on our delectable New England Cooking.

Rates: \$4.00 to \$6.00 per day. American plan. Write or wire to make sure of your reservations.

School Busses Still to Unload On Walnut St.

Plans To Relieve Traffic Tie-ups at High School Are Rejected

At the meeting of the School Committee on Monday night the matter of traffic congestion on Walnut street, Newtonville near the High School, caused by many special school busses unloading pupils there mornings, was discussed. Many complaints have been made by persons whose automobiles are delayed mornings. These complaints submitted various plans for the relief of this situation. These plans are as follows:

1. Open Elm road and run busses on Lowell avenue to Elm road unloading between the two buildings.
2. Run busses from Walnut street to Clyde street to Pulisier to Cabot to Walnut, parking on the right side in front of the Classical building.
3. Run busses on Lowell avenue to Otis to Walnut, parking as above. Commonwealth avenue to Lowell avenue to Otis street to Walnut. Unloading busses in front of Classical building.
4. Lowell avenue to Elm road to Kimball terrace and return via Otis street and Lowell avenue.
5. Using the driveway in front of Classical building and short portion of Elm road for unloading.
6. Use the southwesterly corner of Walnut and Elm road as an unloading place.

The sub-committee appointed to consider this matter submitted letters received from Principal Ellicker of the High School, Police Chief Hughes and President Hanson of the Middlesex & Boston Company. These letters state that the alleged delays only hold traffic up from 35 to 40 seconds; 10 seconds less than it is held up at Newtonville School, and that the present method provides speed and safety in unloading the pupils, whereas the proposed plans do not. The letter from Chief Hughes said in part: "I would not sanction any of the changes on this plan. He said it is on a grade and not suited for playground purposes. Mr. Fernald of the School Committee took issue with the Mayor on this question and said this land can be graded for such use."

The sub-committee favored the retention of the present method, saying:

"The transportation committee recommends that the present plan of loading and discharge of busses at the high school be continued and that the report together with the letters from the chief of police and the president of the Middlesex & Boston Street Railway Company, principal of the Newton High School, the tabulation concerning passengers and length of stops of the busses on Walnut street, and maps of routes, be filed with records of the school committee."

Worcester "Pike" Contractor To Appear In Court

John F. Coleman and William R. Coleman of the firm of Coleman Brothers, contractors, have been summoned to appear in the Newton court on October 4th on the charge of paying less than the prevailing rate of wages to mechanics employed on the construction of the Worcester turnpike in this city. The laws of this State provide that a contractor engaged in a public work must pay the customary prevailing rate of wages. The complaints made against Coleman Brothers were signed by Frank Larabee of 40 Austin street, Newtonville; Fred Alexander, Needham Heights; Alonzo Hanna, Wellesley; Herbert Mahoney, Dorchester; Herbert Gould, representing the State Department of Labor and Industry asked for the summons against the contractors.

RECEPTION AT CENTRAL CHURCH

A reception will be held in the Central Congregational Church on Friday evening, October 7th, at eight o'clock in honor of Mr. and Mrs. Merrill and Mr. and Mrs. Knebler. All members and friends of Central Church are invited, including the organizations of young people. This is the first of a series of social gatherings being planned for the year.

Middlesex G.O.P. Campaign Opens Sat. Afternoon

Ex-Congressman MacLafferty Heads Imposing Array Of Speakers

Ex-Congressman MacLafferty of California, a close friend of President Hoover, will be the principal speaker when the opening guns are fired in the Middlesex Republican campaign at what promises to be a huge rally at the estate of Henry I. Harriman, 825 Centre street, Newton, Saturday afternoon at 2:30 o'clock. Arrangements are in charge of Miss Margaret McGill, chairman of the Middlesex Women's Republican Club. Mayor Sinclair Weeks will preside.

Other speakers include Hon. Everett G. Saltonstall who will speak on "Referenda of the Election," Hon. Gaspar G. Bacon whose subject will be "Problems of State Government," Miss Katherine V. Parker, president of the Club, Mrs. Frank Roe Batchelder, National Committeewoman from Massachusetts; Mrs. Leslie B. Butler, director of the Club Political Department; Mrs. Nathaniel Thayer; Mrs. Alfred B. Williams, vice-chairman of the Republican State Committee; and Hon. Christian A. Herter, whose topic is "President Hoover As An Individual."

Assisting Miss McGill on the Committee of Arrangements are: Mrs. Ralph Henry; Mrs. A. D. Salinger; Mrs. A. L. Wakefield; Mrs. Howard North; Mrs. Earl Manning; Miss Mabel Barker; Mrs. Frederick S. Blodgett; Miss Ellis Spear; Mrs. Leverett Saltonstall and Mrs. Brewer Eddy, all of Newton.

Village Players To Open Tenth Season, Oct. 14th

The Village Players are looking forward with great interest to their tenth season of dramatic work. Since the inauguration of the Work Shop three years ago the organization has progressed from merely producing plays two or three times a year to the continuous work of a Little Theatre.

Last year's group of plays included The Big Pond by George Middleton and A. E. Thomas; Ploore by Ernest Cobb, a member of Village Players; and Mary, Quite Contrary, by St. John G. Ervine; also fifteen one-act plays. Presenting a new program each month calls for constant work in the various departments and it was found necessary to arrange for a large Work Shop in order to carry out the elaborate plans for the tenth anniversary. The room is now equipped and is ready for the use of the various groups.

With the desire to increase the efficiency of the organization the Board of Directors, which includes Mrs. Frank A. Mason, President; Mrs. Hope Thacher Spencer, Vice-President; Mrs. James Hunter Orr, Secretary; Mrs. Frank L. Richardson, Treasurer; and Mrs. Charles P. Powers, Mrs. Edward A. Andrews, Mrs. Wesley Dynes, and Mrs. Austin C. Benton have formed an Advisory Board which includes many prominent men, including Mr. Edward J. Frost, Mr. Frank L. Richardson, Mr. Ernest Cobb, Mr. Ernest Herman, Mr. E. Irving Locke, Prof. Henry G. Pearson, Mr. Samuel Thurber and Mr. Edward E. Whiting.

Committee Chairmen for the season 1932-1933 include: Executive Director, Mrs. Frank A. Mason; Work Shop Director, Mrs. Edward A. Andrews; Art Directors, Mr. and Mrs. William C. Noetzel; Lighting, C. R. Clifford and W. M. Barkley; Properties, Mrs. Robert Blodgett; Costuming, Mrs. Frederick M. Sears; Publicity, Miss Estelle G. Marsh; Subscriptions, Mrs. Charles P. Powers; Make-up, Mrs. Wesley M. Dynes; Scenic Manager, Ralph L. Wheeler; House Manager, Mrs. Mable M. Webber.

The season opens on Oct. 14 with an evening of three Work Shop Plays. Rehearsals are well under way for the first full production November 8, 9, and 10, when Rachel Crothers' successful comedy "As Husbands Go" will be presented with an all star cast, including several new members who have been seen in many prominent parts in the various Newtons. Village Players is one of the first amateur groups to produce this play, as it has just been released from its restrictions to professionals.

Leon B. Rogers To Head Community Chest Now Being Formed In Newton

Resigns As President of Mayor's Relief Committee To Assume Position With Broader Duties

The following statement, issued this week by Mayor Weeks tells of the forming in this city of a Community Chest which will serve to finance various philanthropies in the Newtons. The new organization will have as its President Leon Rogers who has headed the Mayor's Relief Committee for the past two years. The Mayor's statement lauds the work of Mr. Rogers on the Relief Committee, and tells of the latter's resignation as President of this Committee in order to assume the broader duties of his new office. Also printed here is a copy of a resolution adopted by the Mayor's Relief Committee praising the work of Mr. Rogers.

Statement by Mayor Weeks

"I have accepted the resignation of Mr. Leon B. Rogers as President of the Mayor's Relief Committee. In this connection I have a most important announcement to make, namely, that the organization of a Community Chest in Newton is virtually completed. With the Mayor's Relief Committee as an important member, and that Mr. Rogers has been elected and will serve as President of the Community Chest."

"This announcement affords me a welcome opportunity to extend to Mr. Rogers my congratulations and my thanks for the work he has done as leader of the Mayor's Relief Committee here in Newton. His efficient and unselfish service have been such as to make Newton's plan for administering relief recognized as a model throughout the State. I am glad to say that the Committee, as a member of Newton's newly organized Community Chest will continue to benefit by Mr. Rogers' leadership. He has simply broadened his base for the fine work he has been doing in Newton."

"While Mr. Rogers will take active charge immediately of the affairs of the Community Chest, his resignation from the Mayor's Relief Committee will not take effect until after the regular fall program of the Mayor's Relief Committee is completed. This includes the full cooperation of, and use of all available information from, all city departments as to relief cases cared for during the past year, and it also includes a survey of the needs for the coming winter. It is through the Police Department, the departments of Health and Welfare, and through the co-operation of the courts that Newton has been able to extend relief to many who would not otherwise have come to the attention of the Committee. In other words, Mr. Rogers will assist the committee particularly in addition to his new and larger work, in furthering plans for this winter's activities."

Resolution of Mayor's Relief Committee

WHEREAS, Leon B. Rogers, President of the Mayor's Relief Committee, Inc. of Newton, has resigned from that Committee and his resignation has been accepted;

Be it therefore RESOLVED: That the Executive Committee expresses its deep appreciation of the magnificent services rendered to the City of Newton and particularly to its needy citizens by Mr. Rogers. The Committee desires to record its pride that a most difficult emergency program of relief, involving the raising of nearly

\$135,000 and the care of hundreds of needy families has been conceived and carried out with amazing skill and unbelievable fairness. The credit for this belongs almost entirely to Mr. Rogers, who has been exceedingly patient and wise in the discharge of this delicate and difficult task. He has given, without any recompense save the satisfaction of rendering service to unfortunate men, women and children, endless hours and much strength. This Committee desires to report to those who have contributed money to the Mayor's Relief Committee, and also to those who have been aided by that Committee, that in our opinion Mr. Rogers' administration has been marked with utter honesty and fairness and with an exceedingly large measure of wisdom, foresight and self-denial.

Be it further RESOLVED: That a copy of these resolutions be entered in the minutes of the Committee, that another copy be sent to Mr. Rogers, and that copies be sent to the newspapers of Newton and Boston.

WILLIAM J. DOHERTY, Chairman, DR. EDWARD A. ANDREWS, EDWARD I. BROWN, REV. TIMOTHY A. CURTIN, ARTHUR C. DUNMORE, HON. CHARLES E. HATFIELD, EDWARD J. KIVELL, REV. ROBERT M. MANTLE, REV. BOYNTON MERRILL, The Executive Committee of the Mayor's Relief Committee, Inc. of Newton.

Bail Not To Run On Stickers For Representative

Alderman Henry W. Bail of Newton Highlands requested the GRAPHIC yesterday to deny the rumors that he intends to run for Representative from the 5th. Middlesex District on stickers. He also said that a Boston paper printed an item last week which stated that Henry W. Bail had received the democratic nomination for Representative. Mr. Bail states that he will not be a candidate for this office and that he intends to support the regular Republican nominees.

THE WEEK IN NEWTON SPORTS

ARLINGTON DOWNS INEXPERIENCED NEWTON ELEVEN

A smooth working and powerful
Arlington eleven opened the local foot-
ball season at the expense of an in-
experienced Newton high outfit to the
tune of 13 to 0. Captain Crovo of
Arlington was the individual star of
the game but was aided considerably
by the final play of the Arlington line.
The Arlington forwards were superior
to the Newton line, so much so that
Captain Warren Huston and his mates
could not maintain a consistent run-
ning attack and had to be content
with picking up a few yards here and
there.

Shortly after the opening of the
game which saw Johnny Waters run-
ning the Arlington kickoff back 15
yards to his 36-yard line Arlington got
a break. Three plays had netted New-
ton almost a first down and with but
a foot or two to go Captain Huston
of Newton elected to attempt to make
the first down. He hit a wall of Ar-
lington linemen and the ball was
Crovo recovered for Arlington. That
was the signal for a match which car-
ried the visitors over the Newton goal
in a series of three first downs to the
8-yard line and three more plays with
Crovo scoring. Bob Whitney of New-
ton knocked down the pass for the
extra point.

Newton received the kick-off with
Huston getting to his 45-yard line be-
fore being brought down. Three plays
with York, Huston and Waters carry-
ing the ball made it first down in
Arlington territory. Huston then
tossed a pass to Teddy Johnson which
barely missed completion but on
which Arlington interfered and New-
ton was given the ball on Arlington's
25-yard stripe for another first down
as the period ended.

Two plays were smothered and New-
ton drew a 15 yard penalty forcing
Huston to kick. The ball crossed the
goal and Arlington put it in play on
their 20-yard line. Arlington kicked
and Newton started again, missing a
first down by inches to give Arlington
the ball on the Arlington 30-yard line.
Pochini got through tackle and near-
ly got free for a touchdown but Pal-
mer York, one of his fastest men on
the Newton squad, brought him down
with a pretty tackle, holding Pochini
on an 18-yard line. Newton tightened
to take the ball on downs on their
own 40-yard line. Shortly before the
half ended Arlington had the ball on
its 25-yard line and Crovo kicked to
the Newton five yard line where Hus-
ton fumbled the ball and recovered.
A couple of line plays and an Arling-
ton offside penalty ended the half.

The ball hovered between the 25-
yard lines most of the third period
with neither team making a great deal
of headway. As the period ended Ar-
lington took the ball on downs on
their own 40-yard line. Opening the
final period Arlington staged a drive
that would not be denied. Tackle plays,
line backs and a pass or two, carried
them down the field. Three first downs
and the ball was on the 7-yard line
with Pochini going over on the second
play for the second touchdown. Clarke
scored the point on a pass from Crovo
to make it 13 to 0.

Receiving the kickoff Newton retali-
ated with a passing attack which suc-
ceeded materially but time expired
when Newton had hung up its third
successful first down on Arlington's
20-yard stripe. In this march Mac-
chia, a Newton substitute back, was on
the receiving end of three Huston passes
for a total gain of about thirty yards.
Despite their inexperience the New-
ton team never gave up and gave
promise of better times to come as soon
as Coach Sanborn gets them working
together more smoothly.

SPORT NOTES

Peaky Scores for Varsity

Tuesday afternoon the Harvard
varsity football team scored a three
touchdown win over the scrubs in
a scrimmage session which saw five
players suffering minor injuries. Carl
Pescosolido, former Newton high ath-
lete, scored one of the touchdowns
after a march had made it first down
on the four yard line. Don Gleason,
former Country Day athlete and a
younger brother of Francis Gleason,
backfield candidate, was injured again.
Last week he suffered a slight injury
which kept him out of action until
Monday and Tuesday was slightly in-
jured again. He is expected to be
in shape to get into the opening game
as a reserve centre against Buffalo
tomorrow.

Huskies Make Football Debut

Northeastern University inaugurates
football this year for the first time
in its history. Under Coach Al Mc-
Coy, former Newton high, Dean Acad-
emy, Penn and Lafayette star end who
is also coach of basketball and base-
ball at the Huskies. This year
the Huskies will be represented only
by a freshman eleven which will form
a nucleus for the introduction of a
varsity squad next year. The Husky
freshmen will open their season to-
morrow against the Nichols Junior
College team of Dudley. Two New-
ton youths are slated to be in the
starting line-up. They are Francis
Tuscher, end and Bob Buell, fullback.
Both were prominent in athletics last
year at Newton high.

Gulian on Yearling Squad

George Gulian, former Newton high
athlete and cousin of "Mike" Gulian,
Brown captain and star some years
ago, is a candidate for the Harvard
freshman eleven which began prac-
tice this week with 200 candidates on
hand. Gulian played guard on the
Newton eleven the past two years and
is one of the leading prospects for
Coach Rufus Bond's yearling outfit.

Champion Wins Backstroke

Bill Champion, former Newton high
athlete, won the 100-yard backstroke
event at the annual outing of the Bos-
ton Swimming Association at Fal-
mouth on Sunday. He also placed
second in the 100-yard free-style.

CATHOLIC CLUB ROAD RACE TO BE HELD OCT. 12

On Columbus morning at 11:00 a.
m. a road race from Newton Corn-
er through Newtonville Square and
West Newton Square finishing at the
home of the Newton Catholic Club
will be conducted by this organiza-
tion. Coming as it does on the holi-
day morning, it is expected the route
of the race will be thronged with
hundreds of people.

Police Chief Starter

Chief Michael Hughes has consented
to act as official starter of the race.
This prominent Newton official heart-
ily endorses any activity which will
further the interest of the youth of
the community. Many will recall
Chief Hughes when he played ball
with the old New England League.

Race for McVarish Cup

The trophy which will be offered as
first prize in the Senior Division has
been donated by Mr. Carlton McVar-
ish one of the leading men in the
Club. This beautiful mounted trophy
stands about fifteen inches high and
is a remarkable piece of handwork.
The name of the winner will be in-
scribed upon it and will serve as a
perpetual reminder of the first N. C.
C. Road Race.

Course Over New Road

The route of the race will be along
the new cement six car super de luxe
highway connecting the three north-
ern villages of Newton, Newtonville
and West Newton. Everything for
the convenience of the runners has
been arranged. Upon finishing the
race the Club will serve hot drinks
to the runners and provide them with
transportation to their homes.

Olympic Coach as Referee

Mr. John Sullivan, Coach of the
newly organized Newton Trade School
together with Mr. Jack Ryder, Bos-
ton College track coach and track
coach of the United States Olympic
Team will be invited to serve as
judges. It is expected that these men
will meet with the Committee before-
hand and designate certain rules for
the race.

Two Classes to Participate

In order to best serve the interests
of the participants two classes have
been arranged. The Junior Division
will include boys between the ages of
fourteen and seventeen and the Sen-
ior Division will include other youths
up to twenty-one years of age. Suit-
able prizes will be offered in each
Division. In all probability the Jun-
ior Division will be started a few min-
utes ahead of the senior group in or-
der to provide more closer competi-
tion.

Entries Now Open

Entries may be made with Mr. Law-
rence Brophy at 1255 Washington
street, West Newton. Entrants should
tell their age, address, and what pre-
vious races they have participated in,
if any. There is no fee for the run-
ners. Already entries have been re-
ceived from several Newton and Wal-
tham boys. The races are open to
the youths of Newton and surround-
ing communities. Four young Wal-
tham boys have already signified their
intention to run.

NEWTON TO OPEN LEAGUE AGAINST CANTABS TODAY

The Newton high football team
makes its first trip this afternoon, go-
ing over to Russell Field, North Cam-
bridge to face the Cambridge Latin
eleven in the opening game of the
Suburban league 1932 season. Which-
ever team is returned the victor it will
be the first victory as Cambridge Lat-
in has lost both its games this season
to date while Newton was Arlington's
victim last Saturday. The Cantabs, giv-
ing promise of a great defensive team
held Salem High to a one touchdown
verdict but last Saturday were easy
prey of the Leominster High aggrega-
tion of an 18 to 0 game.

With both teams battling for their
first victory of the season and the ad-
ditional effort to gain an edge on the
field in the Suburban League standing
it should be a great game with the
outcome a decided toss-up.

Coach Sanborn has made a few
changes in the line as the result of
the showing of the various players
against Arlington in order to gain
strength. The only change is that of
Charlie Houghton from left end to
right tackle. Alexander Kevorkian,
one of the two letter men from last
year's team, will be at left tackle. A
skin infection kept him out of the
Arlington game and his return should
be of considerable value. Houghton
and Kevorkian replacing Tom Kinrade
and Al Hebert, staple tackles against
Arlington. They are still in the running
for regular berths, however, and will
probably get their chance if Hough-
ton and Kevorkian do not live up to
expectations. Teddy Johnson will start
at left end in place of Houghton with
Finberg at right end in place of Mur-
phy who has an injured leg. Bill Con-
way will start in his usual position at
left guard with Al Bevan on the op-
posite side of centre. Bevan was Con-
way's understudy but has won a start-
ing position from Walter Rich who
took the field against Arlington. Dick
Francis and Charlie Thompson are
still staging a close race for the cen-
tre berth. Thompson won the right to
start against Arlington but Francis
will be in there when the whistle
blows against the Cantabs.

In the backfield Captain Huston is
expected to start with the same back-
field that faced Arlington, namely,
York, Waters and Whitney. This quar-
tet, with York and Huston the veter-
ans and Waters and Whitney the most
promising of the newer candidates is
working diligently to maintain a
smooth working, hard running game.
Waters and Whitney each have an
experience year ahead of them and the
experience they are gaining should prove
invaluable.

SPAIN NOT SIGNED BY BOSTON BRUINS— WILL HAVE TRYOUT

Unofficial but apparently reliable
reports in a Boston paper Wednesday
morning stated that Frank Spain,
former Newton high star athlete, had
signed a contract with the Boston
Bruins and would play professional
hockey this winter either as a major
league Bruin or a minor league Cub.
The report was unfounded. Spain has
not yet signed but has been granted
the opportunity of a tryout with the
Bruins when they open their practice
at Quebec within a few weeks.

If Spain makes the grade he will be
the third Newton product and the
fourth Greater Boston Boy to earn a
place in the professional ice game.
The first Newton youth to get his
chance was Alphonse LaCroix, who
tended goal, both regularly and as a
reserve, with minor league outfits.
LaCroix was followed a few years ago
by George Owen, whose athletic prom-
inence at Newton was crowned with
performances at Harvard that brought
him recognition as one of the out-
standing college athletes. Owen joined
the Boston Bruins hockey team a few
years ago and, as far as is known,
will continue at least another winter
in the game. Myles Lane, former Mel-
rose and Dartmouth athlete, was the
third Greater Boston youth to make
the grade, but after a year with the
New York Rangers dropped into minor
league obscurity.

Spain was one of the finest athletes
turned out at Newton High school.
He played five years of hockey under
Coach Dr. Martin, two of football
under the late Coach Allie Dickinson
and three years of baseball, the first
of which was also under Mr. Dickinson.
In football he was one of the head-
liners on the eleven and, playing at
quarterback, had many opportunities
to display his natural talents. Near
the close of the 1928 season he injured
an ankle which kept him out of the
balance of the campaign but did not
prevent his election as captain for the
following year. However the ankle
handicapped him throughout the rest
of the school year and failed to re-
spond to treatment in the summer so
that he decided to forego football
and resigned the captaincy. In base-
ball Spain drew all-scholastic mention
in his final two seasons at shortstop.
He was one of the mainstays of that
memorable 1928 team which was one
of the greatest defensive teams in
Newton High history. The infield, com-
prised of Spencer deMille at first, Al-
lie Fletcher at second, Edgar Warren
at third and Spain at short, was main-
ly responsible for capturing the Sub-
urban league championship that year.

In hockey Spain also was one of
the leading schoolboy players in the
State. He developed into a fine skater,
a great stick handler and a sound play
maker and won all-scholastic recogni-
tion in the Greater Boston circuit. He
was awarded the Dickinson Memorial
Cup upon his graduation in 1928.

In the fall of 1928 he entered Exeter
academy where he studied for two
years and also captained both the
hockey and baseball teams in his sec-
ond year there. In 1930 he entered
Dartmouth and again took up football
and quarterbacked his freshman team
with Sammy Fishman, Melrose star,
now varsity quarterback, as his re-
serve. Spain captained the freshman
hockey team and starred on the base-
ball nine also. As a sophomore last
year he gave up football in order to
concentrate on hockey and football
again. Early in the hockey season he
became the spark plug of the team
but in midseason became ineligible and
later withdrew from college.

The many friends of the former New-
ton high athlete will watch with in-
terest his debut in the professional
hockey field.

SPORT NOTES

Hanson at Norwich

Donald Hanson of Auburndale is a
centre on the Norwich University
football team.

Country Day Has Five Vets

Coach Howard Wiles of the Country
Day School of Newton football team
will have five veterans in his line-up
this season which opens this after-
noon when Woburn high is the oppo-
nent. The veterans are Capt. Ross
Angier at tackle, E. Lorraine Young
at guard, Jean Labouchere at end,
and Bill Schmidt and Brad Jenkins,
backs.

On Brown Cubs Squad

Newton should be pretty well rep-
resented in Brown football for the next
four years with four well-known New-
ton high athletes of recent years,
among the candidates for the Brown
freshman team this fall. This quar-
tet includes Charlie Butler of New-
ton Centre and Herbert M. Levenson
of Waban, ends; Norman Appleyard
of Newton Centre, fullback, and R.
Perry Elrod of Newtonville, a half-
back.

Harrington to Start

Dan Harrington, veteran B. L. lines-
man, is certain to start for the Ter-
riers against New Hampshire Uni-
versity tomorrow at Riverside. He will
be at one of the guard positions.

Is Soccer Captain

Kenneth Sharpe of Waban, a former
Newton high athlete, is at Wor-
cester Academy again this year. He
is captain of the soccer team.

Hunnefeld's Team Wins

The Hunnefeld All-Stars, headed by
Bill Hunnefeld, former Saxony Mills
and major league baseball star, de-
feated the Framingham Pros last Sat-
urday in baseball, 17 to 8.

On State Committee

Dr. Oscar Martin, faculty manager
of the Newton high school, has been
appointed a member of the State Y.
M. C. A. physical education com-
mittee. Dr. Martin, a graduate of Spring-
field Y. M. C. A. College, has been
connected with physical training and
athletics at Newton high school for
many years.

WE ARE FEATURING

Fall and Winter Menus

AT THE FRIENDLY COOKING SCHOOL

A new series of Friendly Cooking Schools
has just opened in our Home Service Audi-
torium, 39 Boylston Street, Boston. Since
the schools started more than 25,000 women
have attended, which indicates that they are
mighty helpful to people who have anything
to do with meal planning or meal getting.

We urge you to come—admission is free
and all are welcome. There are two after-
noon classes and one evening class a week
—so you can choose the most convenient.
Recipe cards are distributed free and an
attendance prize awarded at each class.

GIRL SCOUTS

(Continued from Page 1)

ing vegetables, etc., all are fun when
done by a "bunch."

Scout Clubs were a part of the
morning program and came direct-
ly after "crackers and milk," shop,
and most important of all mail time.
The Clubs offered were those in tune
with camp life, consisting of the out-
door work including nature work, sig-
nalling in the Second Class Test,
map making and measurements in the
First Class test and many outdoor
Merit Badges such as Flower Finder,
Tree Finder, Fresh Water Life Finder,
Bird Finder, Star Gazer, Pioneer,
Sailor and Junior and Senior Life
Saver which came during swimming
time.

Dinner, rest hour, swimming and
craft with free time for tennis, hikes,
or games filled the afternoon and af-
ter supper and "Retreat" outdoor
games and a camp fire made the
Goodnight Circle come all too early.
Crackers and milk again for the un-
derweights, but all the hungry were
invited to partake—and most every-
one was. Call to quarters and a rush
to bed—or no story from the Council-
ors.

At the start of the second four
weeks, the camp was divided into
three units: The Cedars, which in-
cluded Manager, Robin, and Blue bird
cabins with Miss Mary Stewart as
head Councilor; The Birches made up
of the Oriole, Phoebe, and Woodpeck-
er Cabins, Mrs. Hall as head Coun-
cillor; The Pines, including the Che-
winch, Pine Warbler, and Nut Hatch
cabins, and having Lisbeth Leighton
as head Councilor. Each of the Units
developed its outdoor kitchen with
stone fireplace, a lean-to shelter for
fire wood, put up shelves between
trees, made tables from birches and
cedars, grease pits and many gadgets
useful in preparing an outdoor meal.
Many breakfasts and suppers were
cooked in these kitchens and many
new dishes tried—most of them being
very successful.

During the last two weeks of camp,
the "Recreation Period" for girls over
sixteen and those especially wanting
the Girl Scout Camp Requirement for
the Golden Eaglet, most of the break-
fasts and suppers were cooked out-
doors and some quite elaborate
menus planned. From eggs baked in
orange shells to peach short cake
and mock angel food, it was voted
"great" and next season this part
of the program will be stressed even
more.

A candle light service was a very
fitting close to every two week pe-
riod and at that time the Camp Spirit
Pin and Camp Letters were awarded.
After the Girl Scout who had been
voted the pin had lighted her candle
and each of the campers candles, she
led the girls out of the house and
around the camp circle—forming a
large horse shoe. A beautiful sight!
Each little candle typifying the Spirit
of Friendship, Helpfulness and cour-
age to take back home and to help
"carry on" through the year. A pic-
ture at Camp Mary Day which no

Girl Scout will ever forget.

Those who received the Camp Spirit
Pins were: Edith Pratt of Newton
Highlands, Carol Smith of West New-
ton, Helen Oldfield of Newton Upper
Falls, Clara Schwab of Newtonville,
and Rosamond Riley of Worcester.
Letters were awarded to Edith Pratt
Newton Highlands, Betsy Warren Wa-
ban, Ruth Carter Newtonville, Carol
Newton Highlands, Eldora Kirtan
Newton Highlands, Jane Elwell New-
ton Centre, Helen Oldfield Newton
Upper Falls, Eleanor Bixby Newton
Centre, Emily Wright Auburndale,
Clara Schwab Newtonville, Alice Le-
Baron West Newton, Jane Willson
Auburndale, Catherine Hayes Newton-
ville, Rosamond Riley Worcester, and
Jean Eddy West Newton.

Miss Caroline Freeman, Local Di-
rector for the Newton Girl Scouts
was Camp Director again this sea-
son. On the staff who assisted her
were Mrs. Henry Skelton, Chairman
of the Camp Committee; Mrs. Ralph
C. Hall, who had charge of swimming
and nature; Miss Lisbeth Leighton
was head of the Pioneer work; Miss
Samantha Cressey was camp nurse,
and Miss Ann Cummings was the Bu-
gler. The following councillors assist-
ed for all or a part of the season: The
Misses Mary Stewart, Elizabeth Hen-
rich, Betty Gudworth, Hope Coker,
Rosamond Bigelow, Louise Kimball,
Elmer Brown, Barbara Livermore, Dor-
othy Kennison, Barbara Partridge, Be-
ty Oakes, Barbara Daley, Mrs. Mar-
guerite Tyler had charge of the dining
room and Mrs. Henry Fry spent two
afternoons a week helping with craft
work. Miss Viola Dilabough and her
mother had charge of the kitchen dur-
ing July, and in August Mrs. Lillian
Pierce, with her assistant, Miss Annie
Marino, planned and cooked the meals.

SPORT NOTES

Figure in Championships

Last Saturday the semi-annual ten-
nis tournaments for boys and girls
under 15 years of age were held at
the Longwood Cricket Club. Local
youngsters figured prominently. In
the girls singles Elena Cicone of
Newton Centre won the championship
defeating Ruth Aseltine, 6-1 in the
final round after eliminating Mary
Boyd, previous titleholder, in the
semi-final round. Miss Cicone, in her
five matches of the tourney lost but
seven games. It was her final ap-
pearance as she reaches the age limit
shortly. In the mixed doubles Miss
Cicone and Willard Babcock, a New-
ton youth, reached the final round
and were opposing a Winchester team
of Louisa Williams and Paul Gale
when darkness halted the match. In
the boys' consolation final Billy Dan-
iels of Newton was the victor.

Powers Scores Twice

Dartmouth defeated Norwich last
Saturday by a score of 73 to 0 with
Willbur Powers, former Newton high
and Deerfield academy athlete, scor-
ing two of the Green's eleven touch-
downs. He staged two sensational
runs of 57 and 28 yards each while
in the game for only a few minutes
of one period.

Police News

John Johnson of 40 Ivy street, Boston, was fined \$100 in the Newton court last Friday for driving while under the influence of liquor. He was also given a suspended sentence of 10 days in jail for drunkenness. He was arrested on the night of September 14.

Edward Saunier of 454 Walnut street, Newtonville, was arrested early last Friday morning by Patrolmen Barr, McCormick and Slavin charged with driving while under the influence of liquor. His case will be tried on September 29.

George Bunnell of Nelson street, Framingham, was arrested at 6 o'clock last Friday morning by Patrolmen Gegan and Lyons charged with driving while under the influence of liquor. His case will be tried on Sept. 29.

Victor Glingras of 17 Beech street, Nonantum, was in the Newton court last Friday charged with disturbing the peace. He was sentenced to serve 30 days in jail.

In the Newton court last Friday Dennis McCadden of Washington street, Brighton, was charged with the larceny of \$200 from Mahlon Hill, a real estate broker. Hill charged that he paid the defendant the money as a deposit on a house. The house was subsequently sold to someone else and McCadden refused to return the deposit, according to the complaint.

George Johnson, Jr., of 120 Crescent street, Auburndale, was fined \$10 in the Newton court on Friday for speeding, and \$5 for driving without a license. Alfred Carpinella of 12 Waban street, Newton, was fined \$10 for speeding and \$5 for not slowing down at the intersection of two streets.

Mrs. Harriett Flagg of 53 Crosby road, Chestnut Hill, was the complainant in the Newton court on Saturday against Bunton Woodworth of Concord. She charged that Woodworth, a relative, sold her a police dog a year ago for \$25 and that late last Friday night he came and seized the dog. Mrs. Flagg's mother and grandmother testified that the dog had been bought and paid for. Woodworth denied that he had received any money for the animal. He was given a suspended sentence of one month in jail.

Robert Hooper of 68 Walnut Hill road, Newton Highlands, recently convicted in the Newton court on the charge of burglarizing a house at West Newton, and also stealing an automobile, was found not guilty in the Middlesex court on Monday. The jury which sat on this case returned a sealed verdict last Friday and this verdict was opened by Judge Hammond on Monday.

In the Newton court on Monday Bernard Trask of 55 Nonantum street, Brighton, was fined \$100 for driving a car while under the influence of liquor, and \$10 for drunkenness. He appealed. Trask was arrested after the car he was driving had run into a pile of earth on Boylston st., Newton Highlands. In court the same day fines of \$10 for speeding were levied on Donald Bliss, 10 Allston street, Newtonville; Harry Katz, Malden; Frank Toscano, Riverside street, Auburndale; James O'Brien, Framingham. Elizabeth Wolfe of Westbourne terrace, Brookline, was fined \$5 for speeding and Donald McKerron of Medford was fined a like amount.

Lawrence Peruzzo of Elm street, Somerville, and John Marino of Waldo terrace, Brighton, were in the Newton court on Monday charged with larceny of about \$80 by means of passing worthless checks. They were held for trial on October 3. The checks were passed at the stores of William Perlmutter and Louis Fried at Nonantum.

LASELL JUNIOR COLLEGE

Dr. Elmer Leslie of the Boston University School of Theology, will be the Vesper speaker on Sunday evening, October 2, at 6:15.
Dean Lillie R. Potter will attend the meeting of the Connecticut Valley Lasell Club which will meet on Saturday, October 1, at the Hartford Golf Club.
The "old girls" will entertain the "new girls" at a formal party in Bragdon Hall on Saturday evening, October 1.

Plans are being made for the annual trip to Plymouth, October 5. On the return trip, the students will be the guests of Mr. W. R. Amesbury, Treasurer of Lasell, at his summer home in Duxbury, where they will enjoy a clam bake.

ANNUAL OUTING OF RIVERSIDE GOLF CLUB

The Riverside Golf Club held its annual meeting and outing at the Sandy Burr Club in Wayland on Monday. Prizes were won by Harold Johnson, Mr. Hustlebie, Charles Valley and Al Bonozoli.

Following dinner, the meeting was called to order and the officers elected for the ensuing year were: President, Mr. Samuel Douglas; Vice-president, J. H. Pullman; Secretary, Carl Ferguson, and treasurer D. Allen Lenk. Mr. Edward Wilson introduced Mr. John Foley formerly of the Keith Circuit who provided a most enjoyable entertainment of songs and readings.

AUTOMOBILE ACCIDENTS

Cars operated by Frank Maher of Taylor street, Waltham, and Elmer Desmarais of Greenwood avenue, West Newton, collided Tuesday at North street, Newtonville. Both drivers and Fred Maher of Taylor street, Waltham, who was riding as a passenger, claimed to have received injuries.

Peter Butler of 254 California street, Nonantum, while crossing Watertown street, Nonantum, on Tuesday afternoon was hit by a car driven by Gladys McClintock of Park street, Cambridge. He received an injury to his ankle.

Read the Household Pages in today's Boston Globe.—Advertisement.

Kiwanis Club

The Newton Kiwanis Club members were treated to a surprise at its weekly meeting Tuesday, September 27th. Instead of having one speaker use the allotted time of one-half hour, the members were faced with a battery of five orators—all members of the club and each scheduled to talk for five minutes.

The arrangements were under the direction of Acting President George L. White, who without unnecessary preliminaries in the way of separate introductions presented each speaker as his name was drawn from a hat.

Mr. James W. Daniels of the Newton Awning Company was the lead-off man and he held his listeners spellbound as he described an incident in which his father, a Gloucester fisherman, cheated death in the turbulent waters off the Grand Banks.

Dr. Everett L. Pierce followed with a most interesting and highly instructive talk on correct posture.

The third man on the program, Fred L. Briggs, arose and started a cross country trip only to reach Hollywood to drop his listeners, leaving them to await the day when he will be allotted a full half-hour to cover the subject.

At the fourth drawing Peter Turchow stepped forward to convince those in attendance that "the industrial ant shall inherit the earth."

Ralph Wales concluded the interesting session with a discussion of "Bakerlite" and its many uses.

Next Tuesday a man known to millions of radio listeners, Dean Gleason L. Archer of Suffolk Law School will be the guest speaker.

Marriages

JENKINS—FRASER: on Sept. 17 at Auburndale by Rev. R. H. Rogers; Herbert E. Jenkins of 230 Melrose st., Auburndale and Alice C. Fraser of 87 Bourne st., Auburndale.

AUTOS HIT CHILDREN

Sunday morning, at 9, William Dinkie, Jr., 3, of 11 Mossfield road, Waban, was hit by a car driven by Anthony Eno of Natick. The accident happened on Beacon street, near Chestnut street. The child received severe bruises.

Joseph Carbonaro, 6, of Henshaw street, Brighton, was hit Saturday afternoon on Commonwealth avenue, near Lake street, Chestnut Hill, by a car driven by Ilario Bertholo of Needham. The boy had just alighted from another automobile.

BROWNIE PACK NO. 5

The first regular meeting of the Newton Brownie Pack No. 5 will be held Thursday afternoon, October 6, at the Grace Church Parish House on Eldredge street. Brownies 7 and 8 years old are asked to come at 2 o'clock and the Brownies 9 and 10 years old at 3 o'clock.

Rotary Club

ROTARY CLUB

Ernest W. Dunbar of Cambridge and Governor of the 31st District of Rotary International was the guest and speaker at the regular meeting of the Newton Rotary Club on Monday at the Woodland Golf Club. Mr. Dunbar told of his work as District Governor and gave the members of the Newton club a real message as to the value of Rotary. It is the way to international peace and a complete understanding of international trade. A particular project for a Rotary Club is not a necessity for its continuation. The theme is sufficient. Particular projects should be the work of individuals of a Rotary club with aid of others of the community, and not the work of the club itself. Rotary's field is education. By the Rotary attitude the country may be directed towards better things.

Lodges

At the last meeting of Garden City Encampment, I. O. O. F., the following were elected as officers: Chief Patriarch, Harold Temperley; Sr. Warden, Ralph Fox; Recording Scribe, Bert Seely; Financial Scribe, Chas. W. Fewkes, P. G. P.; Treasurer, Alvah Merriam; Junior Warden, Arthur Haynes; Representatives to Grand Encampment, W. W. Callahan, Charles F. Dow, Fred E. Perkins, A. A. MacKenzie.

The officers elected by Woburn Lodge 17, I. O. O. F., at their last meeting were: Noble Grand, Harry Apt; Vice-Grand, Joseph Morgan; Rec. Secretary, George Beal; Financial Secretary, Frank Storms, P. G.; Treasurer, E. A. Lock.

Monday evening, Sept. 26th, Sumner P. Lawrence No. 177, elected the following officers: N. G., Helen Doby; V. G., Susan Morrill; Rec. Sec'y, Mary Smith; Fin. Secretary, Helen Merriam; P. G., Treasurer, Mary L. Sweet; Trustee for 3 years, Etta E. Dow, P. N. G.

Y. W. C. A.

Mrs. Steven Bayard Wilson of Newton will be one of the morning speakers Monday at the conference of Girl Reserve secretaries to be held at the Boston Y. W. C. A., 140 Clarendon St., when delegates will attend from the Northern New England area.

Mrs. Wilson has recently been appointed chairman for the Younger Girls Department and in reporting Monday will bring returns from the Girl Reserve conference held last summer at Camp Maqua, Poland, Me. At the National Y. W. C. A. vacation center Mrs. Wilson was also the official summer hostess.

The fall term in the classes of the Adult Education Department opens Monday. The girls and women of Newton have large representation in the various courses, which this autumn have reduced rates. Over 50 subjects are being offered by a strong faculty.

AN INTERESTING OPEN MEETING

What promises to be a most interesting event of the week and one that should bring out a big audience—what ever one's personal opinion—to hear the views of an admittedly famous speaker, has been arranged for October 6th. Mrs. William H. Brown of Beacon street, Boston, and of Cohasset, Mass., will be the chief speaker at a meeting to be held under the auspices of the Newton Women's Christian Temperance Union, in the First Baptist Church, Newton Centre, on Thursday, at 2:30 p. m. Her subject is "What the Dries Can Still Do." Mrs. Brown is vice-chairman of the Greater Boston Branch of the Allied Forces for Prohibition, and she is also chairman of the Women's Law Enforcement Committee of Massachusetts, and chairman of Policies of the Massachusetts Unit of the Daughters of the American Constitution. An interested discussion is anticipated and the public is invited. Mrs. Sidney Porter and Mrs. Charles Young are the hostesses and Mrs. William Raye will preside at the meeting.

PARISH PLAYERS PLAN FOR YEAR

The Parish Players of St. Paul's Church met last Tuesday evening at the Parish House to discuss plans for the coming year. It was decided to produce the first play in November under the direction of Arthur Logan, a well known director.

The following officers were chosen: Emory M. Leonard, president; Eleanor Collins, secretary; and Sumner Smith, treasurer.

PUBLISHES MESSAGES OF CHEER

Rev. John Shade Franklin, the live pastor of the Lincoln Park Baptist Church in West Newton, has just published what he calls "Messages of Cheer, Health and Comfort," as an inspiration to the sick, sorrowing and discouraged. These "Messages" are really attractive packages of cards upon which suitable poems and Scripture selections have been printed. They are being distributed for a small charge.

AUTO ACCIDENT AT NEWTON CENTRE

A car driven by Anthony Oliver of 1324 Centre street, Newton Centre, and a truck driven by Robert Leahy of Somerville and owned by the Colonial Oil Company, collided at Langley road, Newton Centre, last Friday. Oliver reported that he received injuries.

BUILD REPAIR

at 1932 costs

Everything is in the homebuilder's favor this year. Not for 15 years have construction figures, cost of labor and prices of building materials been so low.

We are equipped to help those who have been conjuring building dreams to make those dreams come true... to create a gabled English Manor; a home with Colonial charms or a "wee house" for a restricted budget.

We are taking all the annoying little details off your mind... from the plan to the completed house... carrying out any ideas you may have or using our years of experience in guiding your choice. We will help you to avoid those errors in construction that become magnified many times when you come in contact with them daily.

If it is remodeling or repairing you have in mind, we specialize in painting and general repair work, "fining" a roof, a foundation, a door or a floor, even building an additional room.

ESTIMATES UPON REQUEST

St. Bernard's Court, M.C.O.F., 50 Years Old

Observes Golden Anniversary Monday At West Newton

St. Bernard's Court, Massachusetts Catholic Order of Foresters, observed its 50th anniversary on Monday night, Sept. 26, at the Catholic Club, West Newton. Following a dinner, Chief Ranger James Kivlehan of the Court opened the anniversary exercises. He called attention to the fact that the Court, which started with 25 members, now has 424. He told of the accomplishments of the Court during the 50 years of its existence, of the social entertainment it has provided and of the relief it has given to its members and their dependents. He then introduced Joseph Curran as toastmaster. The speakers included Rev. Michael J. Danahy, Rev. William T. O'Brien, Hon. Edwin O. Childs, Mrs. Helen I. Galvin, High Chief Joseph Sheehan of the High Standing Committee of the Order, and Street Commissioner George Stuart. Vocal solos were given by Mrs. Galvin, Miss Margaret Earle and Patrick J. Lally with Miss Mabel Kivlehan as accompanist. Many members of Middlesex Court of Newton were present.

Four of the charter members of the Court are still living. They are Dennis Barry, George Martin, James McEneaney and Dennis O'Donnell. Of these, Mr. McEneaney was present Monday night. The installation of the newly elected officers of the Court will be held on Monday, Oct. 10. The first woman to be elected as a Chief Ranger of this court, Miss Mary Keefe, will be inducted into office.

MIDDLESEX COURT ELECTS OFFICERS

Middlesex Court, M. C. O. F. held its annual election of officers on Tuesday night in Elks Hall. Those elected were: Kathryn C. Hannon, Chief Ranger; Mary T. Shea, Vice Chief Ranger; Marion Goode, Recording Secretary; Thomas F. Bryson, Financial Secretary; Thomas F. Fitzgerald, Treasurer; Ruth Goode, Senior Conductor; Katherine Donnelly, Junior Conductor; Mrs. Katherine Hannon, Inside Sentinel; Joseph Furragher, Outside Sentinel. Delegates to Convention—Mary Blake, Elizabeth Dunn, Thomas Fitzgerald, Mrs. Mary Leahy, James McDonald, Eleanor Mulcahy, Margaret Vahey, Kathryn Hannon, Mary T. Shea, Thomas Bryson, Marion Goode, Katherine Donnelly, Elizabeth Blake, Mary Buckley, Catherine Conroy, Mrs. Mary Mulligan, May Mulligan, Lillian Shea, Ruth Shea, Mrs. Mary Vahey, Ruth Vahey.

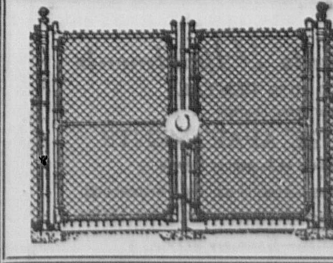

The installation of officers will take place on October 11th, and a committee is arranging details.

NEWTON SHAMROCK CLUB

On Thursday, September 22nd the Shamrock Club of Newton were the guests of one of their members, Mrs. Michael Shea, at her summer home in Scituate. Following a dinner at Hugo's a shore drive was enjoyed along the beaches in the vicinity. Arriving back at the cottage whist was played, after which a supper was served. The members returned to Newton at 7:30.

FIELD OF SERVICE BROADENED

The inauguration of the Community Chest plan in Newton is under way. It is being organized to serve as a sort of clearing house for the contributions of Newton citizens to various philanthropies. Mr. Leon B. Rogers, president of the Mayor's Relief Committee for the past two years, becomes the head of the Community Chest. The selection is admirable. While it is probable that there are a number of leading Newton citizens qualified for the position there is not one who would assume the duties that such a position carries with more sincerity and enthusiasm for the task. As head of the Mayor's Relief Committee, Mr. Rogers, for many years a public spirited citizen of the highest type, has performed a truly wonderful task. The local committee's work has been so perfectly organized and carried out so efficiently that the method has been nationally cited and copied in many places throughout the country. Although Mr. Rogers' resignation as head of the Relief Committee was necessary in order for him to assume the leadership of the Community Chest movement the former body will still have the benefit of his advice. The new position broadens the service which Mr. Rogers is rendering to the benefit of the entire community.

PRO AND CON

In last week's issue we printed a letter from a tax-payer who was the low bidder on a recent contract for the Water Department who was not awarded the contract. This week we are glad to print the reply of the city officials. We can only emphasize that our part in the controversy is only to present the facts as given us. This we are glad to do on any matter. In this instance the question is apparently a difference of opinion between the low bidder and city officials. While in most cases the low bidder, provided materials and equipment meet the specifications, normally should expect to obtain the contract it is conceivable that at times the present situation should arise. We do not doubt that the low bidder feels duly justified in his complaint. On the other hand, neither can we doubt the sincerity of the city officials in following a course which, in their judgment, is for the best interests of the city.

SUCCESSFUL CARD PARTY

Mrs. Charles R. Lynde of Walnut street, Newtonville, held a very successful card party at her home on Monday of this week. About one hundred guests attended, and the proceeds are for the benefit of Lucy Jackson Chapter, D. A. R. This is the first of a series of card parties sponsored by this Chapter. The second will be held at the Chapter House, in Newton Lower Falls, on Monday, October 24th.

DEATHS

ELWELL; on Sept. 21 at 12 Circuit ave., Newton Highlands, Mrs. Mary J. Elwell.
JOYCE; on Sept. 22 at 31 Woodrow ave., Newtonville, John Joyce, age 79 yrs.
CARMODY; on Sept. 23 at 7 Nonantum place, Newton; James F. Carmody, age 12 yrs.
GREGORY; on Sept. 25 at 377 Walnut st., Newtonville, Mrs. Annie L. Gregory, age 73 yrs.
HOLMES; on Sept. 26 at 237 Park street, Newton, Mrs. Lulu J. Holmes.
FARRELL; on Sept. 26 at 334 Linwood ave., Newtonville, Mary E. Farrell.
RUSSELL; on Sept. 26 at Turner, Maine, J. Porter Russell of 40 Shorncliffe road, Newton, age 55 yrs.
DONNELLY; on Sept. 29 at 38 Manomet road, Newton Center, William H. Donnelly, age 53 yrs.
GILPATRICK; on Sept. 28 at Whitden Memorial Hospital, Everett, Clarence Gilpatrick of 441 Albermarle road, West Newton, age 29 yrs.
MILLER; on Sept. 29 at 206 Waltham st., West Newton, Mrs. Maria Miller.

Will Open City Hall

The new city hall at the "triangle" will open for business on October 15. The old city hall will be closed on October 14 to enable the removal of records and such equipment as will continue to be used at the new building.

RED CROSS SHIPMENT APPRECIATED

The Newton Chapter, American Red Cross, recently received the following acknowledgment of a gift to the local veterans hospital at Bedford which consisted of bath-robes, sweaters, and socks.
"We recently received a shipment of wearing apparel for patients at this hospital, with the advice that these articles were donated by your chapter. Please accept our sincere appreciation for this gift which will be used for the comfort and welfare of our patients." Signed, Winthrop Adams, M.D., Medical Officer in Charge.

MARY E. FARRELL

Mary E. Farrell of 334 Linwood avenue, Newtonville, died on September 26, of pneumonia, following a brief illness. She was born in Newton 39 years ago the daughter of Christopher J. and the late Anne Hargaden Farrell. She was employed at the Newton High School cafeteria. She is survived by her father; a sister, Mrs. Harold Shea; and two brothers, John and Joseph Farrell. Her funeral service was held Wednesday morning at the Church of Our Lady. Burial was in Calvary Cemetery.

When You Were a Boy of 5 Your Father Couldn't Do This For You

When you were a boy there was no Annuity contract by which your Father could start a regular monthly income for you at the age of 60. Now there is a contract by which a \$100 per year investment will guarantee \$105.82 per month Annuity income for life after your son, now 5, reaches 60. Annual dividends in addition.

ONE THING AND ANOTHER

By L. D. G. Bentley

Campaign promises are free and plentiful, but who wants 'em?

"Swindle Sheets"
Everybody, especially "movie" patrons, has become pretty familiar nowadays with the ways of the reporters of metropolitan newspapers who are assigned to criminal cases. There has been a flood of "talkies" in which these men and women have been shown hunting a murderer or running down the details of a great crime. There are times when the picture is authentic and others when it is overdrawn.

The fact that something "breaks" out of a clear sky explains why reporters are hurried to a small town without more than a few minutes' notice. Recently a group of them descended on a Massachusetts town to trace a woman's disappearance. You must have read something about it if not all. One of these reporters grabbed his hat and jumped into an automobile with no preparation. Consequently he was somewhat annoyed when he found that he must stay in the town for a number of days, possibly a week, without any of those things we all need when we go away for a visit. He telephoned his home to have his bag packed and forwarded, but even then there was a delay. His shirt had become soiled and he bought a new one. So far, nothing unusual about that.

But after it was all over and this reporter was making-out his expense account he decided to add an item of \$2 for the shirt. But no auditor would allow that, and the reporter knew it. There are, however, a few things that a newspaper does permit its men to charge for while on a big assignment. It was one of these that this reporter used to the cost of a new shirt. Thus he wrote—and got away with it, too—"entertainment, \$2."

Dismal Days

"If it isn't too late," writes one of the strongest supporters of this column, "I have a few vacation reminiscences, but I can't crowd them into a few snappy lines. My feelings are too great. When I first returned to Newton and intimate friends suggested that I tell them about my vacation I replied, 'Words fail me.' At that time I meant what I said. Now that I have come to think more about it my desire is to write at length. Only the fact that you wouldn't consider a long screed keeps me from turning-out volumes."

"This Summer, my wife and I sent the children away to camp, rented our little shore cottage (we were lucky, weren't we?) and went to board at a nice sort of place where the food was good, the beds comfortable and the surroundings congenial. Yeah, all but the people. I mean, some of them."

"I was tired this Summer and spent more time sitting on the veranda than ordinarily. Guess I'm getting old. Well, anyway I joined the rocking-chair bunch without any urging and that means that whatever happened to me I brought on myself. If you've ever been obliged to talk to strangers just because they happened to be boarders under the same roof you will know what I mean. One man, whom I will never forgive, meant all right but he wanted to talk politics. At first I jumped at a chance to air my views and get a lot of things off my chest that had been troubling me. There was where I made a mistake. This man took it for granted after that, that I was a student of economics. I was willing to let it go with one long speech on my part. Not he. Every day he would bring me something to read. Either a newspaper editorial, and he subscribed for New York and Boston papers, or a magazine for a clipping someone had mailed to him. Imagine what my life was after that. I called him 'Old Ear-Ache' and my wife told me I ought to be ashamed of myself when I had such a good chance to learn something."

"Then there was another pest—an elderly lady—who had a way of finishing your sentences for you. Can you understand the kind? If you started to observe, looking up at the sky, 'Looks as if—', she would interrupt with 'might have rain' and then add, 'Well, we need it' and then she would proceed to give a discourse on the general subject of meteorology. If I attempted to remark that I had seen an attractive old house on one of the back roads she would break in with, 'O, I know what you're going to say,' and thereupon I would be frozen out of the conversation."

"I think I have already overwritten, as you would say, but if you will give me an hour of your time, or two or three hours, I'll fill a book."

Setting Politicians Straight

So you do get tired of politics? Strange, isn't it, or is it? Well, think of what the members of the State Ballot Law Commission have to go through. You've read a lot about them lately because of decidedly important cases, the details of which are given in the Boston dailies. If you were a member of the Ballot Law Commission you would have your fill of politics. Not only that but you would have to make decision, which would be even more depressing.

In Massachusetts a law has been set up whereby disputes over names on nomination papers, qualifications of candidates, places of legal residence and a thousand and one features of the election laws may be arbitrated. There are three members of the commission. They are well known attorneys whose services are worth far more than the \$500 a year the State allows them. The law says they cannot be all of one party. At present two are Republicans and one a Democrat.

Aldermen and Taxi Owners Confer On New Regulations

Taxi Men Object To Meters And Insurance

A long conference was held at City Hall on Wednesday night between the members of the Licensees Committee of the Newton Board of Aldermen and about 25 owners of taxi cabs in this city. Several proposed changes to the ordinances regulating taxi cabs in Newton were discussed at length. One change would compel all taxis in the city to carry meters and to charge fares at the rate of 25c for the first half-mile; 10c for each additional quarter-mile; and 10c for each additional amount of \$1000. It was also proposed rule would compel each taxi to carry property damage insurance to the amount of \$1000. It was also proposed to have a rule forbidding taxis from conveying passengers who are disorderly, or from carrying drunken persons, except to their own homes.

Of the 26 taxi owners present, 24 opposed having meters in their cabs. The two who favored this plan are from Auburndale and have cabs equipped now with meters. All the taxi owners opposed the property damage insurance as it would place another heavy financial burden on them and they contend that the new State law, which revokes the license of anyone who does not settle a claim for having damaged property, when ordered to make such settlement by a court, takes care of this matter.

Steals Load of Furniture; Gets 3 Months in Jail

Harold O. Davis of 354 Pearl street, Cambridge, was sentenced to serve three months in Middlesex County jail by Judge Bacon in the Newton court on Wednesday. Davis was engaged by N. L. Walzer, formerly of Franklin street, Newton, to move his household furniture to Leon, Iowa. He took the furniture from this city some weeks ago and when it did not arrive in Iowa after a considerable time had elapsed, Walzer complained to the Newton police. Davis was arraigned in the Newton court several weeks ago and his case was continued twice when he claimed that the non-arrival of the furniture was caused by his truck being re-possessed, but he would deliver it during the past month. He failed to keep his promise.

NEW CLINIC AT OSTEOPATHIC HOSPITAL

Two new clinics have been established at the Massachusetts Osteopathic Hospital, 43 Evergreen street, Jamaica Plain. One is for the treatment of the hard of hearing and the other is for the benefit of the asthmatic. Application may be made any week day, except Tuesday, at 8 A. M. at the hospital.

TAYLOR STUDIO OPENS THURSDAY

The Ruth Taylor Studio in Elocution in Newtonville will open on Thursday, October 6th. Besides elocution, the studio offers courses in public speaking and dancing. A class of 25 young women was enrolled last year. The studio is located at 297 Walnut street.

Of course the commission sits only when the voters are doing their stuff, which is once in two years. The commission hasn't any office. It is sort of tied up with the Secretary of State but only because the handling of nomination papers and the distribution of ballots does not reside in the Secretary. Whenever the commission holds a hearing it is assigned a room by the Sergeant-at-Arms and there it listens to protests. Now a protest may be sound or it may be half-sound or it may be flimsy. The commission has to hear it no matter what it is. The principal reasons for protesting, if you follow the proceedings of the commission, is the contention that signatures on nomination papers have been forged. Other complaints are made, however, and these include the contention that a candidate does not reside in the district, that he has no right to be a candidate because he isn't registered, etc. There may be other things, too. The reasons that lie behind protests are not considered by the commission. They must rule on facts.

It is the duty of the commissioners to sit in a judicial capacity and listen. Any petitioner or person named in a petition has the right to summons witnesses and this is done at the expense of the State through the Sergeant-at-Arms' office. There is no limit to the number that may be summoned and consequently the testimony may cover several days. You can imagine what members of the commission must endure when the case is a trivial one.

As to decisions, the best part of them is that they are final. When the commission has ruled there is no appeal except to the Supreme Court and then only on technical grounds. The commission does not have to prepare a written decision. They vote that a name shall or shall not go on the ballot. They do not go into the end of the matter beyond suggesting that the criminal prosecutor of the county—the District Attorney—be notified.

Settling disputes is something which seldom appeals to the average citizen. That is really the commission's job. But in the meantime they must hear repetition of testimony and no end of talk on the part of attorneys. Can you, who are probably satisfied with sitting back and reading or listening over the radio about politics, envy these men?

Letters To The Editor

REPLIES TO STARKWEATHER'S LETTER

Mayor Sinclair Weeks and Water Commissioner Ellis of the City of Newton today replied, through the medium of the Graphic, to the communication of Mr. William G. Starkweather, published in last week's Graphic, in which Mr. Starkweather charged that his company, the Starkweather Engineering Company, was unfairly treated in the recent award of contracts for pumping and boiler equipment.

Both Mayor Weeks and Commissioner Ellis declare that the awards were made with their full approval and Mr. Ellis, replying more in detail, because of the technical nature of the subject, stated that the difference in cost between the Starkweather bid and that of the contract was more than offset by the lessened operating cost. Moreover, he points out, the installation cost would be higher if the Starkweather equipment had been selected. He declares also that every effort was made to consider fairly the Starkweather proposals and that this bidder was even permitted to submit informally three weeks after the date of the receipt of bids, a supplementary calculation sheet.

Mayor Weeks' letter to Mr. Starkweather follows:

September 27, 1932.
Mr. William G. Starkweather
Starkweather Engineering Company
79 Milk Street
Boston, Massachusetts

Dear Sir:
I have yours of September 17th, concerning the award of the contracts for the pumping and boiler equipment to DeLaval and to the Erie City Iron Works. The facts relating to the bids were made known to him by Mr. Ellis, Water Commissioner, and the Department consultant, George A. Sampson, and having complete confidence in the integrity and judgment of these men, who have the responsibility of this matter on their shoulders, the award was made with my full approval.

Since you have, without advising me, chosen to carry on this correspondence in the public press, I shall have to ask you to look in this week's Graphic for further particulars concerning this matter.

Very truly yours,
SINCLAIR WEEKS, Mayor.

Detailed reply to Mr. Starkweather's published complaint written by Water Commissioner Ellis, is as follows:

"A letter written by Mr. W. G. Starkweather of the Starkweather Engineering Company and addressed to Hon. Sinclair Weeks, Mayor of the City of Newton, but evidently prepared primarily for publication, recently appeared in the columns of the Graphic. This letter may have somewhat clouded the action of the Water Department in making the recent award of the contract for pumping equipment. Certain facts might well be publicly explained.

Several proposals were received on June 15th for furnishing, delivering and erecting steam turbine pumping and generating equipment. Of these several proposals, ranging in price from \$66,500 to over \$90,000, the three lowest were enumerated in Mr. Starkweather's letter.

"In addition to the base proposals, several of the companies submitted alternate proposals of equipment as specified, but more efficient and somewhat more costly than the submitted proposals as a base bid. Inasmuch as each of the several proposals submitted were in detail and covered many pages, it would have been impracticable at the time of opening to have read in detail even one of the same. Accordingly only the base price quoted in each case was at that time read and the alternate proposals being amendments to the base bids, were not figured until later.

"At the time of the opening of the proposals no request was made by any of those present for any further information, although each bidder knew alternate proposals were filed.

"Each concern presenting a proposal was required to furnish guarantees of performance under several loads and it was necessary from the data submitted to select that equipment which would yield the greatest advantage to the City as a capital investment.

"The equipment selected was that proposed by a reputable concern, The Turbine Equipment Company of N. E., whose President is a former partner of Mr. Starkweather's and whose principal equipment proposed is manufactured by the DeLaval Company, a concern recognized as being preeminent in the manufacture of similar equipment. The difference in first cost involved between the low bidder and that of the contract is more than offset by the lessened operating cost which would result from the higher guaranteed duties.

"It might also be called to the attention of the public that while the actual difference in first cost as proposed was \$7,558, the designs as submitted by Mr. Starkweather were such that their installation cost would have been considerably higher, thus reducing the difference materially.

It should furthermore be explained that the original guaranteed duties as submitted by Mr. Starkweather in his formal proposal were much lower than those figures which he refers to as having been changed.

A supplementary calculation sheet dated July 6, 1932, submitted informally by Mr. Starkweather, and not a part of the formal proposal, but three weeks subsequent to the date of the receipt of bids, on its analysis proved to have been incorrectly figured. The fact that consideration was given to increased duties submitted informally by him and after the date set for the receipt of all proposals is clear evidence that every effort was made fairly to consider the proposal submitted by the Starkweather Engineering Co.

Mr. Starkweather makes no mention in his letter of the fact that in addition to his original layout plan which accompanied the formal proposal he was permitted to present two addi-

tional plans. None of the three proposed layout plans as submitted by his concern would have made as satisfactory an installation as would those submitted by the other bidders.

"In selecting the equipment for this plant, the City of Newton employed an outstanding water engineering firm, Weston & Sampson. Plans, equipment and cost were thoroughly examined by the special water committee of the Board of Aldermen and his Honor the Mayor. The award of these contracts had the approval of the experts so employed."

(Signed) RICHARD H. ELLIS,
Water Commissioner,

A TRIBUTE TO MRS. SPEAR

September 25, 1932.

To the Editor:
To one who worked closely with Mrs. Ellis Spear, Jr., during the days before the Primaries, the method of her campaign is even more appreciated today than at any other time.

Her sincere desire to stand on the merits by which her friends knew her worth, her firm determination to "carry on" absolutely "in the open," and her continued emphasis on honesty in every particular may well justify the women of this city in being proud of the first woman candidate for nomination to a state office. That she carried her own Ward and was third among the five contestants for the two offices is worthy of note even though she failed to win the ultimate victory.

Whether we are glad or sorry that equal suffrage prevails the fact today is that part of that responsible privilege is ours, and if a line of cleavage sometimes is drawn between the men and women in this regard (and it appears that it is done occasionally) the Newton women may hold their heads high when they remember the woman who cared and dared to make the first attempt to gain public office, and who was just as brave in her defeat as in her efforts to win.

—The opening meeting of the Home Department was held in the Congregational Church on Wednesday afternoon. Miss Lullona Barker was the speaker.

—Mr. Wright the new Director of Religious Education will be introduced to the young people at the Centenary Methodist Church on Sunday evening at 6:30. The attendance contest for members of the Junior Church will start Sunday.

WOMAN'S BIBLE CLASS HOLDS "RECOGNITION PARTY"

Each member of the Woman's Bible Class of the Newtonville Methodist Episcopal Church School has acted the role of "Special Sister" to another member of the class during the summer being careful to keep her identity a secret. This novel idea was put into action at the last meeting of the class before vacation when each woman was given an envelope containing the name, drawn at random by a committee, of the one to whom she was to be a special sister until a recognition party which was to occur early in the fall.

This party was held on Tuesday evening of this week when the members of the class were hostesses to the adult members of the congregation. Dr. W. J. Lowstuter, the class teacher, conducted a short devotional service after the secretary called the roll and the members responded by rising and making known their identities to their adopted sisters. As almost none had guessed these correctly, there were many surprises. All sorts of ruses were resorted to during the vacation, cards and letters with misleading postmarks, candy, flowers and home-made cookies delivered by go-betweens. One member carried off the role all summer to her own daughter, very successfully.

Mrs. C. E. Thyng and Mrs. Walter F. Burt, joint chairmen of the social committee of the class, served pie and cheese with coffee and grapes to the guests, about ninety in number.

Appointed Dean Of Normal School At Second Church

West Newton Church To Offer
Religious Instruction To
Young People

The Committee of Religious Education, under the chairmanship of Mr. Carl E. Pickhardt, announces the establishment of a new department in the Second Church in Newton, West Newton. This department will be devoted to advanced work in the Church's educational program. It will be comparable to a normal school in which selected young people of mature minds and outstanding abilities may enroll. Students registering in this Church Normal School will be equipping themselves not only to be successful church school teachers, but moreover, they shall receive academic religious instruction which should be of great value to them regardless of their collegiate training or the vocations which they may choose.

HERBERT C. MAYER

In order to complete the requirements set forth by this new department of the church, a student must register in and do the prescribed work of six courses of ten hours each. The names of the courses are: The Study of the Pupil, Principles of Teaching, The Old Testament, The New Testament, The Message and Program of the Christian Religion, and Supervised and Practice Teaching. Two years will be required to complete these six courses. They will be taught by instructors of university standing. Mr. Herbert C. Mayer, an authority in the field of leadership-training in religious education, has been appointed dean of this new school.

This new plan has been explained to a selected group of young people of the Second Church, and already twenty of them have indicated their intention of registering for the first term which will begin Sunday, October 9. Further information regarding this normal school may be secured from Mr. Herbert C. Mayer, the dean of the school, Mr. Frank H. Grebe, the director of religious education, or Rev. Boynton Merrill, D.D., the minister of the Second Church.

Newtonville

—Miss Cora E. Snow of Newtonville avenue spent the week end at Cascade Camps at Saco, Maine.

—Mrs. Allan J. MacQuarrie entertained the Monday Club at her home, 28 Brookside avenue, on Monday. At elected president and Mrs. Elmer J. Keene secretary and treasurer of the club.

—October 2-9 will be observed as Education Week at the Central Congregational Church. Sunday will be observed as Rally Day in all departments of the Church School. There will be an informal reception by the young of the church to Mr. and Mrs. Keubler in the evening. Mayor Weeks will address the Men's Club on Monday evening.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Newton Upper Falls Woman's Club

The Newton Upper Falls Woman's Club has the honor of welcoming at its first meeting of the year on Monday night, October 3rd, at 8 o'clock, in the club rooms of the Emerson School, as their guest of the evening, the State Federation president, Mrs. Frank P. Bennett. An attractive program has been planned and the Club members hardly need be urged to start the new year with a fine attendance, under such happy auspices.

Christian Era Study Club

The Christian Era Study Club will hold its first meeting of the Club Year at the home of the new president, Miss Margaret Haskell, on the afternoon of Monday, October 3rd. A very interesting program has been arranged, the subjects of which will be confined to important persons and events during the last quarter of the Nineteenth Century, 1875 to 1900. The former president, Miss Ella B. Smith, has chosen the subject, "Archeology," which she will present at the first meeting.

Newton Highlands Woman's Club

The first Fall meeting of the Newton Highlands Woman's Club will be held in the Congregational Parish House, on October 4th, at 2 p. m., with the new president, Mrs. Theron B. Walker, in the chair.

Mrs. Ralph Lewis, the Club delegate to the State Federation Meeting in Swampscott last May, will give a report of that meeting.

A very popular speaker on the lecture platform at the present time, Dr. Samuel Macauley Lindsay, pastor of the Brookline Baptist Church, will lecture on Current Events. Dr. Lindsay has spent this summer in Europe, and he comes to the Club with a wide knowledge of world affairs and with information on their latest developments.

Tea will be served.

Auburndale Review Club

Another year of Contemporary Literature has been planned for the Auburndale Review Club which opens on Tuesday, October 4th. Mrs. Amos R. Wells, of 40 Williston road, will be the hostess for this first meeting, which will start at 8 p. m.

Two of this season's books will be reviewed: Mrs. Harold Knowlton will read from the "Life of Edison," and Mrs. George Martin will review "Life of Mark Twain."

A box luncheon will be enjoyed at the close of the morning's program.

Newtonville Woman's Club

A reception, preceding the formal opening of the forty-eighth season of Club activities will be held by the Newtonville Woman's Club on Tuesday afternoon, October 4th, from 2:30 to 5 o'clock, in the Newtonville Woman's Club House, on Washington Park.

This reception, the first formal meeting to be held in the recently acquired Club House, marks the beginning of a year of enthusiastic endeavor and diligent work on the part of every Club member.

During the afternoon, Artias de Volt, a solo harpist, will entertain the guests.

Receiving with Mrs. Herbert F. Blair, president, will be the three vice-presidents Mrs. Robert C. Kelley, Mrs. Merwin S. Giles, and Mrs. Bion Weatherhead, also Mrs. Edwin P. Crane, chairman of the House committee, Mrs. William L. Vosburgh, Mrs. Royal T. Lapham, Mrs. A. William Krause, and Mrs. Ralph W. Count. The president at the tea table during the social hour following the reception.

A new feature is being instituted into the program of work that the Drama committee has outlined for the coming year. In response to many requests, a class in "Posture and the Training of the Speaking Voice," is now in process of formation, a course of ten lessons, of two hours each, for \$5 is being offered to Club members, providing a class of twenty can be formed. This same course is open to non-club members for \$6.

The Drama committee feels most fortunate in securing the services of Hortense Creede Rallsback, who will conduct the classes, placing special emphasis on individual instruction. Mrs. Rallsback was at one time a member of the faculty of the Leland Powers School, of Boston.

These classes will be held on Monday evenings at 7:30 o'clock and on Friday mornings at 10:45. Anyone desirous of joining may receive any further information and may enroll in the class by calling Mrs. Percy E. Woodward, chairman of the Drama committee, W. N. 0787.

West Newton Women's Educational Club

A "Get-acquainted Meeting" for the members of the West Newton Women's Educational Club is scheduled as the opening one of the year. It will be held October 7th, at 2:30 o'clock, in the Unitarian Parish House, at which time the Program committee promises an interesting afternoon and hopes for a large attendance. The tea hour will be in charge of the Hospitality committee.

Following is a list of the officers for the coming year who will greet the Club members: President, Mrs. D. Edgar P. Hay; first vice-president, Mrs. John S. Franklin; recording secretary, Mrs. Roy A. Stinson; corresponding secretary, Mrs. G. Howard Frost; treasurer, Mrs. Sidney B. Sargent; auditor, Mrs. Malcolm A. Warren; and directors for three years, Mrs. E. A. Dockstader, Mrs. Ernest F. Robinson, and Mrs. Alfred E. Thayer.

State Federation

RADIO. Mrs. Charles Fuller, director of Radio for the Massachusetts State Federation of Women's Clubs, has found a most attractive offering to awaken interest and to pique curiosity of Clubwomen in what she terms A Personality Clinic as a radio feature for the coming year. There is, naturally, no more intimate a topic of appeal in the world, as Mrs. Fuller proves she knows her psychology, "you and yours," and to this Clinic will be brought advice and hints that, it is safe to say, will cause the formation of even more "listening in groups" than formed last year among Club friends, to "listen and grow wise." For this is what Mrs. Fuller promises will happen to those who follow the subjects taken up weekly in development of this theme.

Physical, Emotional, Mental, and Moral are the four phases which offer such interesting opportunities for discussion and suggestions. Physical attributes of personality which will be presented are Health, Animation, Enthusiasm, Pep, and departments of the State Federation which will contribute programs on these will be the Division of Public Health, Department of Conservation and Natural Resources, Department of American Home, and Department of Community Service.

Emotional attributes include Charm, Environment, Sociability, and Humanitarianism, and these subjects for radio programs will be contributed by the Divisions of Art, American Home, Mothercraft, Inter-Racial Unity, Community Service, Co-operation with Women's Club Institutes, Junior Membership, Social Welfare, and the Handicapped.

Mental attributes include Imagination and Charm—of which Pope said, "Charm strikes the sight but merit wins the soul." Contributors for these on programs will be the Divisions of Education, Music, Art, Literature, Motion Pictures, Inter-Racial Unity, Civil Service, and Citizenship, Legislation, Press and Publicity, and American Home.

The Moral phases of Personality will be contributed variously by all departments and divisions of the Federation. A prominent Club leader, when asked her opinion, truly said that "Success or failure of the individual is ninety per cent dependent upon personality. It is the wheel of life, the something that makes you, you, and me, me."

The regular weekly broadcast of State Federation items will be given each Saturday morning, from 11:30 to 12 noon, over station WBZ. The second of the series, program for which was announced in this Column last week, takes place October first.

The third, for October 8th, has a most appealing phase of this delightful new Personality Course, offered by Mrs. Roy C. Baker, chairman of the Division of Art, in the topic "Art As Applied To Personality." Newton Clubwomen will be glad to hear Mrs. Kenneth B. Hastings, "one of their own," of Newtonville, in violin solos. And, finally, a topic to arouse everyone's curiosity is the witty "A Dollar Down," which Mrs. Norman H. Hastings, chairman of the Division of the American Home, has chosen for a talk.

FALL MEETING. Delegates and Clubwomen who plan to attend the Fall Meeting of the State Federation at Framingham on Friday, October 14th, should order luncheon tickets before the 10th, of Mrs. B. J. Whittemore, Dennison avenue, Framingham. Provision is being made for ample parking space near the Municipal building for those who go by automobile.

RECEPTION. Mrs. Arthur Devers Potter, former State president and General Federation director, shows a thoughtful courtesy to state officers in opening her home on Main street, Greenfield, on Tuesday afternoon for a reception in honor of Mrs. Frank P. Bennett, State president; Mrs. Edward M. Cox, recording secretary; Mrs. Arthur L. Davis, director for District 15; Miss Phoebe Lee Hosmer, director for District 13, and Mrs. Reuben Gleason, Jr., State chairman of the Division of Press and Publicity. The Greenfield Woman's Club will be the hostess club for the event, from 3 until 5 o'clock.

EXECUTIVE BOARD MEETING AND CLUB INSTITUTES. The opening meeting of the State Federation officers, directors, and State Divisions will take place at the Y. W. C. A. building on Clarendon street, Boston, on Thursday, October 6th, at 10:30 a. m. The morning session will be devoted to Division and committee meetings with Club Institutes convening in the auditorium of the Y. W. C. A. At 1:30 P. M. the Executive Board Meeting will be held. Mrs. Frank P. Bennett, State president, will meet clubwomen by appointment during the morning.

New England Conference

The Mountain View Hotel, Whitefield, New Hampshire, is the delightful setting for the twenty-second annual meeting of the New England Conference of State Federations of Women's Clubs, for three October days, the 18th, 19th, and 20th. Autumn colorings in views of the White Mountains will alone make the journey to this old New Hampshire town worth while, especially for Clubwomen who plan to motor up and back. But besides this, and the pleasure of friendships and new acquaintance, a splendid program is offered.

Mrs. Flora A. Spaulding, president of the hostess organization, the New Hampshire State Federation of Women's Clubs, will extend the greetings at the opening of the Conference at 2:15 o'clock on the 18th, Governor John G. Winant will give the greetings of the State, and Mrs. Edward H. Whitney, chairman of the New England organization, of Rhode Island, will give the response.

R. C. Maddox, of the New England Council, will give an address on "New England's Five Million Dollar Industry." In the evening there will be a reception to Mrs. Grace Morrison Poole, president of the General Federation of Women's Clubs, followed by a dinner at 7 o'clock. Mrs. Poole will address the Conference on the subject, "Come, Let Us Reason Together."

Wednesday morning, at 8:30 o'clock, Mrs. Thomas J. Walker, of the Massachusetts Federation, will conduct a Club Institute, John F. Tinsley, vice-president and manager of the Crompton and Knowles Loom Works in Worcester, will speak at the morning meeting on "Why We Must Cut the Costs of Government."

The principal address of the afternoon, given by Mrs. Herbert Y. McMullen, chairman of International Relations in the General Federation, will have the subject, "The Sino-Japanese Situation." The evening will be devoted to music, with singing by the New Hampshire Federated Chorus, conducted by Mrs. William C. Chapman of Keene. Mrs. H. H. A. Baech, the composer, will give a lecture recital.

Mrs. George F. Morris of Lancaster, N. H., will conduct a Round Table Conference Thursday morning, in which the States will be represented by their presidents. The morning will close with a business meeting including the election of officers.

The officers of the Conference besides Mrs. Edward H. Whitney, of Rhode Island, who is chairman, are Mrs. George H. Stoughton, of Connecticut, vice-chairman; Mrs. George F. Morris, of Lancaster, N. H., secretary-treasurer, and Mrs. George W. Hendrick of Nashua, N. H., chairman of publicity.

RECENT EVENTS

Newton Highlands Garden Club

The first meeting of the Garden Club of Newton Highlands, which was held at the Work Shop on Wednesday, September 21st, inaugurated the Fall Flower Show which proved to be a most interesting experiment. There were 35 members present and a talk on "How To Judge Our Exhibits" was given by Mrs. Ward Cornell. The members then proceeded to judge their own exhibition, which was quite an innovation.

The Show was divided into five classes: Class I—Single Specimen of the Outstanding Flower in Your Garden—awards were won by: First, Mrs. Haberstroh; second, Mrs. E. J. Smith; and third, Mrs. Merry; Class II—Single Specimen of Rose—awards were won by: First, Mrs. Stetson; second, Mrs. Weaver; and third, Mrs. Cooper. Class III—Frazier Zinnias (the seeds being sent in the spring to each member by Mrs. Fraser, of California)—first, Mrs. Godsoe; second, Mrs. Gray; and third, Mrs. Seward Jones. Class IV—Five, six or seven different flowers judged for perfection of bloom and arrangement—first, Mrs. Stetson; second, Mrs. Hayward; and third, Mrs. Haberstroh. Class V—An Arrangement of Garden Flowers with Harmonious Container and Background—first, Mrs. Godsoe; second, Mrs. Elder; and third, Mrs. Gibbs.

All exhibits were home grown. There were 27 members who exhibited, and 113 exhibits in all. Tea was served after the judging, and the Show was opened to the public from 5 to 9 p. m., when 125 interested and appreciative visitors attended the exhibition during those hours, and the first Fall Flower Show was voted an outstanding success.

The next meeting of the Garden Club on Wednesday, October 26th, promises to be extremely interesting to "Garden-minded" folks. Mr. E. I. Farrington, secretary of the Massachusetts Horticultural Society, is to give an illustrated lecture on "The Life and Discoveries of Ernest H. Wilson." As everyone knows, Mr. Wilson was connected for many years with the Arnold Arboretum, and his botanical pioneering in the far corners of the world have added more to the beauty of the garden, and to the pleasure of the gardener, than any other one man's.

MORTGAGEE'S SALE

By virtue and in execution of the power of sale contained in a certain mortgage given by Robert M. Kimball, of the County of Middlesex and Commonwealth of Massachusetts, and Edith D. Kimball, his wife, to the Newton Centre Savings Bank, dated February 23, 1928, and recorded with Middlesex South District Deeds, Book 5535, Page 466, of which mortgage, the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, will be sold at public auction on the 11th day of October, 1932, at ten o'clock A. M., on the premises hereinafter described in said mortgage, to wit: A certain parcel of land and the buildings thereon situated in that part of said Newton called Newton Centre shown as lot 108 on a plan called "Plan by French and Bryant, C. E., dated January 12, 1897, and recorded with Middlesex South District Deeds, Book 5535, Plan 27, bounded and described as follows:—

Beginning at a point on Westbourne Road and thence running southerly by said road on a curved line having a radius of 258.96 feet (258.96 feet) (69.11 feet); thence continuing by said road in a straight line nine (9) feet; thence running southerly by the line of the land formerly of Isenbeck, being Lot 2 on said plan, eighty-one and 2/100 (81.25) feet; thence running westerly by Lot 1 on said plan, eighty-eight and 2/100 (88.02) feet; thence running northerly in a straight line (59) feet to land now or late of Wright, and thence running easterly by said land of Wright as shown on said plan one hundred and 7/100 (100.72) feet to the point of beginning.

Containing 12,338 square feet, more or less.

Being the premises conveyed to said Edith D. Kimball by deed of Marjorie C. O'Brien recorded with said Deeds in Book 5293, Page 24.

The above-described premises will be sold subject to restrictions of record so far as the same are now in force and applicable and any and all unpaid taxes, assessments and municipal liens if any such exist.

Terms of Sale: Five hundred dollars to be paid in cash by the purchaser at the time and place of the sale and the balance within ten days from the date of the sale.

Other terms to be announced at the sale.

NEWTON CENTRE SAVINGS BANK, Present holder of said mortgage.

Commonwealth of Massachusetts

Probate Court

WHEREAS,

of Newton in said County, deceased, by his mother and next friend, has presented to said Court a petition praying that his name be changed to that of George Armstrong Ott for the reasons therein set forth:

All persons are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the tenth day of October A.D. 1932, at ten o'clock in the forenoon, to show cause, if any they have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton the last publication to be one day at least before said Court.

Witness, John C. Leggat, Esquire, First Judge of said Court, this twenty-first day of September in the year one thousand nine hundred and thirty-two.

LORING P. JORDAN, Register.

Sept. 23-30-Oct. 7.

MORTGAGEE'S SALE

By virtue of the power of sale contained in a certain mortgage given by Robert J. Gauvreau and Annie E. Gauvreau, wife of the said Robert J. Gauvreau, in her own right, both of the County of Middlesex, Massachusetts, to Louis H. LeVelle, of Brookline, Norfolk County, Massachusetts, dated September 18, 1931, and recorded with Middlesex South District Registry of Deeds, Book 5591, Page 263, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, will be sold at Public Auction on the first parcel hereinafter described on TUESDAY, OCTOBER 18, 1932 at nine o'clock A. M., all and singular the premises conveyed in and by said mortgage, to wit:—

A certain parcel of land with the buildings thereon situated in said Newton, being shown as Lot 108 on a plan entitled "Subdivision of the Town Estate in Newton owned and developed by Harry J. O'Meara, Rowland H. Barnes & Henry F. Beal, C. Eng's, March 1929" recorded with Middlesex South District Deeds as filed plan No. 806, and bounded and described as follows:—

Northerly by Cabot Street, seventy-one and 1/100 (71.15) feet; Northerly by the line forming the junction of Cabot and Center Street, as shown on said plan, forty-six and 1/100 (46.15) feet;

Easterly by Center Street, seventy-one and 1/100 (71.15) feet; Southerly by Lot 109 on said plan, ninety and 1/100 (90.15) feet; Westerly by Lots 110 and 107 on said plan, one hundred one and 1/100 (101.15) feet.

Containing, according to said plan, 10,000 square feet of land.

Subject to restrictions of record, if any there be, so far as the same may be now in force and applicable.

A certain parcel of land situated in said Newton, being a strip of land thirty (30) feet wide on the Easterly side of the above parcel, and bounded as follows:—

Northerly by the line forming the junction of Cabot and Center Street, as shown on said plan, forty-six and 1/100 (46.15) feet; Southerly by Lot 110 on said plan, thirty (30) feet; and Westerly by the remaining portion of said lot, ninety-four and 9/100 (94.93) feet.

Containing 2848 square feet of land, be all said measurements and contents more or less.

Subject to restrictions of record, if any there be, so far as the same may be now in force and applicable.

Both of the above described parcels are conveyed to Louis H. LeVelle by deed of Robert J. Gauvreau dated April 30, 1931, recorded with Middlesex South District Registry of Deeds, Book 5595, Page 328.

Both of the above described parcels are also conveyed to Louis H. LeVelle by deed of Robert J. Gauvreau dated April 30, 1931, recorded with Middlesex South District Registry of Deeds, Book 5595, Page 328.

The premises will be sold subject to the aforesaid mortgage, accrued mortgage interest, unpaid taxes, tax titles, and any other municipal liens and assessments, if any there be. Five Hundred Dollars deposit required and other terms to be announced at the time of sale.

LOUIS H. LEVELLE, Mortgagee.

Isaac E. Simons, Attorney,
20 Pemberton Square
Boston, Mass.
Sept. 23-30-Oct. 7.

MORTGAGEE'S SALE

OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by William T. Halliday, of the County of Middlesex, to the Newton Mortgage Corporation, of Newton Middlesex County, dated March 1928, and recorded with Middlesex South District Registry of Deeds, Book 5333, Page 54, of which mortgage, the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described, on Tuesday, September 27, 1932, at eleven o'clock in the forenoon, all and singular the premises conveyed by said mortgage, and therein described, to wit:—

The land on Bradford Road in that part of said Newton called Newton Highlands, being Lot 17 on a plan made by S. J. E. dated January 1919, and recorded with Middlesex South District Registry of Deeds, Book 3347, Page 167, and bounded and described as follows:—

Beginning at a point on the Northeast side of said Bradford Road, the Northwesterly corner of said Lot 17, thence running Easterly by Lot 18 as shown on said plan, one hundred and 7/100 (100.72) feet; Southerly by land now or formerly of Campbell, sixty (60) feet; Westerly by land now or formerly of said Barney Heirs, sixty-five (65) feet; and Northerly by Bradford Road, to the point of beginning, sixty (60) feet.

Said premises will be sold subject to any and all unpaid taxes, tax titles, municipal liens and assessments, if any there be.

Other terms to be announced at the sale.

Signed FRIEND LUMBER CO., INC. By Frank C. Friend, President.

Attest: President of said mortgage, dated August 16, 1932.

Notice is hereby given, that the subscriber has been duly appointed administrator with the will annexed, of the estate of George Armstrong Ott, of the County of Middlesex, deceased, testate, and has taken upon himself the duties of said office.

Gang Shooting At W. Newton Stopped By Policeman

A gang shooting, such as has made Chicago famous, or infamous, occurred at West Newton on Tuesday afternoon about 2 o'clock. Although three shots were fired at three men from Newton and Watertown by gunmen from Boston, no casualties occurred, either because the attackers were pre-arranged, or their purpose was to frighten rather than to kill. They certainly frightened their targets who did some rapid zig-zagging while the fracas was in progress. The affair might have had a more serious ending but for the chance arrival of Special Officer George Mullen of the Newton police on the scene. Mullen was driving along Washington street towards West Newton when he observed a disturbance near the filling station at the corner of Washington street and Kompton place.

Alighting from his car he was informed of the shots which had been fired and drawing his revolver he started to interfere in the battle. The gun men, while Mullen was talking with his informant, drove at him and he had to jump rapidly to avoid being run down, first by a car containing two gangsters, and then by another car driven by a lone gun man. Mullen then ran toward three other men who had been shot at by the fleeing gangsters and captured this trio at gun point as they attempted to enter another automobile. He took them to police headquarters where they identified themselves as Dominic Caliguri, 43 Rivendale street, Nonantum; Bruno Caliguri, 91 Watertown street, Watertown; Guy Mannarino, 72 Riverside street, Watertown. They disclaimed any knowledge of their attackers or of the reason why they were shot at. The police are convinced that the shooting was the result of rivalry in the "nigger pool" racket.

71 APPLICANTS FOR TELEPHONE JOB AT NEW CITY HALL

The position of telephone operator at the new City Hall will be given to one of three names certified by the State Civil Service Commission. Seventy-one women and girls have applied for the job. It was supposed that this position was to be filled by appointment from the Mayor's office, but as the position comes under Civil Service, the names of the three will come from the commission and the fortunate one will be appointed through the office of Buildings Commission. The man who has charge of the building.

Y. M. C. A.

Gymnasium Classes
Monday will start the meetings of the Boys' and Men's Gymnasium activities. During the past two weeks the gymnasium has been thoroughly cleaned and repairs have been made in anticipation of this event. The gymnasium class schedule will be about usual with one or two minor changes. There will be five divisions of Boys' Classes which will be directed by Mr. V. A. Anderson, Associate Physical Director.

The Juniors (10 to 12 years) and Junior High School boys will meet on Tuesday and Thursday afternoons and on Saturday mornings, and another Junior Class for boys who cannot come at this time will meet on Monday and Wednesday at 4:15 P.M. and on Saturday morning. The High School Class will meet as before on Monday, Wednesday, and Friday afternoons and the Employed Boys on Tuesday, Thursday and Saturday evenings. During the early part of the season the two Junior Classes and the Junior High School Class will meet on the athletic field adjoining the building for soccer and tag football. In addition to these Classes, a Morning Gymnasium Class for the boys who attend school during the afternoon, has been added. This class will meet on the Gym Floor on Monday, Wednesday, and Friday at 10 A.M.

The two Men's Divisions in the Gymnasium will continue to meet on Monday, Wednesday, and Friday under the direction of Physical Director Richard B. Simmons, the Class for Business and Professional Men at 5:15 P.M. and the Young Men and Seniors at 8:15 P.M.

Open House
Members of the Y. M. C. A. are preparing activities for the Open House program to be held on Monday evening, October 10th, in connection with the "Founder's Day" program of the Association. October 11th is the 111th anniversary of the birth of Sir George Williams, founder of the Young Men's Christian Association. In the Physical Department program these men are working up special programs in these activities under the direction of Mr. E. Graham Bates.

It is planned to have outstanding representatives of these activities take part in these demonstrations. The Open House is being planned for the members of the "Y" and their friends.

Newton Upper Falls

—The Senior Epworth League of the M. E. Church will meet at 5:45 p. m. Sunday. Rev. G. Vaughn Shedd will be the speaker using the subject, "The Transforming Friendship."

—The Sunday School of the M. E. Church will have a Rally Social next Thursday at 8 p. m. for the young people and adults. There will be a special musical program and readings.

—The Armenian Mothers' Club of the Methodist Episcopal Church will have a Social Evening at the Church next Wednesday at 7:30 p.m. Dr. P. Pelapian of Watertown will be the speaker.

About Town

In last week's GRAPHIC was an advertisement inserted by the Campbell Hardware Company of 261 Washington street, Newton. It told that this firm has for sale tropical fish, including angel fish, red moons, blue moons, zebra fish, fish with head and tail lights and fish with swordtails. As this was the most fantastic sounding collection of creatures we had heard of since pre-prohibition days, we went over to view them. We expected they might be about the size of gold fish. They are much smaller, more peppy and more interesting. They are tiny fish; minnows are larger. The native soil, or rather the native water of these fish is in South America, Africa and other tropical climes. But, for many years they have been bred in Germany and the wise Germans kept a monopoly on this business by shipping only male fishes to this country. Now, these interesting, tiny, piscatorial pets are being bred in the United States.

In the Campbell Hardware Company store are two aquariums. One contains guppies (or it may be guppies). These fishlets are slightly over an inch long, full grown, and very lively. Unlike Rhode Island Reds and most fishes, they don't lay eggs. They are viviparous and very prolific. If one has good eyesight, the young guppies may be seen swimming among the branches of the water-plants which furnishes oxygen for the occupants of the aquarium. It is a good thing for the baby guppies that they have this plant for a haven. Otherwise, the larger guppies would eat them. If they became hungry. This aquarium also contains a number of snails and fresh-water clams. These critters act as scavengers and keep the water in the aquarium clean. The clam will never be arrested for speeding. If he (or she) travels three inches through the sandy bottom of the tank in one day, it is going some, for a fresh-water clam.

The other aquarium contains several varieties of fish. The snail, or angel-fish, are the most attractive, the most dignified and the biggest eaters, although any of these miniature fishes eats but very little. Among the other fishes in this tank are the fast moving little zebras, those with phosphorescent lights in their head and tail, the blue and red moons (which are not moon shaped), and the kind with the sword shaped tails. It seems that these tiny fishes are rapidly increasing in popularity as pets. Like the guppies, several of the species are viviparous.

The absence of any motorcycle officers on duty nights this summer in Newton has caused a considerable increase in the amount of speeding one observes on our highways. This is particularly noticeable on Washington street with its new, smooth surface. It is hazardous for pedestrians to attempt to cross this wide street. It is also hazardous for motorists to drive onto Washington street from side streets when they have to make a left turn. Speeding is dangerous in the daytime. It is more dangerous at night, after darkness falls. Protection should be given the people of Newton against the increasing menace from "speeders."

A woman asks that we comment about a "new liberty" taken by LADY patrons of restaurants. This woman had lunch in a Boston restaurant the other day. Seated at the same table was a young LADY. Having completed eating her lunch, this fair young creature took out a vanity case, powdered her face and carminded her lips. This is common stuff, so it did not disturb our informant. But, the young LADY next extracted a comb from her handbag and proceeded to comb her hair, at the table. Perhaps this type of young LADY will next be carrying a corn chisel for use in public places and conveyances, especially with the stockingless fad in vogue.

DRUGGISTS HONOR NEWTON MAN

Wilfred Chagnon of the Hubbard Drug Company, 425 Centre street, Newton, was honored at the 23rd annual convention of the National Association of Retail Druggists held this week at the Hotel Statler in Boston. He was elected Chairman of the Transportation Committee for a term of 3 years. He was also chosen as one of the judges of the window display contest held during National Pharmacy Week, because of his knowledge of window display and store decorating. During the past few years the Hubbard Drug Company was awarded several silver-cups in window display contests.

WABAN MAN JOINS FRANCISCAN ORDER

Mr. Joseph C. Gillis left Sept. 25th to join The Order of the Franciscan Friars of The Atonement at Graymoor, New York. Mr. Gillis for the past six years has made his home with his Aunt and Uncle, Mr. and Mrs. John MacQuirk, 839 Chestnut St., Waban, where his two brothers William and Frank also reside.

Mr. Gillis is a native of Indian River, P. E. I. He is the son of the late Ella and John Gillis and a nephew of Monsignor Joseph V. Gillis of Burlington, Vermont.

He was educated at B. C. Evening High and by private tutors.

Read the "Comics" in today's Boston Globe.—Advertisement.

Didn't I tell you

I was getting a pair of
LITTLE SERGEANT SHOES

Ma took me down to
McCAMMON'S
and this is what I got

and was she surprised?
They're not expensive.
